MINUTES OF MEETINGS
OF THE
Board of Commissioners

January, 1925

NEWARK, N. J.,

January 6, 1925.

A regular meeting of the Board of Commissioners of the City of Newark, N. J., was held on the above date, in the Commissioners' Chamber, City Hall, Newark, at 11 A. M.

Present: Commissioners Brennan, Gillen, Howe, Raymond, Mayor Breidenbach.

The minutes of meeting of December 30th were read and approved.

The following communication was received and read:

November 24, 1924.

The Board of Commissioners,
of the City of Newark.

Honorable Sirs:

At its meeting of Nov. 20th, the Board

of Adjustment considered an application to amend the building zone ordinance so as to change the southeast corner of 13th Avenue and South 12th Street from residence to business, and which was referred to your Honorable Body for recommendation and report.

The Board of Adjustment desires to report that the northeast corner of this intersection is occupied by a gasoline station and public garage, and that the west side of South 12th Street is used for cemeterial purposes.

The Board of Adjustment respectfully recommends that this petition be granted.

Respectfully,

R. B. RANKIN, Secretary,

Board of Adjustment.

Commissioner Gillen: I move that the matter be referred to the Law Department to draw an ordinance, and that the recommendation be concurred in.

Mayor Breidenbach: Any citizen wish to be heard?

(No response).

The roll being called, the resolution was declared adopted by the following votes:

Yeas: Commissioners Brennan, Gillen, Howe, Raymond, Mayor Breidenbach.

Commissioner Gillen offered the following ordinance which was read by the clerk:

An ordinance to authorize the acquirement of lands on the westerly side of Bergen Street, between Bank and Cabinet Streets, in the City of Newark, New Jersey, for Hospital purposes, and providing for the financing thereof.

The Board of Commissioners of the City of Newark, Do Ordain:

1. That the plot of ground on the westerly side of Bergen Street, between Bank and Cabinet Streets, in the City of Newark, New Jersey, hereinafter described, shall be acquired by The City of Newark, either by purchase or condemnation, for hospital purposes, said land being more particularly described as follows:

BEGINNING on the west side of Bergen Street at a point distant 25 feet north from the corner of the same and West Bank Street; thence running along Bergen Street north 27° 30' east 25 feet; thence north 62° 30' west 100 feet; thence south 27° 30' west 25 feet; thence south 62° 30' east 100 feet to the BEGINNING.

Being Lot No. 289 on Map of

Thomas V. Johnson property made by Dunn & Thompson, Surveyors, October, 1852, and being also known as No. 79 Bergen Street, Newark, N. J.

2. That the total cost of the purchase of said lands shall not exceed the sum of Seventy-Nine Hundred Dollars (\$7,900.).

3. The sum of Seventy-Nine Hundred Dollars is hereby appropriated from the "Sale of City Property Account," for the purpose hereby authorized.

The ordinance having been read once, Commissioner Gillen moved that it be ordered to a second reading.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brennan, Gillen, Howe, Raymond, Mayor Breidenbach.

The clerk then read the ordinance by sections:

Title declared open to amendment.

Section 1 declared open to amendment.

Section 2 declared open to amendment.

Section 3 declared open to amendment.

The ordinance was declared open to amendment in all its parts.

The ordinance having been read a second time, Commissioner Gillen moved that it be ordered to a third reading.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brennan, Gillen, Howe, Raymond, Mayor Breidenbach.

Commissioner Gillen moved that the ordinance be taken up on third reading and final passage on January 13th.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brennan, Gillen, Howe, Raymond, Mayor Breidenbach.

Commissioner Raymond moved that an ordinance entitled "An ordinance to provide for the release and extinguishment of the public right arising from the dedication of Old Chadwick Avenue and Old Peshine Avenue from Clinton Avenue to Hawthorne Avenue," be taken for its third and final reading.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brennan, Gillen, Howe, Raymond, Mayor Breidenbach.

The clerk then read the title of the ordinance as follows:

An ordinance to provide for the release and extinguishment of the public right arising from the dedication of Old Chadwick Avenue and Old Peshine Avenue from Clinton Avenue to Hawthorne Avenue.

The ordinance having been read three times, was then declared to be upon its third and final passage.

The roll being called, the ordinance

was declared adopted by the following votes:

Yeas: Commissioners Brennan, Gillen, Howe, Raymond, Mayor Breidenbach.

Commissioner Raymond moved that an ordinance entitled "An ordinance providing for the vacation of Old Chadwick Avenue and Old Peshine Avenue from Clinton Avenue to Hawthorne Avenue," be taken for its third and final reading.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brennan, Gillen, Howe, Raymond, Mayor Breidenbach.

The clerk then read the title of the ordinance as follows:

The ordinance having been read three times, was then declared to be upon its third and final passage.

The roll being called, the ordinance was declared adopted by the following votes:

Yeas: Commissioners Brennan, Gil-
len, Howe, Raymond, Mayor Breiden-
bach.

Commissioner Raymond: I would like to bring some of my matters to the attention of the Commission. In reference to snow removal, we will have spent tonight about \$175,000 and we have made a very thorough removal of the snow, I think, in the central parts of the city, and our aim is to clear the main arteries, certainly as far as congestion is apt to occur in them, and tonight I think the city will be in such shape that we can lay off the large number of men we have employed and return to our employees. We will continue to operate the two steam shovels and they will do a lot of work for us, but I think we have gone as far as we should in expense. In looking over other cities nearby here I feel we have a remarkably clean city in view of the heavy fall, which was eighteen inches, and compared with other cities we have a remarkably clean city. I don't believe any other city in the country could show such an extensive area of cleared streets. It pays in our business centers and it expedites traffic on the main arteries, but I can't undertake to give all the citizens clear streets, nor keep most of the streets perfectly clear. There has got to be a point at which we stop work, and it is winter and there has been a snow fall and the snow will have to stay there on the sides of the street until nature removes it—in the streets that are now left. It would cost untold fortunes to make any more extensive cleaning than we have done. We have as large a program as any city and our bill will be \$175,000 by tonight.

That brings me to other matters which

I would like to bring up while speaking. I am coming in today, following a suggestion which was made, and which I think was an excellent one, and one of my own thoughts, too. I have tried to postpone all increases in salary until the budget for 1925 was made up. I have included all the increases which I am about to ask the Commission to vote for. They are very extensive. They include engineers and inspectors and foremen, and a general increase in the department. It is made necessary by the cost of living, by the fact that many of our foremen—take my street foremen—if you compare the work my street foremen do with the work any other officer does, I mean police officer or health inspector or any other—my men are certainly on a par with them. They are given a district and are supposed to keep it clean and remove the garbage and ashes and they are held to a strict accountability. They have a highly responsible position which involves the safety and comfort of people living in the city. I have increased them, I think to their maximum of \$2,280. That isn't much money for men who do the work these foremen do. I have done the same thing right through the department, without mentioning the details, and I have tried to be fair. I have given the matter months of consideration, with the Chief Engineers and others, and I have talked with the men, and I realize that it is a general increase but we cannot get good service if we don't pay for it. We cannot keep up the courage and enthusiasm of our men if we don't give them a living wage.

I have some special matters I would like to call to your attention. For instance, Mr. Goline Doremus has been found remarkably fitted for the work of

street cleaning. He has made a good record and has constantly borne a great burden in that work and we are very fortunate to have been able to have him develop himself here, as he has, under the assistance of Mr. Costello, but we can't retain an engineer who can do the type of work he does, who keeps the city constantly clean and keeps the thing constantly on a scientific basis of economy, and who can do the work that has been done in this snow removal, unless we pay him, and I am recommending a raise of \$1,000 for Mr. Doremus, making his salary \$5,500. Any city in the country would be glad to pay an engineer who could supervise such work as this, \$5,500. That would not be considered excessive anywhere. I shall apply to the Civil Service Commission for a change of his title to Supervising Engineer, but I think it better in the management of such a large bureau as that, that he have a title of that sort.

I have raised the Chief Engineer of the Division of Water, and I have increased the salaries of the other engineers in charge generally through the department, and I have tried to be fair to all, and above all to be fair to the taxpayers and see that they get a dollar in value for every dollar we spend of their money.

Now, in regard to labor, I have been obliged to increase my labor. I can't hold them unless I do. The shovelers in the Bureau of Sewers who are receiving \$29.00 a week, I will have to increase to \$31.50 per week. In the Bureau of Street Cleaning we will have to pay the shovelers \$31.50 per week, and the laborers the same as in the Bureau of Sewers.

Now in regard to the apparatus in the

Bureau of Street Cleaning, I would like to say a word to the Commission. When I took this Department over it had no apparatus whatever. There wasn't any. It had a lot of worn-out tumble-down wagons and miscellaneous horse-drawn plows, and nothing else. We have not only put in apparatus to replace what we have had, but we have expanded the scope of the work of the street cleaning department. We have put in heavy motor vehicles with flushers on them, and the more of these we have the better the people like it. We have demands all over the city for flushing of the streets. It is wonderful for cleanliness and it is very sanitary, and if the people want it they are entitled to it. Of course, these things cost money.

In reference to our snow equipment, we are lamentably lacking in what we have. I think if we had better snow equipment we could do the work cheaper. We want more snow shovels and plows. I am asking for a bond issue of \$150,000 to equip us in better shape, so that we can be in pretty good condition when we have used this money in that way. Those matters I shall bring up this morning.

I also would like to say—I don't want to take too long a time—but yesterday I held a public sale in pursuance of your recommendation of six and some fraction acres of Dock Property. Mr Adolph Segall paid \$150,000 for the fee simple title to these acres. They run along a margin of dock and street. The margin of dock and street constituted another tract in the transaction and was offered for lease. It was offered on a twenty-year lease and I asked bids on a rental on the basis of a lease of twenty years on that property, which is the water front, and it seems

to develop a sugar refinery it is necessary that they have dock front property. I realize there are difficulties about it, but I think you will remember when we made our minds up to change our policy we got the advice of the most distinguished and reputable engineers in the country Mr. Staniford and Mr. Goodridge, and they advised under all the circumstances it was the proper thing to do. There may have been an impression abroad that it was a hasty action on my part. It wasn't at all hasty but it was forced upon me through maybe two years of effort on the part of Dr. Kraemer to move this property, and we have been constantly met by the objection that they had to have control of the water-front in order to start it, and I felt, instead of being guilty of haste that I possibly might be charged with vacillation in not having taken some step before. It is a change of plans and I think will not in any way affect the development of the tract. It will not affect it as a great warehouse site, because our future depends upon the extension of piers out into the Bay, and the building of warehouses, and it depends on the extension of the in-land channel further in-land, where we are reserving land for it, and what we feel is that if we can get something started and get a going concern there, with a big business, it will be the best thing in the world for Port Newark. It needs a start, and Mr. Segal, who has made the deposit which the conditions of sale required, assures me that he has men of the highest financial standing interested in forming a company to go ahead with the business of sugar refining, which will bring in millions of dollars, and which will bring millions of dollars into the city. It is a fine proposition and I think the price is fair, and so this morning I shall ask you to approve that sale on my recommenda-

tion. The annual rental will be \$10,000 a year.

Commissioner Brennan: Rental for the water-front?

Commissioner Raymond: Rental for the water-front.

JOHN HOWE,
W. J. BRENNAN.

The roll being called, the resolution was
declared adopted by the following votes:

Yeas: Commissioners Brennan, Gil-

len, Howe, Raymond. Mayor Breidenbach.

Commissioner Raymond: At my request, Commissioner Howe has introduced today an ordinance for a bond issue of \$650,000, which requires, I think, some comment, certainly for the benefit of the public, although there has been a great deal of publicity about it. This is the amount the North Jersey District Water Supply Commission has decided should be tendered the Hewitt interests for the hundreds of acres which make up the greater portion of the Wanaque Development. I can't tell you how many acres there are, but we have had experts appraising it there and we have reached the conclusion that this is the best offer to make. These other towns have not yet paid any money and the Commission is without funds. If the Commission waits too long to make this tender it will have to begin condemnation proceedings and it will cost us more money. With an absolute lack of public spirit the Hewitt people are continuing to make pretended improvements there in the way of developing residences and building dams, and putting in streets, with the mere purpose of increasing the valuation of the property. We feel that we should put up the money. I am asking the city to do it. It will bring us above our quota but we will get it back with five per cent interest, and it will be a good investment in every way.

Commissioner Howe: I offer the tax budget for the year 1925, and ask its approval. I might add there will be a public hearing on this on January 20th.

RESOLVED, By the Board of Commissioners of the City of Newark, that the following local budget of the City of Newark, for the fiscal year 1925, be and the same is hereby approved, in accordance with the provisions of Chapter 192, of the Laws of 1917 (and acts amendatory thereof and supplementary thereto); and

BE IT FURTHER RESOLVED, That a public hearing upon said budget to be held in the Board Room, City Hall, Newark, New Jersey, on Tuesday, January 20th, 1925, at 10 A. M., when and where objections thereto may be presented by any taxpayer of said city; and

BE IT FURTHER RESOLVED, That the City Clerk be and he is hereby directed to publish said budget together with a notice of the time and place of public hearing thereon, in accordance with law, and also to forward immediately a copy to the Commissioner of Municipal Accounts at Trenton, New Jersey.

Commissioner Howe: I wish to state in connection with this, the total amount appropriated is \$15,828,037. The amount to be raised by taxes will be \$12,040,828.37. The amount appropriated in 1924 was \$14,340,000. The amount raised by taxes in 1924 was \$11,915,000. This will show a net increase to be raised by taxes of \$125,128. The largest increase in any budget is in the Department of Public Safety, which amounts to \$592,000. This is caused by the increase in pay of the policemen and firemen and the appointing of one hundred more policemen and eighteen firemen. The total increase in all departments is \$660,828, and deducting the total income of the city, it leaves an additional amount to be raised by taxes this year over last year of only \$125,828.37, which would amount to about two points in the tax rate.

Commissioner Raymond: And the ratables are not yet accounted for, are they?

Commissioner Howe: Only estimated.
RESOLVED, That Christopher Mead, he and he is hereby appointed temporarily as painter in the City Hall, Department of Parks and Public Property at the prevailing rate of wage, Ten Dollars (\$10.00) per day, said appointment to become effective January 6, 1925.

clerk.

AN ORDINANCE TO AUTHORIZE
THE PURCHASE OF STREET
CLEANING AND STREET RE-
PAIR APPARATUS AND PRO-
VIDING FOR THE FINANCING
THEREOF.

*The Board of Commissioners of the City
of Newark Do Ordain:*

1. That the purchase of street clean-
ing and street repair apparatus to be used
in the Department of Public Works is
hereby authorized.

2. That the total cost of said apparatus
shall not exceed the sum of One Hundred
and Fifty Thousand Dollars (\$150,000.);

3. Pursuant to the provisions of Sec-
tion 13 of Chapter 252 of the Laws of
1916, as amended, there shall be issued
temporary bonds of The City of Newark,
in an aggregate principal amount not ex-
ceeding one hundred and fifty thousand
dollars (\$150,000), bearing interest at a
rate not exceeding six per centum (6%)
per annum, payable semi-annually, for
the purpose of temporarily financing the
cost of such apparatus and all incidentals
connected therewith in order to make the
same suitable for said purpose. All other
matters in respect of said temporary im-
provement bonds shall be determined by
the Director of the Department of Reve-
nue and Finance, subject to the provisions
of this ordinance and of Chapter 252 of
the Laws of 1916, as amended, and the
Director of the Department of Revenue
and Finance is hereby authorized to issue

said temporary bonds at such time or times and in such amounts as he may deem advisable. The Mayor, Director of the Department of Revenue and Finance, City Auditor and City Clerk are hereby authorized and directed to execute said bonds, or so many thereof as the Director of the Department of Revenue and Finance shall deem it advisable to issue.

4. The sum of one hundred and fifty thousand dollars (\$150,000) to be raised by the issuance of said temporary bonds, is hereby appropriated for the purpose for which said bonds are hereby authorized to be issued.

5. This ordinance shall take effect immediately.

The following communication was received and read:

Subject: SALE OF PORT NEWARK LANDS TO ADOLF SEGALL.

The Board of Commissioners of

The City of Newark,

Addressed.

Gentlemen:

Pursuant to resolution of this Board, I advertised for sale on Monday, January 5, 1925, at my office, property in the City of Newark, described as Tract No. 1, below, and for lease property described as Tract No. 2, below.

The highest bid for said Tract No. 1 was that received from Adolf Segall, in the sum of \$150,000. For Tract No. 2 I received a bid from said Segall for a

lease thereof, for the term of twenty years at an annual rental of \$10,000.

I accordingly struck off said property at the figures above set forth, to said Segall, in accordance with his bid, such sums being the highest and best prices and terms which I could obtain for said lands.

Tract No. 1. BEGINNING at a point on the easterly line of Terminal Street distant 150 feet south of the face of the dock on the south side of the city channel at Port Newark Terminal, measured, at right angles therefrom; thence (1) running a course parallel with said dock south $65^{\circ} 37' 5''$ east a distance of 509.09 feet; thence (2) running a course at right angles to the first mentioned course south $24^{\circ} 22' 55''$ west a distance of 565 feet to the northerly side line of a public highway thence (3) running a course along said line to the public highway and parallel to the first mentioned course north $65^{\circ} 37' 5''$ west a distance of 543.31 feet to the easterly side line of Terminal Street; thence (4) running a course north $27^{\circ} 49' 55''$ east along said easterly side line of Terminal Street a distance of 566.04 feet to the point and place of BEGINNING.

Tract No. 2. BEGINNING at a point on the face of the City dock on the south side of the City Channel at Port Newark Terminal, where same is intersected by the easterly line of Terminal Street; thence (1) running a course coincident with the face of the said dock south $65^{\circ} 37' 5''$ east a distance of 500 feet; thence (2) running a course at right angles to the first mentioned course south $24^{\circ} 22' 55''$ west a distance of 150 feet to an established line parallel to the previously

mentioned dock; thence (3) running a course along said established line north $65^{\circ} 37' 5''$ west a distance of 509.09 feet to the easterly line of Terminal Street; thence (4) running a course along said easterly line of Terminal Street north $27^{\circ} 49' 55''$ east a distance of 150.27 feet to the point or place of BEGINNING.

Yours very truly,

THOMAS L. RAYMOND,

Director of Public Works.

Ordered filed.

RESOLVED, That the contract between The City of Newark and Van Keuren & Son, for the demolition, salvaging and removal of a brick, concrete and steel building over the City Asphalt Repair Plant, a copy of which contract dated November 7th, 1924, hereto is annexed, be and the same hereby is approved and the Director of the Department of Public Works and the City Clerk hereby are authorized and directed to execute the same on the part of the City of Newark upon the adoption of this resolution.

THOMAS L. RAYMOND,
W. J. BRENNAN,
F. C. BREIDENBACH,
CHARLES P. GILLEN,
JOHN HOWE.

The roll being called, the resolution was declared adopted by the following votes:

Yeas: Commissioners Brennan, Gillen, Howe, Raymond and Mayor Breidenbach.

FORM OF RESOLUTION APPROVING AND AUTHORIZING EXECUTION OF FIFTH SUPPLEMENTAL CONTRACT.

RESOLVED, That the form of contract known as the proposed Fifth Supplemental Contract between the City of Newark and other municipalities lying in the Passaic Valley Sewerage District party of the first part, and Passaic Valley Sewerage Commissioners, party of the second part, supplemental to a contract, dated September 20, 1911, between the same parties, said contract being authorized by the provisions of an act of the Legislature of the State of New Jersey, approved March 18, 1907, being Chapter 10 of the Session Laws of 1907, as amended, be and the same is hereby approved; and,

BE IT FURTHER RESOLVED, that said contract be executed and delivered on behalf of The City of Newark, by the Director of the Department of Public Works, attested by the City Clerk, and the corporate seal of said city be duly affixed thereto.

THOMAS L. RAYMOND,
W. J. BRENNAN,
F. C. BREIDENBACH,
CHARLES P. GILLEN,
JOHN HOWE.

Commissioner Raymond: That brings in Orange, and Orange pays \$800,000, and we have got to put in additional settlement basins away out in the sewer itself, that will be needed in the next two years, and this sum will just pay it. That will keep us from having to issue new bonds, so I think it is important to get it through.

The roll being called, the resolution was declared adopted by the following votes:

Yeas: Commissioners Brennan, Gillen, Howe, Raymond and Mayor Breidenbach.

RESOLVED, That Fred Broedel, Michael J. Neary and Walter Daly, be and they hereby are appointed temporarily to the position of inspector (meter reader) in the Department of Public Works (Water) at compensations of \$1,500 each, effective January 5, 1925.

THOMAS L. RAYMOND,
W. J. BRENNAN,
F. C. BREIDENBACH,
CHARLES P. GILLEN,
JOHN HOWE.

The roll being called, the resolution was declared adopted by the following votes:

Yeas: Commissioners Brennan, Gillen, Howe, Raymond and Mayor Breidenbach.

WHEREAS: Public Service Railway Company now has a pole located on the easterly side of Washington Avenue distant one hundred and sixty-five feet (165') northwardly from the northerly curb line of Grafton Avenue in the City of Newark, County of Essex and State of New Jersey, which pole for public reasons it is desired, shall be moved eight feet (8') southwardly from its present position, otherwise to occupy the same relative position in the highway; and said Company has expressed a willingness to accede to such desire, upon being authorized and directed by resolution of this body, therefore,

RESOLVED, That Public Service Railway Company be and it is hereby requested and directed to move the location of said pole and place the same in the position above recited, upon the express understanding that said Company shall not lose its right to maintain said pole at the former position in case the location hereby made shall be in any manner hereafter legally interfered with.

Commissioner Raymond moved that the ordinance be taken up on third reading and final passage on January 20th.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brennan, Gillen, Howe and Raymond.

The City Clerk presented notice of intention for the opening of Florence Avenue and stated that today was the time fixed for hearing on the same.

The Board then entered upon said hearing.

Mr. W. J. Alexander, 165 Oakland Terrace: I have a petition opposed to the assessment of property owners on Oakland Terrace. We oppose this assessment. This opening is a continuation

of our street. We are opposed to an assessment on our portion of the street. The opened portion or portion to be opened runs to the south and we have no need of streets to the south.

The Clerk then read the following petition:

January 13, 1925.

We, the undersigned, citizens of the United States of America, and property owners and taxpayers of the City of Newark, do, by this petition object to the proposed assessments by the City of Newark against our properties for improvements hereafter to be made for the opening of Florence Avenue. (Signed by 29 property owners).

Commissioner Raymond: It hasn't gotten to the Assessment Commissioners. You will have an opportunity to be heard there, too.

Mr. Verol Connolly, 51 Underwood Street, Newark: I have a petition from the people on Underwood Street and Lenox Avenue. I don't think we should be taxed. We are on the other side and we don't use this side at all. We have no use in going that way. This is a street we will never use. It is going the other way altogether.

Commissioner Gillen: Does this street run through one ownership?

Mr. Connolly: There are several ownerships on this street.

Commissioner Gillen: I mean the new street.

Mr. Connolly: There are several ownerships.

Commissioner Howe: Are the people that want the opening one land-owner or several?

Mr. Connolly: There are several.

The clerk then read the following petition:

We, the undersigned property owners, at Lenox Street, between Sanford Avenue and Stuyvesant Avenue, Newark, New Jersey, object to the openings of Florence Avenue, Mt. Vernon Place, Netherwood Place and Varsity Road, as per notice of intention to do this work adopted on December 23rd, 1924, by the Board of Commissioners of the City of Newark, New Jersey.

We will not be benefited by these improvements and protest against any assessments for any such improvements.

The Ivy Realty Company will benefit by these improvements and the cost thereof shall be borne by them.

(Signed by 37 property owners).

Mr. H. Baer, 675 Sanford Avenue: I am in favor that these streets should be opened. A year and a half ago Underwood Street was dead land. We paid 21.9 cents taxes to the City of Newark. Today there is thirty houses built on the street and the city collects \$7,000 in taxes. There is all this land lying up there and it is a detriment. These streets are in the heart of the city and should be opened. It only takes four or five

years until they will be connected with South Orange.

Commissioner Howe: You want it opened?

Mr. Baer: I haven't got petitions but I can get one hundred names. Furthermore, the whole Vailsburg section around the Lincoln School is a fire trap. Your Fire Department should be consulted. I asked a Fireman the other day how he is going to get in here in case of fire. He says we will leave the engine outside and run the hose in.

Mr. Alexander: Why don't you have a little civic pride and clean your street? We cleaned our street.

Mr. Baer: Every taxpayer has a benefit to it. Underwood Street only a short time ago two other companies built houses there. We paid 21.9 cents taxes for a square foot. The houses were valued at the average of six thousand dollars. These streets should be opened up and the entire community have the benefit.

Mr. Alexander: Speaking for the Improvement Association, we are not opposing the opening of those streets, but we want the people directly benefited to pay for the opening. We are not opposing the opening. We are opposing the assessment.

Mr. Connolly: We are not opposed to it, but we shouldn't pay for it.

Mr. Alexander: If there were a group of people that needed to come out we would be willing to pay. If these people

want to develop the land, let them develop it, but we don't want to pay for it. There are twenty-five people here now who are opposed to it. If you want to hear each one they will speak.

Mr. Connolly: That is the way we feel about it. The people that own the land should develop it themselves. The people that built these houses on Underwood Street had to pay.

Commissioner Howe: You will have an opportunity to come before the Assessment Commissioners.

Mr. Alexander: Can't it be stopped here?

Mr. Congleton: The matter of the Assessment comes before the Assessment Commissioners.

Mr. Alexander: Richelieu Place had that same condition. When it gets upstairs, they say, "We have to get this money and you people have to be the goats." If it is stopped here it is done. Let Harry Stevens or Breakenridge and Tichenor pay for it; they are getting the benefit of it.

Commissioner Howe: We don't want to retard the progress of the city, but if you don't receive any benefit you will be able to convince the Assessment Commissioners, whose business it is to levy assessments on the property benefited.

Mr. Alexander: We might travel over that road some of the time, but that isn't a benefit for which we should be assessed. I would like to have you gentlemen do something here. I would like to

have it stopped here. Let Breakeridge and Tichenor and Harry Stevens have it done. But let them pay for it. Commissioner Raymond stopped it the last time.

Commissioner Raymond: The question of the assessment is for the Assessment Commission and I don't know what action we can take.

Mr. Alexander: Can you make a resolution?

Commissioner Raymond: If you have a butt-end street that is opened up there it is some benefit.

Mr. Alexander: There is in some cases, but there isn't always. Richelieu Place was opened and many people had bought there because it was a dead end street. I bought the last lot on Oakland Terrace because it was up against the woods. I don't want to stand in the way of progress, but I don't want to pay for something for somebody else's benefit.

Commissioner Raymond: I don't know about the assessment. That is a matter for the Assessment Commission.

Mr. Alexander: It has got to go further. What we would like to know is who is urging it forward. Are there as many urging it forward as there are opposing it? It is hard for you to say that, though.

Commissioner Howe: It is up to the City to open up streets and open up the city.

Mr. Alexander: A cross-street would be a benefit, but long streets paralleling

Sanford Avenue can't be termed a benefit. Everything that is opened up is a benefit—it is a good thing for us, but yet we shouldn't have to pay for it. We will have to pay for this if it goes through because the Richelieu Place people have had to pay. Thirty-five dollars in our pocket is \$35 in our pocket and if somebody else has to pay it, it will come out of the real estate men.

Commissioner Raymond: There is a good deal in this gentleman's argument, it appears to me. It is being developed to make more land available and I think these people opening it should pay for it. That is a matter for the Assessment Commission to decide. It isn't like opening main arteries in the City.

Commissioner Soffel: The case he refers to is a case where the abutting property owners were charged \$35 for a forty foot lot. One hundred feet away from that was charged \$5. The property owned by the real estate men was charged approximately four dollars a front foot, or \$100 a lot. That is the exact case he refers to.

Mr. Alexander: That man who was assessed \$35 when Varsity Road is opened how much are you going to assess him?

Mr. Soffel: That is a question for the time to come.

Commissioner Raymond: You have got a developing company and you have got to let them pay for the development.

Commissioner Gillen: You have got to open streets. The particular portion the street which is opened is the portion

that should bear most of the cost. I am interested in a concern that is opening up a tract of land on Lyons Avenue. We give the city the streets. We did the same thing at Monticello Park. We didn't ask the neighboring owners to pay any part of it.

Commissioner Raymond: Mr. Van Duyne is going to put a sewer through that street.

Mr. Alexander: In opening that street you take the property from these people and pay for it and then assess them back again.

Commissioner Gillen: The abutting owners on the street shouldn't bear the burden.

Commissioner Raymond: I feel very much as you do about this. Commissioner Gillen knows of concerns that dedicated their streets to the city. They are glad to get streets through. We are paying these people for the land and it should be assessed back on them.

Mr. Alexander: If you do that we will be satisfied.

Commissioner Gillen: It brings their property immediately into the market.

Mr. Alexander: They are directly benefited by it, and we are, in a sense.

Commissioner Howe: The assessment commissioners are here and I think they should be guided by what they hear today, but anybody that opens up streets and builds homes should be encouraged to do it.

Mr. Alexander: We will have storm sewers to pay for. We are satisfied to pay that, but we don't want to pay for other people.

Commissioner Raymond: I can't see how owners outside of the area are assessed. The developer can get his money back. These people can't get it back.

Mr. Alexander: The real estate men can ask one hundred or two hundred dollars more and get it, and that is all there is to it, but we want to stay here.

Commissioner Howe: The assessment commissioners are here and they can sense the opinion of these people.

Mr. Soffel: It isn't a joke, because the law says we must make assessments according to the increased value.

Commissioner Raymond: Why is it that certain owners developing large tracts are willing to dedicate these streets. Why should one set of owners be assessed for the opening of a tract and the other set of owners not be assessed?

Mr. Soffel: The Courts have decided we have got to make assessments. The cost of the lot isn't anywhere near the amount of the assessment. Just what that difference is I don't recall.

Mr. Congleton: If all the owners dedicated you wouldn't have anything to assess because there wouldn't be anything to assess.

Commissioner Raymond: What is this land worth undeveloped? As soon as

these streets are put through it becomes valuable. It has no value before except potential value. Who gets the value for opening these streets? It is an actual matter of profit to each owner along that street. When that report comes back I may not vote to confirm it.

Mr. Soffel: Assuming the law didn't allow us to assess the full amount of the cost, the City at large would have to pay the difference in the amount we didn't collect against the property because of the fact that we couldn't assess the owner at the cost. In some cases you might say that under that management the city might be compelled to pay anywhere from ten to twenty per cent for improvements.

That is ultimately the condition.

Mr. Alexander: Other property in that neighborhood didn't cost so much to develop. That property is going to cost a lot of money to develop and that is the reason that they want the city to do it. It is low ground and it is going to cost more.

Commissioner Raymond: The City does it, but they will pay for it.

Mr. Soffel: That is a separate ordinance.

Commissioner Raymond: It is a question of whether you are benefited or not. In my opinion it should be paid by the developer. We can't do anything with it here.

Commissioner Howe: It is a matter for the assessment commissioners.

Mr. Alexander: I think we are

through. I would like to say we object to paying for the future development below there.

Commissioner Howe: I think the proper procedure would be to send this to the assessment commission.

Commissioner Raymond: You will have to pay a sewer assessment. That is one of the reasons why we are opening it.

Mr. Alexander: Will a record of your feeling benefit us, Mr. Commissioner?

Commissioner Raymond: I don't know whether it will or not. I don't know whether it will impress the Assessment Commission or not.

Commissioner Howe: Somebody representing this Commission could appear before the Assessment Commission. I have no objection to being one of them.

Mr. Alexander: Thank you.

Commissioner Brennan: I am not opposed to the opening of the street, but I can't see why people living four hundred feet away should pay for the opening of it.

Commissioner Raymond: It is very unfair and the policy shouldn't be adopted that in the development of private tracts like this, it is unfair that the nearby owners should have to pay. I move it is the sense of the Commission that in cases like this adjoining property owners should not be assessed for benefits on newly developed tracts and that this communication be sent to the assessment commissioners.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brennan, Gillen, Howe, Raymond.

There being no one else to be heard, Commissioner Gillen moved that the hearing be closed.

The roll being called, the motion was declared adopted by the following votes:

The roll being called, the ordinance

was declared adopted by the following votes:

Yeas: Commissioners Brennan, Gillen, Howe and Raymond.

Commissioner Brennan: I am introducing today an ordinance adjusting the salaries of the officers and members of the Police and Fire Departments as agreed upon in conference with the Commission some five or six weeks ago, and it has required a lot of time to get this ordinance in shape, so adjusted that we feel that we are giving to the taxpayers the best we can commensurate with the service rendered, and in addition to that giving to the members of the department an increase commensurate with that paid by other municipalities throughout the State. I feel we have a police and fire department in Newark that is second to none in the country. That being the case we must expect that we shall have to remunerate those employees of the city pretty nearly as well as the other cities in a like class with ours. The proposed ordinance has raised some of the men, speaking in salary terms, as high as the men of nearby municipalities. That may be said not to be a criterion, but to attract to the department the best men we can secure we have got to pay them a salary commensurate with the services rendered, and that will at least be in accord with that which they can obtain on the outside in private industry. We have had during the past year, numerous members of both departments resign therefrom to go into private business or go out and work at their trades, because they were unable to maintain their families as they felt they were entitled to be maintained on the salary paid by the City of Newark. Therefore, I am introducing the ordinance

for first reading, as prepared after conference between myself and the city counsel.

Commissioner Brennan offered the following ordinance which was read by the clerk.

An Ordinance relating to and fixing the salaries of certain officers and employees of the Divisions of Fire and Police of the Department of Public Safety of the City of Newark.

The Board of Commissioners of the City of Newark Do Ordain:

ARTICLE IV.

Section 1. Nothing herein contained shall be construed to affect in any way the salary of any officer or employe of the Division of Fire and Police, of the Department of Public Safety, by any such officer or employe, if the salary now being received exceeds the salary provided for herein; and in determining the salaries of the officers and employes herein provided for, the years of service shall date from the time of their appointments to their respective positions.

Section 2. That the salaries herein fixed shall become effective on March 1, 1925, and thereafter shall be payable at the same times and in the same manner as provided by the ordinances of the City of Newark for the payment of the salaries of other officers and employes of the City.

Section 3. That wherever the word "Patrolman" is used in this ordinance, it shall be construed to include "Police-woman."

Section 4. All ordinances and parts of ordinances inconsistent herewith be and the same are hereby repealed.

Section 5. This ordinance shall take effect immediately.

The ordinance having been read once, Commissioner Brennan moved that it be ordered to a second reading.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brennan, Gillen, Howe, Raymond.

Commissioner Howe: Does anyone wish to say anything for or against the ordinance?

Mr. Alexander: Personally I can't speak for the organization, but personally I am in favor of the men getting their money. Up in our section the night patrol on those dead-end streets is fine. I come home very often late at night and many times since this patrol has been organized I find policemen in their little cars up in those dead-end streets. I also see the other chaps around there and I think they should have a living wage. I want to thank Commissioner Brennan for that good service. We might have a few fire boxes brought a little closer in the new development.

Commissioner Brennan: That matter is being cared for.

Commissioner Howe: Does any one else wish to say anything?

(No response.)

The clerk then read the ordinance by sections:

Title declared open to amendment.

Sections 1 to 20 of Article I declared open to amendment.

Sections 1 to 23 of Article II declared open to amendment.

Sections 1 to 23 of Article III declared open to amendment.

Sections 1 to 5 of Article IV declared open to amendment.

The ordinance was declared open to amendment in all its parts.

The ordinance having been read a second time, Commissioner Brennan moved that it be ordered to a third reading.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brennan, Gillen, Howe, Raymond.

Commissioner Brennan moved that the ordinance be taken up on third reading and final passage on January 27th.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brennan, Gillen, Howe, Raymond.

Commissioner Brennan: I have got another ordinance here relating to the licensing of taxicabs in the City of Newark and imposing as one of the prerequisites the filing of a bond in the sum of \$5,000 for liability on the part of an owner or operator licensed by the City. As the situation exists today we have taxicabs by the score operating in the City and the "would-be" owner is really nothing more than the agent of the taxicab or motor vehicle concern

that supplies the cars. You, I, or any other person becoming injured because of the operation of one of those cabs, would be absolutely without any means of redress in the form of compensation for injuries received, and I feel as a protection against accident and assurance to the injured, if such should unfortunately be the case, the city should insist upon the owner of every one of those cabs licensed to do business carrying passengers, showing his good-faith by depositing at least an insurance policy for liability in the sum of \$5,000 to reimburse any person injured.

Commissioner Howe: Does any citizen desire to be heard?

Commissioner Brennan: They have the same rule in effect in a good many other cities.

Commissioner Brennan offered the following ordinance which was read by the clerk:

An ordinance to amend the ordinance entitled: "An ordinance regulating taxicabs, automobiles and other vehicles used for hire, and providing penalties for the violation thereof," adopted August 23rd, 1921.

The Board of Commissioners of the City of Newark, Do ordain:

1. That section 1 of the above entitled ordinance be and the same is hereby amended to read as follows:

1. No person or persons, firm or corporation shall hire out, keep or use for hire or pay, or cause to be kept or used

for hire, or pay, any automobile, taxicab, or other vehicle propelled by motor power for the transportation of passengers for hire or pay, within the City of Newark, without first having obtained a license for that purpose. All applications for licenses shall be accompanied by an insurance policy of a company duly licensed to transact business under the insurance laws of the State of New Jersey in the sum of Five Thousand Dollars (\$5,000) against loss from the liability imposed by law upon the owner of any such taxicab, automobile, or other vehicle, on account of bodily injuries or death suffered by any person or persons as a result of an accident occurring by reason of the ownership, maintenance or use of any such taxicab or other vehicle, provided, that any owner or owners of five (5) or more of such taxicabs, automobiles, or other vehicles, may furnish an insurance policy in the sum of twenty-five thousand (\$25,000) in lieu of the policy or policies hereinabove referred to.

2. All ordinances and parts of ordinances inconsistent herewith be and the same are hereby repealed.

3. This ordinance shall take effect immediately.

Newark, N. J., January 8, 1925.

Dear Sir:

The Board of Chosen Freeholders of Essex County has fixed Thursday, January 22, 1925, at 10 o'clock in the forenoon, in the meeting room of the Board at the Court House, Newark, N. J., as the day, time and place when and where any taxpayer in the County of Essex may present any objections to the adoption of the tentative tax budget of Essex County for the year 1925.

Yours very truly,

Frank E. Ward, Clerk.

Ordered filed.

Progressive Merchants' Association
of Springfield Avenue

Newark, N. J., January 9, 1925.

Hon. Board of Commissioners,

City Hall, Newark, N. J.

Gentlemen:

At the regular meeting of the Springfield Avenue Merchants' Association, held January 6th, 1925, the following resolution was presented and unanimously adopted:

RESOLVED, That the Springfield Avenue Merchants' Association extend to Commissioner Raymond and his assistants their congratulations and thanks for the efficient manner in which the snow was removed from Springfield Avenue after the recent storm.

The prompt removal of the snow enabled the merchants of the avenue to go on with their business almost undisturbed, and was greatly appreciated.

Yours very truly,

Progressive Merchants Assn.

Philip Spies, Pres.

Commissioner Raymond: I understood the Springfield Avenue Merchants were going to be represented here this morning for the purpose of making some suggestions about the lighting of the street. My experts have advised that a plan has been made to install one thousand candlepower lamps at every pole now on the street. That will make the street even brighter than Broad Street, and I understand that the persons who

were coming down here today—they were expected to come here if the plan didn't suit them, and if they didn't appear we were to take it for granted that they approved of the plan—and I take this occasion to announce that will be our plan, and we will go ahead to install it.

Commissioner Howe: Is there any one here in reference to the lighting on Springfield Avenue?

Commissioner Raymond: I take this occasion to announce that we will proceed with our plan at once.

Commissioner Brennan: I move that the communication be received and filed, that it be spread upon the minutes and that a copy be sent to Director Raymond.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brennan, Gillen, Howe, Raymond.

Commissioner Gillen: I want to say a word regarding a matter that occurred last week, which I think this Commission should take notice of. The Essex County Park Commission, according to the reports of the newspapers, applied to the State Board of Conservation and Development, which has charge of the Morris Canal, to have that portion of the canal as I understand it, which borders on the Branch Brook Park, turned over to the Essex County Park Commission, on the ground that there is some reversionary interest in it, and inasmuch as the Essex County Park Commission owns the land adjoining the Morris Canal north of Orange Street, it seems that the Essex County Park Commission de-

sired to take advantage of some technicality in the law and made application to have this portion of the Canal turned over to it.

Now, as you know, the City of Newark has for years looked forward with a great deal of hope and a great deal of optimism to the time when the canal would be abandoned and would be ready to be used for rapid transit purposes. There isn't anything in the world that the city needs today more than rapid transit. The canal bed offers, as we have all agreed and as Director Raymond has outlined, a splendid opportunity for a rapid transit railroad, and the city has already notified the State Board of Conservation and Development that it is willing to take over the bed of the Morris Canal within its boundaries for that purpose. This would be a great asset to the City of Newark and I suppose almost every citizen has agreed on that proposition. There is scarcely a citizen that would hold back in having the city invest many millions of dollars in the development of the canal bed and offer the proper transportation facilities which the citizens very much require. It seems that in the support of these county parks the City of Newark pays seventy-two per cent. so that insofar as the Essex County Park Commission goes it is representing the city to the extent of 72 per cent. of the total cost of upkeep of the parks.

Now, why does the Essex County Park Commission go down to Trenton and apply to the Board that has charge of the Morris Canal to have a portion of this canal turned over to the Park Commission? Is it the idea that they want to interfere with the progress of

the City? Do they want to stop this plan of ours? It can't be of any advantage to the park to have this narrow strip of land. It would merely mean adding a strip of land thirty feet in width to the park and that can't be of any advantage to the park. The great value of the canal bed as a proposed route for a rapid transit railway is in its continuity. That has been agreed upon years ago. If you break it off here and there it has no value. If you merely run trains over the bed of the canal through the center of the city it has no value, but due to the fact that it will be developed from the Passaic River on the east to the Bloomfield line on the north, and will run trains all the way through the city carrying workers to and from their employment, it is valuable, and that is the definite value of the Morris Canal. Now what can be the idea of the Essex County Park Commission, that they want to break up this plan? Didn't they know that the city applied to the State Board of Conservation and Development for the bed of the canal? If they are trying, as public servants, to stop the city's plan they should be condemned by this Board. You can all express your own opinions, but I think this is the most unwarranted and outrageous action on the part of any local Board that I have ever seen in my term in office. I think some action should be taken by this Board either through the Law Department or Director Raymond to find out from the Essex County Park Commission what their purpose is:

Commissioner Raymond: I quite agree with all of that, Commissioner Gilen, and if this is a real effort to get control of a part of the bed of the canal, it certainly is an outrageous and unwar-

ranted interference with the rights of the city. But I think it is a mere legal motion on their part to protect themselves if the city does not take it. I question very much whether the Essex County Park Commission would be considered a municipality in the sense that Newark is a municipality, and I thoroughly agree that we should resist any attempt such as this, and resort to any proceedings to protect that as the city's property. And I am sure Mr. Congleton feels we have the absolute right of doing so. I will ask him to say a word because I believe he had something to say to the officials of the Park Commission.

Mr. Congleton: The Park Commission is not attempting to do what has been intimated they might be trying to do. There was a provision in the deed to the canal company that if the canal bed were not used for highway purposes it would revert to the original abutting owners. The Park Commission, as they informed me, and sent me a copy of the notice they sent to Trenton, filed notice before the end of the year to protect any legal rights they might have as abutting owners in case the city does not take the bed of the canal, and become the purchaser from the State, of the portion of the bed of the canal that goes through the City of Newark.

Commissioner Raymond: They concede our prior right?

Mr. Congleton: Yes.

Commissioner Gillen: That wouldn't appear to be their attitude at the hearing given them down in Trenton.

Mr. Congleton: They sent a notice that they were the abutting owners, and

if they had any reversionary rights, to protect them.

Commissioner Gillen: They put in a claim—at least that is the way it appeared in the public prints.

Mr. Congleton: They put in a claim asserting that they, as abutting owners might have some reversionary rights, and they did it before the first of the year, which was the date fixed for municipalities to exercise the option they had, by statute.

Commissioner Gillen: They knew that the City had put a claim in.

Mr. Congleton: They knew the City had exercised its right under the statute to declare its intention to become the purchaser of it. Now negotiations have got to go on between the State and the City for the purchase of it. If those negotiations should not go through and the City not become the purchaser the notice filed by the Park Commission will serve to protect any rights they have.

Commissioner Raymond: You don't understand it is hostile to the City's interest?

Mr. Congleton: I don't so understand.

Commissioner Howe: I trust Commissioner Raymond's and Mr. Congleton's version is correct, because I was getting ready to get warmed up on the subject myself, and I am glad to know Director Gillen feels the way he does, and if there was any danger we should use every means available to see that the city's right and interests are protected.

The following communication was received and read:

Philip J. Schotland
Counsellor at Law

Newark, N. J., January 9, 1925.

William J. Egan, Esq.

City Clerk, City Hall,

Newark, N. J.

Dear Sir:

Enclosed please find petition for the taking of Lyons Avenue, west of Bergen Street, out of the residence zone, and putting it in the business zone, which you will kindly present to the City Commissioners at their meeting next Tuesday.

Respectfully,
P. J. Schotland.

Ordered referred to the Board of Adjustment.

Commissioner Gillen: I move we adjourn.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brennan, Gillen, Howe, Raymond.

The Board of Commissioners of The
City of Newark, N. J.

W. J. EGAN,
City Clerk.

NEWARK, N. J.

January 20, '1925.

A regular meeting of the Board of Commissioners of the City of Newark, N. J., was held on the above date in the Commissioners' Chamber, City Hall, Newark, at 10 A. M.

Present: Commissioners Brennan, Gillen, Howe, Raymond, Mayor Breidenbach.

The minutes of meeting held January 13th were read and approved.

Mayor Breidenbach: Gentlemen, this is a public hearing on the budget of the various departments. If any citizens wish to be heard we would like to hear from them. I would like to have the gentlemen who are going to talk on the subject of the budget take up the various departments one at a time, instead of taking up the whole budget; start in with the Department of Public Affairs, which is the Mayor's Department, and which takes in the City Hospital, the Alms House, City Home, Board of Health, Employment Bureau, Overseer of the Poor, Public Baths, and Camp Newark, the Public Library, the Sinking Fund and the Police and Firemens' Pension Fund. The Public Library is put in the Department of Public Affairs under a mandatory act. I have no voice in its management but they have it in my budget and I have to give them the money they ask for. Do any of you gentlemen wish to talk? I might say, in regard to the increase in the budget in my department the increase to the City Hospital, which is \$40,000; that increase is due to the new wing of the City

Hospital. I have not put anything in the budget for the new Convalescent Hospital because I don't know when that is going to be finished. The Board of Health Budget has increased, due to the increase in salaries for the Inspectors, which I personally recommended to my colleagues, because I felt that the Board of Health Inspectors were entitled to the same amount of salary as the Police and Firemen. I have had that under consideration for a year. I haven't just recommended that increase on a half-hours' notice, but I have made a study of it for the last year. Now, if any of the gentlemen wish to be heard on the Department of Public Affairs, we will start on the City Hospital first. Does any citizen wish to be heard?

Mr. Frank P. Ford: Mr. Mayor and Commissioners, the Joint Budget Committee of the Chamber of Commerce of which I am the Chairman, interpret this meeting as an opportunity—an especial opportunity for the citizens and Civic organizations to express themselves on a program or a plan for the conduct of the City's business for the year 1925. Now, the Chamber of Commerce, in order to fulfill its part of its civic duties, presents its report, making certain recommendations and it asks your careful consideration. I take it, at this time, at a hearing of this kind, that what you gentlemen want is suggestions of a constructive character—suggestions based on facts, and the best practices, and supported by the best practical authorities. This is not a time for criticism and I want to say to you gentlemen that in making these recommendations we want you to consider them in the spirit they are given, or made—they are not critical. We are making these recommendations

for the purpose of aiding you in the conduct of the city's business for the benefit of the people as a whole.

I want to say further that the Chamber is mindful and appreciative of the splendid work done on the part of the Commissioners in the past and we are also mindful of the great problem ahead in this city. The Chamber last year, in connection with the 1924 budget made—pointed out, rather—that in making this estimate, something more should be taken into consideration as a basis in making this estimate, than merely the expenditures of the previous year. They pointed out that the methods in the conduct of the different departments of the City should be taken into consideration, and a redistribution of duties and possibly a consolidation of duties should be taken into consideration, and I want to say to you gentlemen that those recommendations stand today. It is more necessary today than ever before that we cut out lost motion and that we make all the savings we possibly can by adopting new and improved methods, for this reason, we are going to need more money year after year. The budget, in dollars and cents is going to increase and the citizens might as well understand that. We have a wonderful city to develop and we can't take care of our business and community life here unless we spend money, and that means raising money in the way of taxation. Therefore, by adopting the newest and most up-to-date methods, there is no doubt but what many savings can be made and those savings will go quite a way towards cutting down this increase in the budget. When you stop to think of this city, we have one of the most wonderful opportunities in this country to make this one of the greatest cities in this country, and when

you stop to think that we have all these developments coming and our traffic and transportation problems, the development of our Union Terminal Station—probably subways, and new arteries to be opened—it is going to be necessary to do all these things if we are going to make Newark the City we shall be talking about, and that, of course, means spending money. Therefore, as I said before we want to cut out all lost motion, if we can, and we want to aid you in doing that. The Research Department of the Chamber of Commerce, during the past year, has had some opportunity to make a study of the activities in the different Departments—not a complete study, but a complete study of the major activities, and in connection with these activities we are making certain recommendations in connection with certain divisions of the budget. I want to say here to the citizens gathered and to you Commissioners, that every courtesy has been extended to the officers of the Chamber of Commerce in making these studies, and these surveys, and we want you to know it is appreciated. We want to thank you. It demonstrates to me that you are open-minded and ready to act on constructive suggestions that will be for the benefit of our citizens. I am now going to ask Mr. Wollmuth, our Executive Secretary, to present this report—read it to you—which will be done within the prescribed time, and he will emphasize the recommendations that we have made. I want to thank you for giving me this opportunity to address you as representing the Chamber of Commerce.

Mayor Breidenbach: Mr. Wollmuth, will you take up the Department of Public Affairs first, instead of reading the whole report? Suppose you take up each Department separately.

Mr. Wollmuth: I would be very glad to comply with that suggestion, Mr. Mayor; however, in the preparation of this report there is no attempt made to—while the report itself is segregated as to departments, there is no attempt made in the report to pick apart any individual budget, and the reading of it will therefore, in spirit as well as letter, comply with your request of taking it up in departmental fashion.

Mayor Breidenbach: Suppose we let Mr. Wollmuth take any one of the departments in the Department of Public Affairs?

Commissioner Raymond: Why not let him present it in his own way?

Mayor Breidenbach: Last year and every other year we took up each department separately.

Commissioner Raymond: He has prepared his report and has thought it over and possibly it would be hard for him to separate it.

Mayor Breidenbach: Suppose you read your report as you have it, Mr. Wollmuth.

Mr. Wollmuth: There were certain major activities considered and the results of the studies thus made are set forth in summarized form. We have endeavored to keep away from detail as much as possible except where it was absolutely necessary to make the point. We appreciate further that we must not take up all the time.

Mr. Wollmuth then read the report.

Commissioner Raymond: Mr. Wollmuth, in reference to the criticism regarding horse-drawn apparatus, which I appreciate—

Mr. Wollmuth: There isn't any criti-

cism, Director—we simply made suggestions.

Commissioner Raymond: In reference to the suggestion regarding horse-drawn apparatus, we are putting in motor equipment. I think we have now, fifteen or sixteen trucks operating and we have found that it saves us twenty-five cents a cubic yard in the outlying sections of Forest Hill, far from the dumps, but we save three cents a cubic yard on hauls from Third Ward to the dump, and Mr. Costello and Mr. Doremus think it might be more expensive to use trucks in places more or less adjacent to the dumps. This whole garbage collection system is growing and we have to be careful and make thorough studies before we buy valuable motor apparatus. In regard to the use of trailers; in the first place we were prohibited until a year ago, from using trailers although we tried to get Commissioner Dill to give us a special permit to do it years ago, but we are not at all sure that we can use trailers on our dumps. They are unusually safe and there is danger of them toppling over and it would take more time and labor to get them straightened up than they would save us.

Mr. Wollmuth: We are not advocating the use of trailers. I thought you might be interested to know that, and so far as the motorized apparatus is concerned we have gone a little slowly. We have only tried to hit the high spots in our report.

Commissioner Raymond: That constructive criticism is very valuable in our department.

Commissioner Gillen: Don't they dump from platforms? Don't you con-

struct temporary platforms extending out over the dumps?

Mr. Wollmuth: It is gratifying to know that the department has that study under way. We simply make that suggestion depending upon the Engineering Staff and Director Raymond's Department to work it out. We would be very glad to present to you whatever data we have on the subject.

Commissioner Howe: I read quite an article by an engineer on the subject of dumping. In every instance where they dump from trailers you will find they are dumping off a dock into scows—or they dump from solid earth, but in no instance has it proved efficient to go into a soft fresh dump with a trailer.

Mr. Blandford: The Commissioner of Public Works of Milwaukee, tells me they are using tractors and trailers on soft ground. They are using those tractors with heavy chains on them to put the material in—bull-dozers they call them.

Commissioner Raymond: We use bull-dozers on our dumps.

Mr. Costello: We have got a dump only seven feet deep. In Milwaukee they have a quarry dump. We would have to be shifting the dumping platform continually. In Milwaukee they have a quarry dump and don't have to bother about changing the location of the platform.

Mr. Blandford: The difficulty of using trucks for collection is that it is much more expensive than using horses, but the trucks save on the hauls to the dumps.

Mr. Costello: It isn't the question of collection, but the City has to have its trucks in its own control for snow re-

moval work. We took them all off ash collection this morning and put snow plows on them. If we didn't have them for snow removal work the City would be all tied up.

Mr. Blandford: That is the justification of using them for collections.

Mr. Costello: We found them cheaper in districts where the haul was long.

Commissioner Brennan: As to your criticism on the subject of the Fire Department, Mr. Wollmuth; you say in your report, if I get it rightly, that the maximum manning of our companies is above the average recommended by the National Board of Fire Underwriters?

Mr. Wollmuth: That is their minimum.

Commissioner Brennan: Doesn't that apply to cities without as large a high-value district as ours?

Mr. Blandford: That applies to Newark.

Commissioner Brennan: Only a few weeks ago a representative of the National Board of Fire Underwriters was in my office, following up some suggestions made on their survey of last year, and he was of the opinion that I should have at least three reserve companies in addition to what I have now because of the frame construction in a large part of our city.

Mr. Blandford: Our comment went not so much to the question of companies as to the question of manning. There is a decrease in the number of men per company when you get out of the high value district and the Board of Underwriters have recommended that. In the survey they made here in 1923 they incorporated that standard. You can decrease that by one man if you have motor driven apparatus.

Commissioner Brennan: I am appealed to time and time again by the Board of Fire Engineers to put on more men and apparatus to protect our city in the event of a conflagration, due to the nature of our layout.

Mr. Blandford: We are not essentially different from other cities of the industrial type.

Commissioner Brennan: They have appealed to me time and again saying that we were helpless if a conflagration broke out.

Mr. Wollmuth: We recommend squad re-organization to take care of sickness and reliefs of one kind and other.

Commissioner Brennan: In the high value district, in the event of sickness we draw on low value district companies to fill in. The result is that the outlying companies are never fully manned. We draw from the Weequahic and Forest Hill Sections to keep to the fullest our platoons in the high value district.

Mr. Wollmuth: We should be pleased to give you whatever data we have on the subject.

Commissioner Brennan: The suggestion as to the motor patrol in the police department I have been emphasizing that myself for a long time. We practically originated the system of motor patrol, and I see it has been practically generally adopted today. Only a year and a half ago, without desiring to revolutionize the department entirely, I tried that system more to demonstrate its practicability than anything else. As far as being able to displace three men on patrol with one in a car is concerned, it is absolutely impossible, in my opinion, and the opinion of the Chief and those conversant with matters of this nature,

to dispense with any more men than we have on patrol today. A man in an automobile can cover more ground than two men on foot can cover, but they cannot look into alley-ways and back yards and every other thing that is suspicious, neither can they be expected to get out of the automobile to try doors, as the men on foot do.

Mr. Wollmuth: It isn't the thought that the motor patrol automobile will entirely displace the foot patrol, because we tied them up with the booth system.

Commissioner Brennan: You can readily see that as a practical proposition, while the motor patrol has demonstrated its value, in my opinion it has been one of the most progressive steps, yet a man in a motor car cannot be expected to get off at every home and find out whether anything has happened. You have got to have men on foot to look after that.

Mr. Wollmuth: Except in sections where the houses are far apart, and there are many vacant lots. As a practical proposition a policeman doesn't try doors any way.

Mr. Blandford: It is really questionable how many doors they try.

Commissioner Brennan: There are very few complaints. Relative to your suggestion that no more men be added to the traffic department, I only wish you could talk to some of the men of your Chamber who have been before me asking for traffic officers to be stationed at different places in the city.

Mr. Wollmuth: It is quite natural that the individual looks upon his problem as the most important.

Commissioner Brennan: Many applications have been made by men who are members of your Chamber for particular

traffic details. Requests have been made by a great many people. School Principals, members of the various School Associations, mothers, and other people, because of the dangers lurking on every street to the life and limb of children going to and from school.

Mr. Wollmuth: If you granted the request of everyone—

Commissioner Brennan: I would have to have two thousand more men.

Mr. Blandford: We should have that matter surveyed by an expert to find how many men you do need. It is significant that we are probably second in the country in the matter of traffic officers in proportion to our population.

Commissioner Brennan: Will you find another city in the country that has the same traffic conditions confronting it that Newark has? In looking around you will see the necessity of more men to handle traffic in Newark, because of its layout. In the first place our City is practically in fan form. We are taking care of not only our own population, but we are handling that of municipalities around us, nearly as large as we are. We don't want to tell these people that we don't want them in the city because they are our best patrons. Every automobile, from California to Maine that is going from east to west, or coming from west to east, has got to come through our city. The great majority want to see the "Big City", and they come through Newark.

Mr. Wollmuth: Thousands of them go up through New York State.

Mr. Blandford: New York claims its situation is the most distinct. It is a question of comparing the generalities in the different cities.

Mr. Wollmuth: We simply present this in the hope that we might have made some contribution to the work. It is not presented in critical form, but in the spirit of constructive suggestion and we will be glad to give you whatever and everything we have as authority for the statements made, and we have consulted experts in every line in connection with the submission of this report of recommendations and suggestions.

Mayor Breidenbach: Does any other Director wish to ask Mr. Wollmuth any question?

(No response.)

Mayor Breidenbach: In respect to the Department of Public Affairs, I don't know if the Chamber of Commerce realizes that in the City of Newark, in the Hospital, we are seven hundred beds shy.

Mr. Blandford: I know the statement has been made that we are bed-shy. The trouble is that we determine the number of the beds by the demand for admissions, and the concern is that perhaps some of these admissions could make some contribution. They seem to be increasing so rapidly. That is the problem—as to whether we cannot decrease the demand for this service. One may be the question of the control of admissions.

Mr. Wollmuth: For the purpose of

getting down to brass tacks, as we say in vernacular, we have got to separate ourselves from the purely sentimental side of the situation, not forgetting that the poor are poor, and the poor must be taken care of if they are proper public charges, but we all know that there is a great possibility extant for service being given to people who perhaps should not be admitted to the City Hospital. That applies also all over the country, speaking generally, and it is a thought that should be carefully considered and determined, because we can't keep on building City Hospitals.

Mayor Breidenbach: I have that under consideration and have had it under consideration for the last two years, in regard to paying board in the City Hospital. I found that in the Boston General Hospital they have a paid ward, but I also find there is a friction that exists when you run a paid ward in a City Hospital. You say there would be a saving of \$20,000 in the Newark City Hospital by charging the patients an admission of twenty-five cents a day. Other Hospitals of Newark, take St. James—it doesn't make any difference there if you are very poor are very wealthy—they will give you the same treatment if you are poor that a person with money can pay for. Perhaps your statement is true, as to the City Hospital—perhaps there are people there that have money, or could afford to pay something, but I feel this way—if a man receives \$1,200 a year and has eight or nine children to support besides his wife and himself, I consider that man poor, and if he goes to the City Hospital he shouldn't have to pay anything; he can't pay his family physician two hundred and fifty or three

hundred and fifty dollars for an operation, and he is entitled to go to the City Hospital for an operation. I have taken the matter up with Dr. Snively and Dr. Wallhauser, President of the Medical Staff. It is a hard matter and it is a thing that will have to be studied for some length of time before we can get down to having the charter changed. The City Hospital Staff has made a report showing that we are down thirteen cents lower per patient than we were in 1924, regardless of all the improvement we have made there. You spoke about the purchasing. In the Department of Public Affairs we advertise for ninety-five per cent. of everything we buy for the institutions. Our beef and everything else is advertised for. There are very few articles that we buy in the open market, and we have made a great saving for the taxpayers of Newark.

In the Board of Health I will have to agree with you on certain things where we might be able to make some improvement. Dr. Craster has been working on that for a year, trying to get new information for us to work on, but those things take time—we can't make a study in one hour's time. It takes a long while to change the whole system.

Mr. Wollmuth: I hope I didn't give you the impression that I thought you could do that.

Mayor Breidenbach: In regard to Public Welfare, as you know, I have tried to start a Department of Public Welfare and have asked the Civil Service for a Public Welfare Director, but I haven't made the appointment because I am not quite satisfied and I have not finished my investigation of how I should work along

with the Community Chest and other Charitable Institutions in the City of Newark, and you know that is a big problem in a big city when you have a Public Welfare Director to work with the Community Chest and other charitable organizations. The Catholics have a well-organized institution for their poor. The Jewish people likewise have an organization to care for their poor, and for me to go into the matter and appoint a Welfare Director at present would not be wise, and I am not going to do that until I know we are all together and that we are going to work out the same as Detroit. I visited there and found that the City's Public Welfare Director works with the Community Chest and has all the denominations working with him, and the arrangement has been successful. It is a question in my mind whether I am ready to appoint this Public Welfare Director, and I say to you that while I welcome all these criticisms and I am glad you brought them up, nevertheless, in the Public Welfare Department I want to go into the subject more in detail. I want to see how it has been working out in other cities where it has been in operation for two or three years. Does any other citizen wish to be heard on the subject of the City Budget for 1925?

(No response).

Commissioner Brennan moved that the hearing be closed and that the report of the Chamber of Commerce be received and filed.

Commissioner Raymond: I second the motion.

The roll being called, the motion was

declared adopted by the following votes:

Yeas: Commissioners Brennan, Gillen, Howe, Raymond, Mayor Breidenbach.

Mayor Breidenbach: We will now take up the regular order of business. Does any citizen wish to be heard?

The following communication was received and read:

Newark, N. J., November 17, 1924.

The Board of Commissioners
of the City of Newark,

Honorable Sirs:—

At the last meeting the Board of Adjustment considered an application to amend the Building Zone Ordinance so as to change Lincoln Park between Broad Street and Halsey street from a residence to a Business District, and which was referred by your Honorable Body for recommendation and report.

The Board of Adjustment visited the premises in question and respectfully recommend that this application be granted.

Respectfully submitted,

R. B. Rankin,

Secretary, Board of Adjustment.

Ordered filed.

Mayor Breidenbach: Does any citizen wish to be heard? Suppose we hear the citizens opposed to it first?

Dr. Buermann, 9 Lincoln Park: I want to appear representing a delegation

from the citizens and property owners in that particular block that it is proposed to change. We have the majority, who have signed the petition already filed here, representing the majority of the number of feet in that block, opposing the change. We don't believe the time is ripe to change that from the present zoning restriction in force there at the present time. We feel there are plenty of business opportunities on Broad Street. We don't see that there will be any advantage in opening that section for business purposes and another thing, we don't see the reason why a separate part, or any division should be changed. If the time ever comes when Lincoln Park should be opened, why shouldn't the whole front of the park be taken into consideration, rather than a short strip at the beginning of Lincoln Park. We believe that before anything could be done, we ought to have the sentiment of the residents around that park considered. We have one hundred and fifty-seven feet opposed to it as against only fifty feet representing those that favor that change. I don't feel it should be made for any personal reasons. It should be made for the benefit of the City at large. If we know what is going on in some sections where the change has been made, that transition period often mars the aesthetic value of the community. You can see the changes that are being made—take the strip from High Street to Washington Street. That, of course, has been changed. Speculative developments have been going on and the changes are not made with regard to beautifying a section of the City. They are often made for the purpose of temporary recompense. Take that block I speak of. There are a lot of these narrow ten foot stores there and they do no credit to the community or section what-

ever. That is what is likely to happen to our section, and that will do no credit to the section of the city. I have always felt that the front of a park should be kept from some large developments where opportunities are given to beautify, rather than to mar the future development of any particular section, and that is very likely to happen if you allow small individual properties to be changed for business purposes. I believe we are justified in protesting and hope you will not change this area at the present time. We have another representative here, Mr. Russell, whose home is next to my property on one side, and Dr. Staehlin, who is next to me on the other side. Dr. Hood is also interested, and Mr. Russell, who owns the apartment house is also protesting. If the time ever comes, I believe that property should be kept, if possible, for purposes such as hotels or apartments. There are very few places left in Newark now for residences, and if you open that section for business purposes it will drive your residential section out further. I believe it is more than fair that we should leave it as it is for the present time.

Dr. Edward Staehlin: Dr. Buermann has expressed the sentiment so well that I haven't anything else to say. He is particularly emphatic in his statement where he refers to opening a portion of the section. Why start with that particular little section and not throw the whole thing open—that is the opinion of the citizens around the park.

Mayor Breidenbach: Is there any other protest? If not we will hear from the citizens in favor of the change.

Mr. Joseph Byrne, Jr.: We have withdrawn our request.

Mayor Breidenbach: Any other citizen wish to be heard?

(No response).

Commissioner Brennan moved that the hearing be closed.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brennan, Gillen, Howe, Raymond, Mayor Breidenbach.

The City Clerk presented notice of intention for the vacation of Duffy's Lane and stated that today was the time fixed for hearing on the same.

The Board then entered upon said hearing.

Mayor Breidenbach: Any citizen wish to be heard?

(No response).

There being no one to be heard, Commissioner Raymond moved that the hearing be closed.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brennan, Gillen, Howe, Raymond, Mayor Breidenbach.

Commissioner Raymond offered the following ordinance which was read by the clerk:

An ordinance providing for the vacation of Duffy's Lane also called North Third Street from the north side of Orange Street to a line about 170 feet north of the eastern extension of the northerly line of Sixth Avenue West and for the vacation of that portion of Hercules Street, lying south of the southerly line of Seventh Avenue and west of the westerly line of Second Street and east of the easterly line of Duffy's Lane (now being vacated).

The Board of Commissioners of the City of Newark, Do Ordain:

Section 1. That Duffy's Lane also called North Third Street from the north side of Orange Street to a line about 170 ft. north of the eastern extension of the northerly line of Sixth Avenue West, excepting that portion of Duffy's Lane also called North Third Street which is included within the present limits of Seventh Avenue and also that portion of Hercules Street shown on map of property of Nehemiah S. Crandall, lying south of the southerly line of Seventh Avenue and west of the westerly line of Second Street and east of the easterly line of Duffy's Lane (now being vacated), as shown on a map on file in the office of the Chief Engineer, Division of Surveys, Department of Public Works, known and designated as No. 1196-V, shall be vacated as public streets or highways, under and by virtue of the provisions of Section 1, sub-division (b), of Article XXII, of an Act of the Legislature of the State of New Jersey, entitled "An Act Concerning Municipalities", approved March 27, 1917, and the acts amendatory thereof and supplementary thereto.

Section 2. That this ordinance shall take effect immediately and all ordinances or parts of ordinances inconsistent with the provisions of this ordinance, be and the same are hereby repealed.

The ordinance having been read once, Commissioner Raymond moved that it be ordered to a second reading.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brennan, Gillen, Howe, Raymond, Mayor Breidenbach.

The clerk then read the ordinance by sections:

Title declared open to amendment.

Section 1 declared open to amendment.

Section 2 declared open to amendment.

The ordinance was declared open to amendment in all its parts.

The ordinance having been read a second time, Commissioner Raymond moved that it be ordered to a third reading.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brennan, Gillen, Howe, Raymond, Mayor Breidenbach.

Commissioner Raymond moved that the ordinance be taken up on third reading and final passage on January 27th.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brennan, Gillen, Howe, Raymond, Mayor Breidenbach.

The City Clerk presented notice of intention for the opening and widening of Aldine Street and stated that today was the time fixed for hearing on the same.

The Board then entered upon said hearing.

Mayor Breidenbach: Any citizen wish to be heard?

Mr. George F. Canmf: Aldine Street was opened by the Newark Housing Company, that I represent, and we built in our own sewers and put down our sidewalks and gas and electricity and water and we feel as if we had contributed largely to building up a very nice street and section there and we also feel that the greatest benefit is our neighbor on the east. We undertook to treat and deal with him, but he seemed to think he could do better by sending the matter to the city. I believe there are other people here who want to be heard. We don't protest against the opening of the street. We are in favor of the ordinance.

Mr. Beale, 183 Hansbury Avenue: I protest against the assessment to the residents in our neighborhood. We have no way of getting into that street from Hansbury Avenue. It doesn't open into our street and why should we be assessed for it?

Commissioner Howe: How do you know you will be assessed if you don't derive any benefit?

Commissioner Raymond: Did you get a notice?

Mr. Beale: Yes.

Commissioner Raymond: You think you will be assessed?

Mr. Beale: On behalf of seven others who have also signed this petition, and myself, we object to the assessment.

Commissioner Raymond: I don't see why you should be assessed at all on these private openings. I think the matter of restricting these areas should be considered so as not to call these people down here. I don't think they should assess these private openings upon the surrounding property outside of the immediately improved territory.

The following petition was received and read:

January 19, 1925.

We, the undersigned, are opposed to the assessment opening and widening of Aldine Street.

(Signed by Eight.)

Ordered referred to Director Raymond.

Commissioner Gillen: In some cases there is a slight difference.

Mr. Congleton: They spread the area out too far.

Commissioner Raymond: They have got a large area that they send notices for.

Mr. Van Dwyne: The thing has not been considered when that area is suggested, and it is usually restricted later.

Commissioner Raymond: But you waste our time in having this hearing and you bring these people away from their business.

Mayor Breidenbach: I don't think it is fair to bring these business men down here.

Commissioner Gillen moved that the hearing be closed.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brennan, Gillen, Howe, Raymond, Mayor Breidenbach.

Commissioner Raymond: I move it is the sense of this Board that this property where the protest is made should not be assessed for this opening, and that this resolution be communicated to the Assessment Commission.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brennan, Gillen, Howe, Raymond, Mayor Breidenbach.

Commissioner Raymond offered the following ordinance which was read by the clerk:

An ordinance to provide for the open-

ing and widening of Aldine Street from the northerly line of Keer Avenue extending easterly, northerly about 302 feet and the opening and widening of Keer Avenue from a point in the northerly line thereof extending easterly distant 24.94 feet easterly from the northwesterly corner of Keer Avenue and Aldine Street, easterly about 144 feet.

The Board of Commissioners of the City of Newark, Do Ordain:

Section 1. That Aldine Street and Keer Avenue shall be opened and widened as public streets or highways, as follows:

Aldine Street from the northerly line of Keer Avenue extended easterly, northerly about 302 feet, as follows: Beginning at a point in the northerly line of Keer Avenue extended easterly, as the same is laid out on Map of Newark Housing Corporation, distant 24.94 feet easterly from the northwesterly corner of Keer Avenue and Aldine Street, said beginning point being in the westerly line of land belonging to Emil Brunner; thence along the westerly line of said Brunner North $47^{\circ} 36'$ East 301.74 feet to a point in the easterly line of Aldine Street; thence South $36^{\circ} 33\frac{1}{2}'$ West in extension of the easterly line of Aldine Street 32.16 feet; thence South $43^{\circ} 33' 30''$ West parallel to and distant 50 feet measured easterly at right angles to the westerly line of Aldine Street 266.42 feet to the northerly line of Keer Avenue extended easterly; thence along the northerly line of Keer Avenue extended easterly North $49^{\circ} 40' 20''$ West 25.14 feet to the place of beginning.

Keer Avenue from a point in the north-

erly line thereof extended easterly distant 24.94 feet easterly from the northwesterly corner of Keer Avenue and Aldine Street, easterly about 144 feet, as follows: Beginning at a point in the northerly line of Keer Avenue extended easterly as the same is laid out on Map of the Newark Housing Corporation, distant 29.94 easterly from the northwesterly corner of Keer Avenue and Aldine Street. Said beginning point being in the westerly line of property of Emil Brunner; thence in the extension of the northerly line of Keer Avenue South $49^{\circ} 40' 20''$ East 144.06 feet to the easterly line of Emil Brunner; thence along the easterly line of Brunner South $47^{\circ} 36'$ West 37.89 feet to the southeasterly corner of said Brunner; thence along the southerly line of Brunner North $40^{\circ} 47'$ West 142.96 feet to the southwesterly corner of Brunner; thence along the westerly line of Brunner North $47^{\circ} 36'$ East 15.63 feet to the place of Beginning.

All as shown on a map prepared under the direction of this Board, which map is hereto attached and made a part hereof and a copy of which map also is on file in the office of the Chief Engineer, Division of Surveys, Department of Public Works, known and designated as No. 1242-0, dated September 24, 1924.

Under and by virtue of the provisions of an act entitled, "An Act Concerning Municipalities" approved March 27, 1917, (P. L. 1917-319) and the supplements thereto and amendments thereof.

Section 2. That said improvement shall be undertaken as a local improvement and the cost thereof shall be assessed against the property peculiarly benefited by said improvement in propor-

tion to the benefits received, and in no case shall any assessment for said improvement exceed in amount such peculiar benefit, under and by virtue of the provisions of the act above referred to.

Section 3. That the following sums are hereby appropriated:

\$3,600.00 for Aldine Street Opening and Widening;

\$1,000.00 for Keer Avenue Opening and Widening;

to pay the cost of said improvements and for the purpose of meeting said appropriation and temporarily financing said improvement, temporary bonds or notes shall be issued from time to time, in an amount not to exceed \$3,600.00 for Aldine Street Opening and Widening and \$1,000.00 for Keer Avenue Opening and Widening, under and by virtue of the provisions of an act entitled "An Act to authorize and regulate the issuance of bonds and other obligations and the incurring of indebtedness by county, city, borough, village, town, township or any municipality governed by an investment commission" approved March 22, 1916, (P. L. 1916-525) and the supplements thereto and amendments thereof, which bonds or notes shall bear interest at a rate not to exceed six per centum per annum. All other matters in respect to such temporary bonds or notes shall be determined by the Director of Revenue and Finance who is hereby authorized to execute and issue said bonds or notes.

Section 4. That this ordinance shall take effect immediately and all ordinances or parts of ordinances inconsistent

with the provisions of this ordinance, be and the same hereby are repealed.

The ordinance having been read once, Commissioner Raymond moved that it be ordered to a second reading.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brennan, Gillen, Howe, Raymond, Mayor Breidenbach.

The clerk then read the ordinance by sections:

Title declared open to amendment.

Section 1 declared open to amendment.

Section 2 declared open to amendment.

Section 3 declared open to amendment.

Section 4 declared open to amendment.

The ordinance was declared open to amendment in all its parts.

The ordinance having been read a second time, Commissioner Raymond moved that it be ordered to a third reading.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brennan, Gillen, Howe, Raymond, Mayor Breidenbach.

Commissioner Raymond moved that the ordinance be taken up on *intra* reading and final passage on January 27th.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brennan, Gillen, Howe, Raymond, Mayor Breidenbach.

Mr. Emil Brunner, 256 Chancellor Avenue: I want to speak on the Aldine Street opening.

Commissioner Raymond: That hearing has been closed.

Mr. Brunner: Haven't I got a say about Aldine Street?

Mayor Breidenbach: You wish to make a protest against it?

Mr. Brunner: Yes.

Commissioner Raymond: I move that the hearing be opened to permit this gentleman to speak.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brennan, Gillen, Howe, Raymond, Mayor Breidenbach.

Mr. Brunner: My property is 256 Chancellor Avenue and it runs from Chancellor Avenue 145 feet on Chancellor Avenue and joins into Aldine Street. When the Housing Corporation laid out this property they laid it out one hundred feet from Chancellor Avenue, when they made an "S" into it and it takes part of my greenhouse to get this street in and it leaves my property all on an angle and I wish to protest against them putting that street in there. They didn't want to

lose a part of their ground so they fixed it so that they could get the most they had and I get stuck. They have raised Aldine Street higher than gutter on my greenhouse. When it snows it will pile up and I will get about six or eight feet of snow on my glass.

Mr. Canniff: We lined Aldine Street up to conform to Chancellor Avenue. We were obliged to cut in there to conform to Chancellor Avenue.

Mr. Brunner: Why didn't they come to me like a man and tell me what they were going to do.

Commissioner Raymond: What is your suggestion?

Mr. Brunner: I would have donated Keer Avenue if they hadn't put in this sewer.

Mr. Canniff: We opened this street in this manner rather than have a turn in it.

Mr. Brunner: That was put in there so that you could avoid losing any houses.

Commissioner Gillen: I move it be referred to the Engineering Department.

Mr. Canniff: I made an offer that we would put retaining walls in there to protect Mr. Brunner.

Mr. Brunner: You come out there with a whole bunch of men and said you would take off six inches of the greenhouse and you says that fifty dollars will cover that. After that I didn't want any-

thing to do with you. If they do put a retaining wall there the snow will come up against the retaining wall and lay against my glass. The retaining wall will be higher.

Mr. Van Duyne: Those lots on the western line have been built up. You cannot shift that line because of the houses that are there.

Commissioner Raymond: Where are they, on the edge of the sidewalk?

Mr. Congleton: These people have built on the line of what wasn't a street.

Commissioner Raymond: Were these houses built before the street was dedicated?

Mr. Brunner: We decided we could come from this corner and run straight through. The next week they put up the foundations for those houses to block us out.

Commissioner Raymond: The street wasn't dedicated up to the time the houses were built?

Mr. Van Duyne: That property was dedicated on the Newark Housing Company property map.

Commissioner Raymond: Weren't you a little premature in building those houses?

Mr. Canniff: This map was accepted by the City and so far as the property down this way is concerned the Newark Housing Company made the map and the City accepted it.

Mrs. Manning, corner of Aldine Street and Keer Avenue: We have half of a street in front of our house and I am expected to give half of it to the Newark Housing Company? What right has the City to accept half a street.

Commissioner Gillen: How did the city come to accept half a street there?

Commissioner Raymond: How was this done?

Commissioner Gillen: Your department can accept a street layout.

Commissioner Raymond: I didn't look over the map. I don't look over every map. I wouldn't know anything by looking at that. Apparently the City is not committed to anything by the accepting of this map.

Mr. Brunner: (Pointing to map) This is Mr. Walters' house and then I believe there is fifty or fifty-five feet belonging to the housing corporation in here, (indicating) running to nothing. Then they brought this street into there so that they would have room enough to put in lots in that section.

Commissioner Raymond: I move that it be referred back to me and I also move that the vote by which the ordinance was placed on second reading be reconsidered and the ordinance placed back on first reading.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brennan, Gillen, Howe, Raymond, Mayor Breidenbach.

The City Clerk presented notice of intention for the vacation of a portion of Abington Avenue and stated that to-day was the time fixed for hearing on the same.

The Board then entered upon said hearing.

Mayor Breidenbach: Any citizen wish to be heard?

There being no one to be heard, Commissioner Gillen moved that the hearing be closed.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brennan, Gillen, Howe, Raymond, Mayor Breidenbach.

Commissioner Raymond offered the following ordinance which was read by the clerk:

An ordinance providing for the vacation of a portion of Abington Avenue West from Third Street westerly to Bloomfield Avenue, the portion to be vacated being a 14 ft. strip which is included between the northerly line of Abington Avenue West as now laid out 66 ft. wide and the northerly line of Abington Avenue as the same was laid out 80 ft. wide on the Map of Commissioners to lay out streets, avenues and squares, excepting such parts of said 14 ft. strip as lie within the limits of Fourth Street, Fifth Street, North 6th Street, North 7th Street and North 8th Street.

The Board of Commissioners of the City of Newark, Do Ordain:

Section 1. That a portion of Abington Avenue west from Third Street westerly to Bloomfield Avenue shall be vacated as a public street or highway, the portion to be vacated being a 14 ft. strip which is included between the northerly line of Abington Avenue west as now laid out 66 ft. wide and the northerly line of Abington Avenue as the same was laid out 80 ft. wide on the Map of the Commissioners to lay out streets, avenues and squares, excepting such parts of said 14 ft. strip as lie within the limits of Fourth Street, Fifth Street, North 6th Street, North 7th Street and North 8th Street, and as shown on map on file in the office of the Chief Engineer, Division of Surveys, Department of Public Works, known and designated as No. 1315-V, under and by virtue of the provisions of Section 1, sub-division (b), of Article XXII, of an act of the Legislature of the State of New Jersey, entitled "An Act Concerning Municipalities" approved March 27, 1917, and the acts amendatory thereof and supplementary thereto.

Section 2. That this ordinance shall take effect immediately and all ordinances or parts of ordinances inconsistent with the provisions of this ordinance, be and the same are hereby repealed.

The ordinance having been read once, Commissioner Raymond moved that it be ordered to a second reading.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brennan, Gillen, Howe, Raymond, Mayor Breidenbach.

The clerk then read the ordinance by sections.

Title declared open to amendment.

Commissioner Brennan moved that the title of an ordinance to amend an ordinance entitled: "An ordinance regulating and restricting the location of trades and industries and the location of buildings designed for specified uses, and regulating and limiting the height and bulk of buildings hereafter erected, and regulating and determining the area of yards, courts and other open spaces surrounding buildings, and establishing the boundaries of district for the said purposes and providing penalties for the violation of its provisions", adopted December 31, 1919, be taken for its third reading.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brennan, Gillen, Howe, Raymond, Mayor Breidenbach.

The clerk then read the title of the ordinance as follows:

An ordinance to amend an ordinance entitled: "An ordinance regulating and restricting the location of trades and industries and the location of buildings designed for specified uses, and regulating and limiting the height and bulk of buildings hereafter erected, and regulating and determining the area of yards, courts and other open spaces surround-

ing buildings, and establishing the boundaries of districts for the said purposes and providing penalties for the violation of its provisions", adopted December 31, 1919.

The ordinance having been read three times was then declared to be upon its third and final passage.

The roll being called, the ordinance was declared adopted by the following votes:

Yeas: Commissioners Brennan, Gillen, Howe, Raymond, Mayor Breidenbach.

Commissioner Raymond offered the following resolution:

WHEREAS, The Board of Commissioners of the City of Newark, at a meeting thereof held on January 6, 1925, did approve of its local budget for the fiscal year 1925, under the provisions of Chapter 192 of the Laws of 1917, and the acts amendatory thereto; and did designate Tuesday, January 20, 1925, at 10 A. M., and the City Hall, as the time and place when and where all objections thereto might be presented by any taxpayer of said municipality, and did direct the City Clerk to publish said budget, together with the notice of time and place of public hearing thereon, as provided for by said act, and also to forward a copy of said Budget to the Commissioner of Municipal Accounts; and

WHEREAS, Proof of publication of said Budget and notice of hearing thereon has been filed, showing the publication thereof, as required by law; and

WHEREAS, Said Board of Commis-

sioners did meet at the time and place so
 fixed for the hearing of objections and
 having given all persons desiring to be
 heard upon said budget an opportunity
 to state their objections and having con-
 sidered the same;

Newark, N. J., January 19th, 1925.
Board of City Commissioners,
City of Newark,
Newark, N. J.
Gentlemen:

On behalf of the members of the Police and Fire Department of Newark, we desire to express our appreciation of your generosity in granting the recent salary increase and to assure you that this action by your Board will prove an incentive for more efficient service in both departments.

Respectfully yours,

The Committee,
John Dwyer, Chairman.

Ordered filed.

Commissioner Brennan offered the following ordinance which was read by the clerk:

An ordinance to amend an ordinance entitled: "An ordinance regulating taxicabs, automobiles and other motor vehicles, used for hire, and providing penalties for the violation thereof", adopted August 23, 1921."

The Board of Commissioners of The City of Newark, Do Ordain:

1: That Section 1 of the above entitled ordinance be and the same is hereby amended to read as follows:

1. No person or persons, firm or corporation shall hire out, keep or use for

hire, or pay, or cause to be kept or used for hire or pay, any automobile, taxicab, or other vehicle propelled by motor power for the transportation of passengers for hire or pay, within the City of Newark, without first having obtained a license for that purpose. All applications for licenses shall be accompanied by an insurance policy of a company duly licensed to transact business under the insurance laws of the State of New Jersey in the sum of Five thousand dollars (\$5,000.) against loss from the liability imposed upon the owner or any such taxicab, automobile or other vehicle, on account of bodily injuries or death suffered by any person or persons as a result of an accident occurring by reason of the ownership, maintenance or use of any such taxicab or other vehicle; provided that any owner or owners of five or more of such taxicabs, automobiles, or other vehicles, may furnish an insurance policy in the sum of Twenty-five thousand dollars (\$25,000.) in lieu of the policy or policies hereinbefore referred to; and *provided further* that instead of insurance policies any and all applications for licenses may be accompanied by a bond or other security for the purpose of satisfying any final judgment that may be obtained against any person, firm or corporation operating any such automobile, taxicab or other vehicle on account of bodily injury, or death suffered by any person or persons as a result of any accident occurring by reason of the ownership, maintenance or use of any such automobile, taxicab or other vehicle, which bond or other security shall be satisfactory to and approved by the Director of the Department of Revenue and Finance.

2. All ordinances and parts of ordin-

ances inconsistent herewith be and the same are hereby repealed.

3. This ordinance shall take effect immediately.

The ordinance having been read once, Commissioner Brennan moved that it be ordered to a second reading.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Birennan, Gillen, Howe, Raymond, Mayor Breidenbach.

The clerk then read the ordinance by sections.

Title declared open to amendment.

Section 1 declared open to amendment.

Section 2 declared open to amendment.

Section 3 declared open to amendment.

The ordinance was declared open to amendment in all its parts.

The ordinance having been read a second time, Commissioner Brennan moved that it be ordered to a third reading.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brennan, Gillen, Howe, Raymond, Mayor Breidenbach.

Commissioner Brennan moved that the ordinance be taken up on third reading and final passage on January 27th.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brennan, Gillen, Howe, Raymond, Mayor Breidenbach.

Mr. Myron Morse: There is a little matter I want to bring before the Commissioners, not in a fault-finding way, but in a constructive way. A week ago Sunday a relative of mine died in 13th Avenue and was buried on Tuesday, a week ago today. You will remember this snow came and the plows had gone through 13th Avenue to open it and threw the snow on the side and in front of the house was a bank of snow which on Sunday and Monday had become ice, and an opening had to be made in order to get the body into the hearse. I didn't know how to accomplish it and it seemed to me that the thing to do was to come to the city. I phoned down and thought as work was to be done, and when it hadn't been done I phoned Mr. Doremus and Mr. Doremus assured me he had no funds for doing the work. I said, "Don't you think it would be well for me to appear before the Commission?" I am here at any rate. I think when necessity comes like that—that when a taxpayer dies he should be given the privilege of getting out into a hearse.

Commissioner Raymond: I am sorry for the trouble you had, Dr. Morse, and for the first few days of the snow we did as much as we could for people under those circumstances, but we found it was running to such an expense that we couldn't continue it. I don't know how far we can go. I would like to take a referendum to see how many millions of dollars the city of Newark would care to spend on snow removal.

Mr. Morse: The snow should have been carted away, and there was no way

of removing it without carting it away, and I saw no other way to do it than to call up the city and ask them to send men up there to do the work.

Commissioner Raymond: We didn't have the money to do that after a few days. We will take the matter up and see what we can do.

Mr. Morse: I am speaking for other people as well as for myself.

Mr. Philip Lowitz, 9 Clinton Street: I have a petition on behalf of Bertha Frankle, 49 Halsey Place, which sets up that she is the owner of that piece of property; that it was conveyed to her and in the chain of title is a deed from the Mayor and Common Council of the City to one Bertha Watson. Mrs. Frankle is about to mortgage those premises at this time and finds that in that deed from the Mayor and Common Council there is a certain reversionary interest in the City, and for that reason she cannot obtain the mortgage, and she prays that this body release that reversionary interest and instead of a reversion to make it a covenant running with the land.

Mr. Congieton: Is that in the Clinton Hill Section?

Mr. Lowitz: Yes, sir.

Commissioner Howe: I move it be received and referred to the Law Department.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brennan, Gillen, Howe, Raymond, Mayor Breidenbach.

Commissioner Gillen offered the following resolution:

RESOLVED, That the sum of One thousand eighty dollars and eighty cents (\$1,080.80) be and the same is hereby appropriated to the City Treasurer as per annexed certified list, being the weekly payroll of the Department of Parks and Public Property for week ending January 14, 1925, as follows:

Rev. B. Boscarlei, Pastor of the Baptist Church of Silver Lake, New Jersey:

Mr. Mayor and Gentlemen Commissioners of the City of Newark:

I am here with some of my fellow citizens representing the united societies of Silver Lake section of Belleville, New Jersey, to present before you, and ask you for your support in the new movement to annex that section of Belleville to the City of Newark, New Jersey. Gentlemen, this is the seventeenth year that the people of Silver Lake have always expressed themselves of the desire to be annexed to this City of Newark. It is the eleventh year that I have been the pastor in that section and I have always been interested personally, and the people have always appeared to me to always bring about a yearly movement. We do not have any greivances against the Town of Belleville at all. The Town of Belleville has given us all the privileges any town could have given. We are thankful for that Geographical reas-

ons have always compelled the people there to ask to be annexed to Newark. We have no direct connection with the City of Belleville geographically. There are no direct roads. To go there we have to go through Newark to Bloomfield. Through Newark it would cost the people fifteen cents to go and fifteen cents to come back, and then there is the length of time. There are many other privileges that the people have repeatedly expressed a desire for, for instance, the schools. No town can compete with your schools. We have to grant that; your high schools have really come to such a high intellectual point that no town can really bring them up to that point. Then take the evening schools, where young men want to take up different trades. I know of a group of men who go to Bloomfield and register as residents of Bloomfield so as to go to the schools there. I know there are young men who register as residents of Newark so that they can go to your schools. Those are the facts, and therefore the people think they would have many more privileges if they were annexed to Newark. We are supplied with water from Newark and we are paying one-third more because we don't belong to the City of Newark. Take, for instance, the big library in Newark that we could use. How can a person from Silver Lake go to Belleville to borrow a book? We will stand for higher education, and thus develop a desire for education. There is an impelling desire on the part of the people to be annexed to Newark. Take your hospitals and many other items we can mention. It is my experience in the last year, when we ran a summer school in Silver Lake, that when we have packages sent through the express company they wouldn't come to

Silver Lake. They were delivered in Bloomfield but they wouldn't come to Silver Lake. So we are really deprived, on account of the geographical situation of many privileges. Take the telephone; what good is the telephone in the Belleville or Bloomfield Section, when all the business is in Newark? Take many other items gentlemen, it would be like an offer to express this one thought; this is the seventeenth year that the people of Silver Lake have been here to ask to be annexed to Newark, and now for one legal technicality or another they have not been admitted. Last night Assemblyman Minisi offered a bill to annex Silver Lake to Newark, and on behalf of the Silver Lake residents I present this to you, to support this movement, for you would be supporting the will of the people. I thank you.

Mayor Breidenbach: Any other citizen wish to be heard on the Silver Lake annexation?

Commissioner Gillen: I move the matter be referred to the Mayor.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brennan, Gillen, Howe, Raymond, Mayor Breidenbach.

Mayor Breidenbach: Any other citizen wish to be heard?

(No response).

Commissioner Raymond moved that the title of "An ordinance providing for the vacation of Duffy's Lane also called North Third Street from the north side of Orange Street to a line about 170 feet

north of the eastern extension of the northerly line of Sixth Avenue west and for the vacation of that portion of Hercules Street, lying south of the southerly line of Seventh Avenue and west of the westerly line of Second Street and east of the easterly line of Duffy's Lane (now being vacated)," be taken for its third reading.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brennan, Gillen, Howe, Raymond, Mayor Breidenbach.

The clerk then read the title of the ordinance as follows:

An ordinance providing for the vacation of Duffy's Lane also called North Third Street from the north side of Orange Street to a line about 170 feet north of the eastern extension of the northerly line of Sixth Avenue west and for the vacation of that portion of Hercules Street, lying south of the southerly line of Seventh Avenue and west of the westerly line of Second Street and east of the easterly line of Duffy's Lane (now being vacated).

The ordinance having been read three times was then declared to be upon its third and final passage.

The roll being called, the ordinance was declared adopted by the following votes:

Yeas: Commissioners Brennan, Gillen, Howe, Raymond, Mayor Breidenbach.

Commissioner Raymond moved that the title of "An ordinance providing for

the vacation of a portion of Abington Avenue west from Third Street westerly to Bloomfield Avenue, the portion to be vacated being a 14 ft. strip which is included between the northerly line of Abington Avenue west as now laid out 66 ft. wide and the northerly line of Abington Avenue as the same was laid out 80 ft. wide on the Map of Commissioners to lay out streets, avenues and squares, excepting such parts of said 14 ft. strip as lie within the limits of Fourth Street, Fifth Street, North 6th Street, North 7th Street and North 8th Street," be taken for its third reading.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brennan, Gillen, Howe, Raymond, Mayor Brendenbach.

The clerk then read the title of the ordinance as follows:

An ordinance providing for the vacation of a portion of Abington Avenue west from Third Street westerly to Bloomfield Avenue, the portion to be vacated being a 14 ft. strip which is included between the northerly line of Abington Avenue west as now laid out 66 ft. wide and the northerly line of Abington Avenue as the same was laid out 80 ft. wide on the Map of Commissioners to lay out streets, avenues and squares, excepting such parts of said 14 ft. strip as lie within the limits of Fourth Street, Fifth Street, North 6th Street, North 7th Street and North 8th Street.

The ordinance having been read three times was then declared to be upon its third and final passage.

The roll being called, the ordinance was declared adopted by the following votes:

Yeas: Commissioners Brennan, Gillen, Howe, Raymond, Mayor Breidenbach.

Commissioner Brennan moved that the title of "An ordinance relating to and fixing the salaries of certain officers and employes of the Divisions of Fire and Police of the Department of Public Safety of The City of Newark," be taken for its third reading.

Yeas: Commissioners Brennan, Gillen, Howe, Raymond, Mayor Breidenbach.

Mr. Joseph Benisch: (Representing the Brown and White Cab Company), We would like to know when this will take effect.

Mayor Breidenbach. Immediately.

Mr. Joseph Benisch: It seems as there is no insurance company which is willing to take charge.

Mr. Congleton: Their permit runs out the first of February, and I don't desire to dispute the gentleman's statement that no insurance company will take them on, but that is not according to the information that has come to me from other channels. I know there have been agents of insurance companies very active lately in trying to get the business.

Commissioner Brennan: And they have the right under this ordinance to deposit insurance policies or other collateral.

Mr. Joseph Benisch: Today is the 27th. That only gives us four days. We would at least ask for a thirty day extension.

Commissioner Brennan: I am not sure that we are going to prohibit you from doing business if you show a bona fide desire to comply with the provisions of this ordinance.

Mr. Joseph Benisch: If it is within your ability to give us thirty days, I think the taxicab owners are heartily in favor of getting the insurance. We must have time to get it. We have tried four or five different companies.

Commissioner Brennan: It has been discussed for over a year.

Commissioner Howe: I have had representatives come before me and one of their arguments has been that the insurance companies were asking such a high rate that it was almost prohibitive. You say you can't get any. They say they can, but it is costly.

Mr. Joseph Benisch: We have tried the Travelers and we have got the Commonwealth working on it.

Commissioner Howe: You have a local company here, haven't you?

Mr. Joseph Benisch: The Commercial Casualty. There is no taxies insured in Newark at the present time. We can also show you proof that the Travelers has refused to take it.

Commissioner Gillen: That is liability insurance?

Mr. Joseph Benisch: Liability. We are trying to form a mutual company but we have got to have more time. It has just been taken up since we found out we couldn't get insurance from any conference company. I think if we had a little more time I think we would be in a position to form this company.

Mayor Breidenbach: Is there no way of granting thirty days grace on this:

Mr. Congleton: All these permits for cabs expire February 1st. If we postpone the time for this ordinance to take effect, we won't be working properly under it until next year. The Director has stated that anybody that was endeavoring to get a policy would not be stopped from operating.

Mr. Joseph Benisch: We find that each year after the fifteenth or first of March we have a raid on taxi licenses and our cabs are taken off the street if we don't have the license.

Commissioner Howe: Don't you think that should be done?

Mr. Joseph Benisch: Every taxi driver in Newark at the present time is willing to carry insurance, but we can't get it.

Commissioner Howe: You say if you haven't a license your cabs will be taken off the street. Don't you think that is fair?

Mr. Joseph Benisch: There will be a lot of competition in regards to insuring the cabs. The question is whether the legitimate companies will take us.

Commissioner Howe: According to this resolution we decide on the validity of your policy or bond. The Commission has put it up to me.

Mr. Joseph Benisch: There is a lot that won't be in a position to put up the \$25,000 bond.

Commissioner Gillen: If you get insurance you don't need a bond.

Mr. Congleton: The ordinance provides that they must give a policy of \$5,000 for a single taxicab but in order to take care of the companies operating a number of cabs we provided that there could be a policy they could give a bond or other security satisfactory to the Director of Revenue and Finance.

Commissioner Gillen: Suppose these men wanted to create a mutual company—that would be a proper thing for them to do. There are many mutual companies all through the country.

Commissioner Howe: How many cars have you?

Mr. Joseph Benisch: We operate forty-two.

Commissioner Howe: Don't you have a sinking fund of your own?

Mr. Joseph Benisch: We do.

Commissioner Brennan: If the taxi operators are endeavoring to comply with the provisions of this ordinance I wouldn't stop them from operating if there was an honest effort being made to comply with the ordinance.

Commissioner Gillen: I think you are safe at the Director's hands.

Commissioner Brennan: I don't suppose it will run into a period of six months.

Mayor Breidenbach: The Director says he is going to go along with you until you can get the matter in shape.

Mr. Joseph Benisch: The ordinance is passed and it is out of the hands of the Director.

Commissioner Howe: He said he will give you thirty days.

Commissioner Raymond: It isn't reasonable to suppose that they will take all the taxicabs off the street because you

can't get insurance, if you are making a bona fide attempt to get it.

of the City of Newark, N. J.:

The petition of Julius Krautter, respectfully shows that

He is the owner of premises, located on the Easterly side of Clinton Place commencing at the Northerly side of Lehigh Avenue and being Nos. 298-326 Clinton Place, Lots Nos. 1-15 on Block 3633, on Map of the Ideal Improvement Company tract, situate in the City of Newark, Essex County, N. J., made by Harrison R. Van Duyne, surveyor.

Your petitioner respectfully shows that he made application to the Adjustment Board of the City of Newark requesting the Adjustment Board to lift the zoning restrictions against said premises to allow the building of business property, so as to make it a business zone, and that your petitioner complied with all requirements of said Board, notified property owners of the request for said change and that at the public hearing before said Commissioners on Thursday, January 15, 1915, the said Commissioners voted all in favor of said change.

And that at the request of said Adjustment Board, your petitioner has and does hereby petition your Board for said change, changing the Zoning Restrictions of said property from residential to business.

And your petitioner will ever pray, etc.
Julius Krautter,
Petitioner.

Presented by
Maurice J. Zucker,
24 Branford Place.

Mayor Breidenbach offered the following resolution:

WHEREAS, A petition has been presented to the Board of Commissioners of the City of Newark, by Bertha Frankel, wife of Jacob Frankel, setting forth that she is the owner of certain lands and premises in the city of Newark, county of Essex and state of New Jersey, described as follows:

BEGINNING at a point in the westerly line of Charlton Street distant about sixty-six feet and eight hundredth of a foot south of the southerly line of Rose Street; thence westerly at right angles to Charlton Street one hundred feet; thence southerly parallel with Charlton Street twenty-five feet; thence easterly one hundred feet to the westerly line of Charlton Street; and thence northerly along the same twenty-five feet to the place of BEGINNING: Being lot number twenty-six (26) on a map of property known as the Clinton Hill property, on file in the office of the City Surveyor of the city of Newark.

That title to the above described premises were conveyed by Mayor and Common Council of the City of Newark to Betty Dickerson, wife of Augustus Dickerson, by deed recorded in book L 23 of Deeds for Essex County, page 424. That after various deeds and conveyances the above described premises were conveyed to Rose Komrower and by Rose Komrower and Samuel, her husband, to Bertha Frankel by deed recorded in book 0 49 of Deeds Page 8, etc.

And that when the lands and premises above described were conveyed to Betty Dickerson by Mayor and Common Coun-

cil of the City of Newark by deed recorded in book L 23 of Deeds for Essex County, page 424, the deed thereto was made subject to the following conditions:

(a) That no stable, barn, carriage or out-houses shall be built or erected thereon within less than sixty feet of the street or front line of the said property.

(b) That no factory, manufacturing establishment shall be built or erected thereon, or any business of that kind carried on upon the said premises.

(c) That no building built or to be erected thereon shall be used for the purpose of a liquor store or saloon.

(d) That every dwelling to be built or to be erected thereon shall be located so that the front line thereof shall be at least six feet from the front or street line of the said property, and such dwelling shall be erected at a cost of not less than Two Thousand Dollars.

On breach of these conditions, or either of them, the estate hereby granted shall cease and determine, and the party of the first part, their heirs, executors, administrators and assigns, shall have the right to enter thereon and take full possession thereof, and to use, hold and occupy the said property as of their former estate.

The said conditions as above stated have greatly hampered and do greatly hamper said petitioner in the enjoyment of said lands, and are an obstacle in the way of selling or mortgaging the same, in consideration of which said petitioner did request the City of Newark to release said lands and premises from the right

of entry for condition broken created in the Mayor and Common Council by virtue of the conditions set forth in said deed to Betty Dickerson.

Now, THEREFORE BE IT RESOLVED, That the proper officers of the City of Newark be authorized and directed to execute in the name of The City of Newark a release to said Bertha Frankel, the owner of the premises above described, and the petitioner mentioned in said petition, which said release shall be drawn so as to release the said lands and premises from the right of entry for condition broken created in the Mayor and Common Council of the City of Newark by said deed from them to Betty Dickerson, by which, on breach of the conditions therein contained, the title to the said lands and premises granted by said deed was to cease and determine, and the said Mayor and Common Council of the City of Newark, its successors and assigns, was to have the right to enter thereon, and take full possession thereof, and to use, hold and occupy the said property as of their former estate.

Provided, however, that said release shall be approved by a member of the Law Department of the City of Newark, and shall be drawn in such a manner as to change the conditions placed upon said land by said deed to Betty Dickerson from the form of conditions which provide for a forfeiture of the estate, in case of a breach thereof, to the form of covenants to run with the land, and to the binding upon the owners thereof, their successors, heirs and assigns, so that the owners of said lands and premises shall not be released from the obligation to keep and observe all of the re-

strictions which were attached to said lands and premises by deed to said Betty Dickerson.

MINUTES OF MEETINGS
OF THE
Board of Commissioners

February, 1925

NEWARK, N. J.

February 3, 1925.

A regular meeting of the Board of Commissioners of the City of Newark, N. J., was held on above date in the Commissioners' Chamber, City Hall, Newark, at 11 A. M.

Present: Commissioners Brennan, Howe, Raymond and Mayor Breidenbach.

Absent: Commissioner Gillen.

The minutes of meeting of January 27 were read and approved.

Mayor Breidenbach: Any citizen wish to be heard?

Mr. John D. DeWitt, 115 Roseville Avenue, Newark, N. J. I am here this morning in behalf of the Veterans Alliance of Essex County. The National Organization of the Lincoln Memorial Association has requested the Veterans Alliance to properly observe Lincoln's

Birthday, and we have arranged a little program, and we petition your Honorable Body to co-operate with us and we would like a little assistance in this way: We would like the services of policemen; we would like to have a small stand erected, and would like to know if the Commission feel that they could donate a proper amount to assist us. We feel this matter concerns all the citizens, as the Lincoln statue in front of the Court House is one of the finest in the world.

Commissioner Howe: I move the request be referred to the Mayor.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brennan, Howe, Raymond, Mayor Breidenbach.

Mayor Breidenbach: Any other citizen wish to be heard?

Mr. Alvin Ruderman, 100 Rose Terrace Gentlemen, we represent a Com-

mittee of property owners in the immediate vicinity of 50 Peshine Avenue. There has been a request for a permit for a chicken market at that address. We have attended several times at the meetings of the Adjustment Commission but we haven't been able to get any satisfaction.

Mayor Breidenbach: Is that around the Clark Lumber Company?

Mr. Ruderman: Yes, sir.

Mayor Breidenbach: I can assure you there will be no chicken market there. I had a delegation to see me last week and I assured them that there would be no chicken market there.

Mr. Ruderman: At the last meeting, and every time I got there they adjourned the hearing for two weeks or a month. At the last meeting I objected to it and told them I thought it wasn't fair to have fifteen or twenty people waiting there and Mr. McDermott just simply bawled us out for even coming down. I didn't think that was very fair treatment on the part of Mr. McDermott. We thought we weren't getting treated properly downstairs so we came before you this morning.

Commissioner Brennan: You mean Chief McDermott?

Mr. Ruderman: Yes.

Mayor Breidenbach: I don't see why they should bawl you out. We don't bawl anybody out who comes before this Commission. We invite the public here to tell us their troubles.

Mr. Ruderman: We went there four or five times.

Mayor Breidenbach: Do you want to make a complaint?

Mr. Ruderman: No, but we want to mention the fact that we want to receive courtesy.

Commissioner Howe: What you have said now is a matter of record.

Mr. Ruderman: Would you want, as a matter of record, our complaints, or would the complaints sent to the Zoning Commission be enough?

Mr. Congleton: Even though the Board of Adjustments makes an exception, that doesn't permit them to carry on the business of a chicken market without having a permit so to do from the Board of Health which the Mayor presides over, and when he tells you he will not issue a permit for a chicken market, there you need not give much concern to what the Board of Adjustments may do. Banking on the Mayor's statement I wouldn't waste much more time from my business going to the Board of Adjustments.

Mayor Breidenbach: Any other citizen wish to be heard?

(No response.)

The City Clerk presented notice of intention for the construction of a sewer in Frelinghuysen Avenue to be known and designated as "Waverly Sewers, Section 3", and stated that today was the time fixed for hearing on the same.

The Board then entered upon said hearing.

Mayor Breidenbach: Any citizen wish to be heard?

Mrs. Isador Sherman, 80 Dayton Street: I have at 80 Dayton Street a two family house worth only ten thousand dollars, and I pay \$265. a year taxes, so that I thought there was something the matter when I got this notice. It is too much. I thought we were taxed enough.

Commissioner Howe: You will get another notice to appear before the Assessment Commission later. Everybody will get another notice.

Mayor Breidenbach: Any other citizen wish to be heard

(No response.)

There being no one else to be heard, Commissioner Brennan moved that the hearing be closed.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brennan, Howe, Raymond, Mayor Breidenbach.

Commissioner Raymond offered the following ordinance which was read by the clerk:

An ordinance to provide for the construction of a system of sewers to be known and designated as "Waverly Sewers, Section 3".

The Board of Commissioners of the City of Newark, Do Ordain:

Section 1 That a system of concrete sewers to be known and designated as "Waverly Sewers, Section 3" shall be constructed as follows: A system of concrete sewers through a right of way to be acquired about 450 feet south of and parallel with Van Duyne Street from the easterly side of the property of the Pennsylvania Railroad to Frelinghuysen Avenue. This sewer to be equal in capacity to a seventy-eight (78) inch circular sewer; together with the following branches: In Frelinghuysen Avenue from the aforesaid right of way to Evergreen Avenue a forty-two (42) inch sewer and from Evergreen Avenue to Wharton Street a thirty-three (33) inch sewer. In Frelinghuysen Avenue from Van Duyne Street to Foster Street a thirty-six (36) inch, from Foster Street to Whittier Place a twenty-seven (27) inch, from Whittier Place to Emerson Place a twenty-four (24) inch and from Emerson Place to Lowell Place an eighteen (18) inch sewer. Also a branch through Dreamland Park from Frelinghuysen Avenue to Dayton Street, the part from Frelinghuysen Avenue for a distance of about 400 feet westerly to be twenty-four (24) inch and the balance fifteen (15) inch. Also a twenty-four (24) inch branch in the line of Neck Brook from the aforesaid right of way for a distance of about 200 feet southerly. Together with all the appurtenances necessary to complete the same, in accordance with the plans, specifications and profiles dated January 8th, 1925, and now on file in the office of the Department of Public Works, and under and by virtue of the provisions of an act entitled "An Act Concerning Municipalities" approved March 27, 1917 (P. L. 1917-319) and the supplements thereof and amendments thereto.

Section 2. That said improvement shall be undertaken as a local improvement and the cost thereof shall be assessed against the property benefited by said improvement, in proportion to the benefits received, under and by virtue of the provisions of the acts above referred to.

Section 3. That the sum of \$100,000.00 is hereby appropriated to pay the cost of said improvement, and for the purpose of meeting said appropriation and temporarily financing said improvement, temporary bonds or notes shall be issued from time to time in an amount not to exceed \$100,000.00 under and by virtue of the provisions of an act entitled "An Act to authorize and regulate the issuance of bonds and other obligations and the incurring of indebtedness by county, city, borough, village, town, township, or any municipality governed by an improvement commission" approved March 22, 1916, (P. L. 1916-525) and the supplements thereto and amendments thereof, which bonds or notes shall bear interest at a rate not to exceed six per centum per annum. All other matters in respect to such temporary bonds or notes shall be determined by the Director of the Department of Revenue and Finance who is hereby authorized to execute and issue said bonds or notes.

Section 4. That this ordinance shall take effect immediately and all ordinances or parts of ordinances inconsistent with the provisions of this ordinance, be and the same are hereby repealed.

The ordinance having been read once, Commissioner Raymond moved that it be ordered to a second reading.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brennan, Howe, Raymond, Mayor Breidenbach.

The clerk then read the ordinance by sections:

Title declared open to amendment.

Section 1 declared open to amendment.

Section 2 declared open to amendment.

Section 3 declared open to amendment.

Section 4 declared open to amendment.

The ordinance was declared open to amendment in all its parts.

The ordinance having been read a second time, Commissioner Raymond moved that it be ordered to a third reading.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brennan, Howe, Raymond, Mayor Breidenbach.

Commissioner Raymond moved that the ordinance be taken up on third reading and final passage on February 10th.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brennan, Howe, Raymond, Mayor Breidenbach.

The City Clerk presented notice of intention for the construction of a for-

ty-five inch sewer in Wainwright Street and stated today was the time fixed for hearing on the same.

The Board then entered upon said hearing.

Mayor Breidenbach: Any citizen wish to be heard?

Mr. Edward Stevens, 132 Schley Avenue: Is this the Board that can give me some information in reference to the sewer that is going through?

Mayor Breidenbach: What is it you wanted to know?

Mr. Stevens: Whether I will be able to hook up to the sewer for storm water, and about what that assessment will be, if I am going to be assessed. Im nearly one thousand feet from where that is to start.

Mr. Rankin: You won't be able to hook into it and about the assessment, that is entirely up to the Assessment Commission. No doubt the assessment will be very low. We sent these notices to every one in the drainage area. They will probably make the assessment only on the property directly benefited.

Mr. Stevens: What would my assessment be if I can't hook up to the sewer?

Mr. Rankin: It takes care of the water that runs through and across your property.

Mr. Stevens: In what way would it benefit me?

Mr. Rankin: That, you will have to take up with the Assessment Commissioners.

Commissioner Howe: If you care you can go up to the Assessment Commission.

Mr. Stevens: I was up there and they says, "Go downstairs and have it out down there."

Commissioner Howe: It is up to them.

Mr. Congleton: Has the improvement been authorized?

Mr. Rankin: The ordinance has been introduced.

Mr. Congleton: No one can tell, yet, what the assessment is going to be, because the contract for building the sewer has not yet been let.

Mr. Stevens: That notice says \$14,000.

Mr. Congleton: That is an estimate; What the City Engineers think it ought to cost. After the contract has been awarded then that goes to the Assessment Commissioners to apportion the cost amongst the properties that they think will benefit.

Mr. Stevens: What I was getting at was due to the fact that I was so far away from it.

Mr. Congleton: Property that is some distance from a storm water sewer reaps a benefit by having water that might otherwise go across the property go to this storm water sewer

Mr. Stevens: It couldn't very well with the surface drain there.

Mayor Breidenbach: Suppose you take that matter up with Mr. Rankin, the Engineer? Does any other citizen wish to be heard?

There being no one else to be heard, Commissioner Howe moved that the hearing be closed.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brennan, Howe, Raymond, Mayor Breidenbach.

Commissioner Raymond offered the following ordinance which was read by the clerk:

An ordinance to provide for the construction of a forty-five (45) inch concrete pipe sewer in Wainwright Street between Lyons Avenue and Chancellor Avenue.

The Board of Commissioners of the City of Newark, Do Ordain:

Section 1. That a forty-five (45) inch concrete pipe sewer, to be used for storm water only, shall be constructed in Wainwright Street between Lyons Avenue and Chancellor Avenue, together with all the appurtenances necessary to complete the same in accordance with the plans, specifications and profiles dated January 8th, 1925, and now on file in the office of the Department of Public Works, and under and by virtue of the provisions of an act entitled "An Act Concerning Municipalities" approved March 27, 1917 (P.

Yeas: Commissioners Brennan, Howe, Raymond, Mayor Breidenbach.

The following communication was received and read:

February 2, 1924.

Hon. Thomas L. Raymond,

City Hall, Newairk, N. J.

Dear Director:—

I enclose a statement which a special committee appointed by the Clinton Hill Improvement Association was requested to submit to the City Commission at its GAL FIVE—FEB MINUTES meeting tomorrow. As this matter has to do with your department, I thought that I would send you an advance copy and that you might do us the honor of presenting it to the Commission.

Southern Newark feels very strongly on this subject, and I am sure you will do what you can to help us. As you know, our section has been practically cut off from railroad and rapid transit facilities. We feel that the time has arrived to do something which will put us on a par with some of the other sections of the city. We don't want any favoritism, but we do believe that our problem is one of special importance, not only to us, but to the whole city.

Yours very sincerely,

William Buermann.

Commissioner Raymond: I am very glad to present that on behalf of the association, and think it properly should be referred to me.

Commissioner Howe: I move it be referred to Commissioner Raymond

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brennan, Howe, Raymond, Mayor Breidenbach.

Commissioner Raymond: I would like to have notice given that they are interested in this matter in this way, and that these matters be considered in the general scheme, and I should like to take it up with the association's representatives soon.

Mayor Breidenbach: I received a letter from the Essex Foundry criticising the elimination of the South Street Station and I will have it referred back to you.

Commissioner Howe: I have the tax ordinance here and I move its adoption.

Board of Education

Newark, N. J., February 2, 1925.

Board of Commissioners of

The City of Newark,

Gentlemen: —

At the meeting of the Board of School Estimate held on Monday morning, February 2, 1925, it was decided to respectfully recommend to the Board of Commissioners of the City of Newark that the sum of six million dollars (\$6,000,000.) be appropriated to the Board of Education for the current expenses of the schools for the school year beginning July 1, 1925, and ending June 30, 1926, as set forth in the attached certificate.

Yours truly,

R. D. Argue,

Secretary.

RESOLVED, That the Board of School Estimate does hereby respectfully recommend to the Board of Commissioners of the City of Newark that the sum of six million dollars (\$6,000,000) be appropriated to the Board of Education for the current expenses of the schools for the school year beginning July 1, 1925, and ending June 30, 1926; and that five thousand dollars (\$5,000.) of the above amount be specifically appropriated for manual training purposes.

JOHN HOWE

The Board of Commissioners of The City of Newark, N. J.

W. J. EGAN,
City Clerk

NEWARK, N. J.

February 10, 1925.

A regular meeting of the Board of Commissioners of the City of Newark, N. J., was held on the above date in the Commissioners' Chamber, City Hall, Newark, at 11 A. M.

Present: Commissioners Gillen, Howe, Raymond, Mayor Breidenbach.

Absent: Commissioner Brennen.

The minutes of meeting of February 3rd were read and approved.

A communication from the Board of Adjustment, in the matter of the application to change Lyons Avenue from Bergen Street to Clinton Place from a residence zone to a business zone was received and read.

Mayor Breidenbach: Any citizen wish to be heard?

Mr. Harris Miner, 115 Lyons Avenue: We heard it is going to be changed, that district, for stores. When we bought there the property it was residence property and I have been around to the neighbors and I have here a petition, we are all against the change. Here is a petition with thirty signatures, in the block from Bergen Street to Park View Terrace.

Commissioner Raymond: That block consists entirely of houses. To change that would be a brutal thing to do.

Mr. Miner: I don't see why that

should be done. All the way from Bergen Street to Park View Terrace is all built and there is only one vacant lot. They told me it is not necessary to bring the people down here, and if it is necessary to bring them here I will bring the whole army here. Thank you.

Mr. Louis Gildfarb, 66 Goldsmith Avenue: I own the property on Lyons Avenue—120 feet on Lyons Avenue. Mr. Mayor and gentlemen of the Board, there is approximately 3,100 feet of land affected by the changing of the zone, on both sides of the street. I presented a petition to the zoning board with over fifty-three per cent signers for it.

Commissioner Howe: For business?

Mr. Goldfarb: Yes sir, and in conjunction with that there are thirty-five per cent of that fifty-three per cent of property owners that own developed property. The petition was signed by the Beth Israel Hospital for it. There is business now west of Clinton Place, at Clinton Place, about one hundred feet east there is a business, a saloon, on the corner of Clinton Place and Lyons Avenue, and there was a permit issued recently on the south side of the street on Lyons Avenue for stores right between two 2-family houses, and it is a street that is absolutely ideal for business, a wide street no trolleys, plenty of room for parking, and it is an absolute necessity. I am the owner of 120 feet next to the hospital, and I am for business.

Mayor Breidenbach: I have had a number of complaints about the change up there.

Commissioner Raymond: How much of a change is this?

Commissioner Howe: The majority want it.

Mr. Goldfarb: From Bergen Street to Clinton Place.

Commissioner Howe: More than half of the section west of Bergen street up to where the hospital will be erected, is residence.

Mr. Goldfarb: The section from Bergen Street to Clinton Place is in the residential zone, and signers I have got there represent about eighteen hundred feet or seventeen hundred feet, out of the thirty-one hundred feet that there is there, for business.

Commissioner Howe: Does the hospital approve of it.

Mr. Goldfarb: The hospital approves of it.

Mr. Miner: According to the previous speaker, Mr. Goldfarb he has got in that block three signers. I will bring thirty of them from that block. I am not in that kind of business as a contractor. Mr. Goldfarb wants to please us with stores. Why? Because he is a contractor. He will sell it and get away with a few dollars. We are the property owners. We pay the taxes. When I bought of Mr. Goldfarb he didn't tell me that it is going to be stores there. Now he comes with a proposition, "Will you sell it?" No, I will not sell it. I want to stay there; I like that place, and I want to be protected by the City. The three citizens who signed, I can find them. And I don't know if they signed. On Park View Terrace I protest.

Mayor Breidenbach: Mr. Goldfarb, do you own that land on the corner of Bergen and Weequahic Avenue? I had several people who live around that section come in and see me this morning, and they were very much worried that you wanted to put a butcher shop on that corner.

Mr. Goldfarb: I haven't made any attempt on that.

Mr. Miner: It is rented out for a butcher shop on the corner of Bergen Street and Lyons Avenue and you are going to spoil the whole neighborhood. Mr. Goldfarb moved out from that neighborhood.

Mr. Goldfarb: Mr. Miner is right, the whole block is built up. I offered Mr. Miner a profit on his home and he wouldn't sell it.

Commissioner Raymond: That is the block with nothing but residences on it. The block you are interested in is above that? Why did you include that block in your application?

Mr. Goldfarb: I think it was recommended that we include it.

Commissioner Howe: Why not amend it to include the sections that are now open?

Commissioner Raymond: These Zoning Ordinances, Mr. Goldfarb can't be changed with the wind. When people are induced to build these houses you can't put them out.

Mayor Breidenbach: I might say that in the vicinity of the corner of Bergen

and Weequahic Avenue, where Mr. Goldfarb is expecting to put up a butcher shop, some of the people that own houses around there only bought the houses two years ago, and he comes around and puts a butcher shop on the corner. Why can't he keep near Lyons Avenue?

Mr. Goldfarb: We haven't put in any application to change it. I haven't made an application. I don't know what I am going to do with that corner. That isn't even considered here at all.

Mayor Breidenbach: You say the Beth Israel Hospital is in favor of all these stores?

Commissioner Raymond: I don't think they quite understand what all this is. I would like to hear them again on the subject before I decide it myself?

Mayor Breidenbach: I think we ought to give this matter several hearings.

Mr. Goldfarb: Mr. Leverite signed it. He thinks it should be business.

Commissioner Raymond: Where is that butcher shop you have got in mind, Mr. Mayor.

Mayor Breidenbach: Weequahic Avenue and Bergen Street.

Commissioner Raymond: Weequahic Avenue is residence.

Commissioner Howe: Bergen Street is all business.

Commissioner Raymond: Is there any application for any change there?

Mr. Goldfarb: No, sir.

Mayor Breidenbach: I had a man come in to see me today and he told me that you bought the lot for \$3,300, and that you told him you were going to put a butcher shop there. That you offered the lot for sale for \$8,500, and if they didn't buy it you were going to put a butcher shop there.

Mr. Goldfarb: I never threatened that at all. That is not so. There was an offer made to me of \$8,500 for the lot and I turned it down.

Mayor Breidenbach: I am going to vote against any stores below Lyons Avenue on Bergen Street.

Mr. Goldfarb: That hasn't been considered. I have made no attempt to come before the building department as yet.

Commissioner Raymond: Is there anybody here for it? I don't hear anybody for it. I will never go along with this request in the world. That is outrageous.

Mr. Herman: The original application was made by Mr. Hollander for the property that he purchased from Clinton Avenue down. There is nobody objecting against the project on Lyons Avenue. These gentlemen are opposed to the change below Park View Terrace.

Commissioner Raymond: That is in the business one.

Mr. Herman: No, that is in the residence zone. All the property owners have signed in favor of the change in this zone.

Commissioner Raymond: Do you object to business above Park View Terrace?

Mr. Miner: I am only fighting for my block. I certainly wouldn't like to have it there, but I am only interested in the block where I live. I do not object but I am not strong enough to object except for myself.

Mr. Herman: I made the application and we got the signatures of all the property owners, favoring the change.

Mr. Congleton: Why did the application cover property all the way down to Bergen Street? This petition came in and it was referred to the Board of Adjustment and we have before us this morning their report on it, so that the property owners know nothing about it, except one or two that they have heard of it.

Mr. Miner: I make a motion that it be postponed for a hearing.

Commissioner Raymond: I move the matter be laid over for two weeks for a public hearing. I don't want the ordinance prepared until I am prepared to vote for an ordinance.

Mr. Congleton: What are you going to notify the people about?

Commissioner Raymond: Notify them that we will hear them on the subject.

Mayor Breidenbach: There will be a public hearing Mr. Goldfarb in two weeks.

Mr. Goldfarb: I want this zone

changed above Park View Terrace, Mr. Mayor—I am not concerned below Park View Terrace. We were advised to change it from Bergen Street to Clinton Place. We have got signatures by all the people above Park View Terrace for it. Who are you calling the hearing for? If you want to make an amendment it should read from Park View Terrace to Clinton Place.

Mayor Breidenbach: It won't do any harm to give a public hearing

Commissioner Gillen: I represent the owners of almost one thousand feet of property on Lyons Avenue and I will say I am in favor of it.

Commissioner Raymond: The question arises as to whether it is fair to people who have built houses on other portions of Lyons Avenue. I think they have a right to be heard, before it is changed.

Mr. Goldfarb: We have one hundred per cent signers above that.

Commissioner Raymond: Owners have no right to change a zone. It depends on the character of the neighborhood. It may be that the owners nearby don't want it changed. Suppose I live at 16 East Kinney Street and the man who lives, at 17 East Kinney Street wants business there? He can't change the zone without my consent.

Mr. Goldfarb: This gentleman appeared before the zoning board.

Commissioner Raymond: The owners have not had notice. These owners have the right to be heard. They may say that they are willing that the property be changed. If they do, then we act with their knowledge and we know they are satisfied.

Commissioner Gillen: The right of petition is fundamental.

Commissioner Raymond: I further move that there be a public hearing held here in two weeks and that notice be published by the City Clerk, definitely stating in the notice what the hearing is called for. They then can be heard.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Gillen, Howe, Raymond, Mayor Breidenbach.

Mayor Breidenbach: Any other citizen wish to be heard?

Mr. Joseph Semel, 651 High Street: I don't want to take up a great deal of your time. I just want to discuss with you and get your opinion on a matter, which seems to me of great importance, and that is the matter of the proposed union station. I understand some bill is introduced in the legislature, or is about to be introduced, whereby the City will take the land down where that station is to be and will either build on it, or let it out to the Public Service and the Pennsylvania. It seems to me that a project of this size is a matter of such great importance that there should be a referendum on it. I think the citizens of Newark should be heard. There should be a public hearing before a refer-

endum, and before the legislation is introduced. In the event that we should build this terminal down there and those companies didn't want it the city might be forced to go into the traction business. That might not happen, but for that reason I suggest that this bill be amended and that we have a referendum on it, and get the opinion of all the citizens on it.

A petition was presented by Mr. Harris Miner, of 115 Lyons Avenue, protesting against the change in the zoning ordinance changing Lyons Avenue from Bergen Street to Clinton Place from a residence to a business section.

Commissioner Gillen: I move the matter be referred to Director Raymond.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Gillen, Raymond, Howe, Mayor Breidenbach.

The City Clerk presented notice of intention for the release and extinguishment of the public right arising from the dedication of that park of Weequahic Place extending from the northerly line of Goldsmith Avenue northerly to the southerly line of Pomona Avenue, and stated that today was the time fixed for hearing on the same.

The Board then entered upon said hearing.

Mayor Breidenbach: Any citizen wish to be heard?

(No response).

There being no one to be heard, Commissioner Gillen moved that the hearing be closed.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Gillen, Howe, Raymond, Mayor Breidenbach.

Commissioner Raymond offered the following ordinance which was read by the clerk.

An ordinance to provide for the release and extinguishment of the public right arising from the dedication of that part of Weequahic Place extending from the northerly line of Goldsmith Avenue northerly to the southerly line of Pomona Avenue.

The Board of Commissioners of the City of Newark, Do Ordain:

Section 1. That it appears to the Board of Commissioners of the City of Newark that the public interest will be better served by releasing and extinguishing the public right, if any, arising from the dedication of that part of Weequahic Place as the same is mentioned in a mortgage registered in the Office of the Register of Deeds of Essex County, in Book L-23 of Mortgages, page 347, and also as mentioned in deeds recorded in Book M-56 of Deeds, page 184 to 187, Book E-58 of Deeds, page 477 and Book F-60 of Deeds, page 489 in the above mentioned Office, said release and extinguishment to extend from the

northerly line of Goldsmith Avenue northerly to the southerly line of Pomona Avenue, as shown on a map on file in the office of the Chief Engineer, Division of Surveys, Department of Public Works, known and designated as No. 1316-V, and which street has never been opened or accepted by the City.

(No response).

There being no one to be heard, Commissioner Howe moved that the hearing be closed.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Gillen, Howe, Raymond, Mayor Breidenbach.

Commissioner Howe offered the following ordinance which was read by the clerk:

An ordinance to provide for the grading, curbing, flagging and paving of South Munn Avenue from South Orange Avenue to the City Line with asphalt pavement (1½" top-1½" binder) on a six (6) inch concrete foundation.

The Board of Commissioners of the City of Newark, Do Ordain:

Section 1. That South Munn Avenue from South Orange Avenue to the City Line shall be graded, curbed, flagged and paved with asphalt pavement (1½" top-1½" binder) on a six (6) inch concrete foundation, with the necessary new curbing or resetting of curb, together with all other appurtenances incidental to the paving of said street, including the laying of concrete sidewalks at street intersections and elsewhere wherever needed, and the laying or relaying of a sidewalk or sidewalks, or such portion or portions of side walks as may be disturbed or may become necessary or expedient, or the grade of which may be affected on account of the laying of the pavement or the setting or resetting of the curb, under and by virtue of the provisions of an act entitled "An Act Concerning Municipalities," approved March 27, 1917, (P. L. 1917-319) and the supplements thereto and amendments thereof, in accordance with the plans, specifications and profiles dated January 17th, 1925, and now on file in the office of the Department of Public Works.

In order to avoid the necessity of excavating and tearing up the improved portion of said street after the making of said improvement, the owners of any any all lands on the line of said improvement, are hereby ordered and directed to make the necessary connections with the sewer, gas and water mains to the curb lines in said street for each lot fronting upon said street within thirty (30) days after the passage of this ordinance. Upon failure of any such owner to make or cause said connections to be made, the same will be made by the De-

partment of Public Works, in which case the costs and expenses of making said connections will be assessed upon the lands benefited. Each 25 feet of frontage upon said street for the purpose of this improvement shall be considered a lot.

Section 2. That said improvement shall be undertaken as a local improvement and the cost thereof shall be assessed against the property benefited by said improvement, in proportion to the benefits received, under and by virtue of the provisions of the act above referred to.

Section 3. The roll being called, the ordinance was declared adopted by the following votes:

Yeas Commissioners Gillen, Howe, Raymond, Mayor Breidenbach.

Mayor Breidenbach: Any citizen wish to be heard?

Mrs. Anna Tennis, Mrs. H. Schultz, Mrs. Sotat, Mrs. Reick, last lady lives at 188 Schley Street. (Others did not give addresses.) (All on Schley Street).

Mrs. Anna Tennis: I live on Schley Street and we hear we are going to be taxed for the sewer. We have plenty of sewer there and I don't see why we people should be taxed for that sewer. That runs from Lyons Avenue to Chancellor Avenue.

Commissioner Raymond: The point is that we are going to build a sewer and all the people who could be assessed were notified. That doesn't mean you will be assessed. That means you might be.

Mrs. Tennis: We got a notice. It says we will be assessed. We have a sewer in Schley Street.

Commissioner Raymond: This means you will have a chance to be heard before the Assessment Commissioners and you can present there any of your reasons why you shouldn't be assessed. This is the last action of ours to put the sewer in.

Mr. Samuel Striber, 69 Schley Street: We will be too late then.

Commissioner Raymond: We have no jurisdiction in the matter. We have got to lay the sewer. The question who

shall pay for it is another matter that comes up later.

Mr. Striber: Let the man developing that property pay for it.

Commissioner Raymond: That is what we always try to do, but there is a flow from your property to the sewer.

Mrs. Tennis: We have no trouble with water there.

Commissioner Gillen: I will intercede for you with the Assessment Commission.

Mrs. Tennis: A gentleman told me we will be taxed thirty dollars.

Assessment Commissioner Soffel: I don't even know of the areas fixed for the assessment. I have not fixed any assessment.

Mr. Striber: Here the area is from Lyons Avenue to Hawthorne Avenue.

Mrs. Tennis: We have got notice we would be assessed.

Mrs. Schultz: It certainly shouldn't be assessed on us.

Commissioner Gillen: This is a new development. We will arrange with the assessment commission.

Commissioner Raymond: We will see what can be done. We have got to lay the sewer.

Commissioner Howe: You have no objection to the sewer. What you object to is paying for it?

Mr. Striber: When I bought my property off Littlefield he told me we would never be taxed for anything up there.

Mrs. Schultz: Will we be notified, Mr. Howe.

Commissioner Howe: You will be given notice to appear before the assessment commission.

Commissioner Raymond: You go to the Assessment Commission and tell them what you claim.

Commissioner Raymond moved that the title of "An Ordinance relating to taxes for the year Nineteen hundred and twenty-five" be taken for its third reading.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Gillen, Howe, Raymond, Mayor Breidenbach.

The clerk then read the title of the ordinance as follows:

An ordinance relating to taxes for the year Nineteen hundred and twenty-five.

Yeas: Commissioners Gillen, Howe, Raymond, Mayor Breidenbach

RESOLVED, That it is the intention of the Board of Commissioners of the City of Newark, N. J., under and by virtue of the provisions of an act entitled "An Act Concerning Municipalities" approved March 27, 1917, (P. L. 1917-319) and the supplements thereto and amendments thereof, to order and cause the repaving of Broad Street from Belleville Avenue to Poinier Street with asphalt pavement on the old concrete foundation built up with asphalt binder, on both sides of the street railway tracks with the exception of one (1) foot on each side of said tracks, with the necessary new curbing or resetting of curb, together with all other appurtenances incidental to the repaving of said street, including the laying of concrete sidewalks at street intersections and elsewhere wherever needed, and the laying or relaying of a sidewalk or sidewalks, or such portion or portions of sidewalks as may be disturbed or may become necessary or expedient, or the grade of which may be affected on account of the laying of the pavement or the setting or resetting of the curb, in accordance with the plans, specifications and profiles dated February 4th, 1925, and now on file in the office of the Department of Public Works.

The City is hereby authorized to award a single contract for the within described improvement or award as many separate contracts for the improvement as is deemed advisable.

In order to avoid the necessity of excavating and tearing up the improved portion of said street after the making of said improvements, the owners of any and all lands on the line of said improvement, are hereby ordered and directed to make the necessary connections with the

sewer, gas and water mains to the curb lines in said street for each lot fronting upon said street within thirty (30) days after the passage of this ordinance. Upon failure of any such owner to make or cause said connections to be made, the same will be made by the Department of Public Works in which case the costs and expenses of making said connections will be assessed upon the lands benefited. Each 25 feet of frontage upon said street for the purpose of this improvement shall be considered a lot.

That said improvement shall be undertaken as a local improvement and the cost thereof shall be assessed against the property benefited by said improvement, in proportion to the benefits received, under and by virtue of the provisions of the act above referred to.

That the sum of \$402,000.00 is hereby appropriated to pay the cost of said improvement, and for the purpose of meeting said appropriation and temporarily financing said improvement, temporary bonds or notes shall be issued from time to time in an amount not to exceed \$402,000.00 under and by virtue of the provisions of an act entitled "An Act to authorize and regulate the issuance of bonds and other obligations and the incurring of indebtedness by county, city, borough, village, town, township, or any municipality governed by an improvement commission" approved March 22, 1916, (1916-525) and the supplements thereto and amendments thereof, which bonds or notes shall bear interest at a rate not to exceed six per centum per annum. All other matters in respect to such temporary bonds or notes shall be determined by the Director of the Department of Revenue and Finance who is hereby author-

ized to execute and issue said bonds or notes.

And the Director of the Department of Public Works is hereby directed to give public notice in an authorized daily newspaper, printed and published in the City of Newark, of the intention of the Board of Commissioners to order and cause such improvement to be made, and that all persons whose lands may be affected by such improvement or who may be interested therein will be given an opportunity to be heard concerning the same at a meeting of said Board, to be held in its meeting room, City Hall, on March 10th, 1925, at 11 o'clock a. m., at which time and place ordinance for the making of such improvement will be considered.

The Board of Commissioners of The
City of Newark, N. J.

The roll being called, the motion was
declared adopted by the following votes:

W. J. EGAN,
City Clerk.

NEWARK, N. J.

February 17, 1925.

A regular meeting of the Board of Commissioners of the City of Newark, N. J., was held on the above date, in the Commissioners' Chamber, City Hall, Newark, at 11 A. M.

Present: Commissioners Howe, Raymond, Mayor Breidenbach.

Absent: Commissioners Brennan and Gillen.

The minutes of meeting of February 10th were read and approved.

Mayor Breidenbach: Any citizen wish to be heard?

Mr. Frank Bozza, 128 Market Street: Mr. Mayor and Honorable Members of the Board of Commissioners, I appear before you this morning on behalf of the six independent bus owners on the North Newark Line, to present a grievance pertaining to transportation conditions as exist at present on that line. Heretofore, when the independent bus owners were a part of a group starting system the transportation conditions on that line were very good, and competition was fair, but yesterday by order of the Public Service the independent bus owners were eliminated from that group statingsystem and made to start out independently upon their own hook. The situation now is that every time an independent bus owner starts out there is a Public Service bus goes out immediately after, not on the time scheduled, three

to five minutes. The first fellow of the Public Service slackens down and the next fellow races and the independent bus owner is frozen out. Now, that competition is unfair. It is conducive to racing and it makes conditions unsafe for driving and for the transportation of the public. They navigate on the streets and highways and it makes it unsafe as well for pleasure cars and other vehicles on the street. But our main grievance is that it shuts us out from fair competition and is not a square deal. We feel Mr. Crawford should not permit this discrimination. We feel he should so regulate the system as to prevent this situation. This condition has existed on other lines. I will point to the South Orange line where independent bus owners were made to start on their own initiative. What has been the result? Racing and unfair competition and accidents to buses and passengers. Supervisor Crawford was notified by an independent owner on the Summer Avenue Line of the same conditions. He went there as many times as the Supervisor has hair on his head and he didn't get any relief from the situation. We say it is unfair discrimination. The independent bus owners are the pioneers of the motor transportation system in Newark. We point to their initiatory steps in transportation. They introduced a public utility and a public necessity during a crippled trolley service. Whatever small improvement the Public Service has made has been due to the original competition of the buses. We don't want to be crowded out with "the coming of the white man," so to speak, and the cornering of the red man."

We feel that if necessary the City should have municipally paid employees to

start the buses. The Public Service says, "Contribute \$9.00 a week, each of you, and help pay for our starters." That is grossly unfair because they have four starters that they pay a certain salary, and ask us to pay the salary of two or the four men, when they have eighteen buses to our six. I think in order to have efficiency we should have municipality paid employes to start off these independent bus owners, if necessary.

Commissioner Raymond: Mr. Costello, do you know about this? Mr. Crawford is not here today. He is out of town. I would like to take this up with you when he is here.

Mr. Costello: He will be back Thursday.

Commissioner Raymond: I will take it up with you Friday morning, and see how we can work it out. I am not prepared to answer anything you say now because I don't know anything about it.

Commissioner Howe: I move that the matter be referred to Commissioner Raymond.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Howe, Raymond, Mayor Breidenbach.

Mayor Breidenbach: Any citizen wish
to be heard?

Commissioner Raymond moved that
the public hearing and the ordinance pro-
viding for the construction of a twenty-
four inch pipe sewer in North 13th Street
be laid over for two weeks.

The roll being called, the motion was
declared adopted by the following votes:

Yeas: Commissioners Howe, Raymond,
Mayor Breidenbach.

The City Clerk presented notice of
intention for the construction of a twelve
inch pipe sewer in South Munn Avenue
and stated that today was the time fixed
for hearing on the same.

The Board then entered upon said
hearing.

Mayor Breidenbach: Any citizen wish
to be heard?

Mr. George Aschenbach, 81 South
Munn Avenue: In Vailsburg we have
just about paid for a big surface water
sewer that they put through. We have
been fighting two or three years about
that. I can't see why we need another
surface water sewer. There is one in
front of my house, about three hundred
feet away, so big that you can drive a
team of horses through it. Why don't
they run the water through there?

Mr. Costello: There is the pavement
to be laid and of course we can't lay
the pavement unless we have the sewer
in

Mr. Aschenbach This big hewer has just been paid for. That big sewer is within three hundred feet of my house. You can drive a team of horses through it, and it goes all through Vailsburg. There is one in Brookdale Avenue. I have lots up there. We have been assessed for every lot in Vailsburg for this surface water sewer. Why should we have another surface water sewer through there. We have been trying to get the street paved for the last ten or fifteen years. Fifteen years ago we could have done it for half what it is going to cost today. It was up to just being paved half a dozen times but Mr. Krueger owned the other side of the street and every time it was ready to be paved it was stopped. We have advocated it right along. Of course, they are going to pave it now, but we have to pay twice what we would have had to pay if they had paved it ten years ago. Now you are asking for another storm water sewer there.

Commissioner Raymond: You have got to give the street drainage before you pave it, or the pavement will break up. That Vailsburg sewer was a main trunk sewer. You have got to connect your local sewers with that. If you want to pave this street you have got to take this sewer. It is a question of whether you are going to pave it or not.

Mr. Aschenbach: We want it paved.

Commissioner Raymond. You have got to have the sewer if you want it paved.

Mr. Aschenbach: Why have we paid for this large sewer?

Commissioner Raymond: That is a general sewer. That is an intercepting sewer.

Mr. Aschenbach: Why can't they connect these sewers in there now with the main sewer.

Commissioner Raymond: I think I can lay this over two weeks and Mr. Rankin will be back and you can go over it again with him. We will not pave a street without proper drainage because the pavement will break up. It will simply be assessing the taxpayers for nothing. Drainage is the secret of good paving. Will you explain this sewer to Mr. Aschenbach, Mr. Costello?

Mayor Breidenbach: Any other citizen wish to be heard?

Mr. J. A. Hambrake, 117 South Munn Avenue: I want to back up everything Mr. Aschenbach has said. We live at the extreme end of the street and during the recent rain and thaw the water all collected at the end of the street. I agree with you men that the street needs drainage.

Commissioner Raymond: If it were not for the Vailsburg sewer you wouldn't have had anything to connect up with.

Mr. Hambrake: There was no drain at the lower end of Munn Avenue until two years ago. Mr. Rankin put that in. He suggested to run one from Plymouth Street across. The street does need paving and it needs drainage.

Commissioner Raymond: It would be

foolish to pave it without drainage. You are willing to have it paved?

Mr. Hambrake: Yes, sir.

Commissioner Raymond: Do you want this laid over Mr. Aschenbach?

Mr. Aschenbach: Let it go through.

There being no one else to be heard, Commissioner Raymond moved that the hearing be closed.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Howe, Raymond, Mayor Breidenbach.

Commissioner Raymond offered the following ordinance which was read by the clerk:

An ordinance to provide for the construction of a twelve (12) inch pipe sewer for storm water only in South Munn Avenue from Plymouth Street for a distance of about 700 feet northerly.

The Board of Commissioners of the City of Newark, Do Ordain:

Section 1. That a twelve (12) inch pipe sewer for storm water only shall be constructed in South Munn Avenue from Plymouth Street for a distance of about 700 feet northerly, together with all the appurtenances necessary to complete the same, in accordance with the plans, specifications and profiles dated January 20, 1925, and now on file in the office of the Department of Public Works, under and by virtue of the provisions of an act entitled "An Act con-

The Board of Commissioners of the City of Newark, Do Ordain:

Section 1. That Marsac Place from Sandford Place to the City Line shall be graded, curbed, flagged and paved with asphalt pavement (1½" top-1½" binder) on a six (6) inch concrete foundation, with the necessary new curbing or resetting of curb, together with all other appurtenances incidental to the paving of said street, including the laying of concrete sidewalks at street intersections and elsewhere wherever needed, and the laying or relaying of a sidewalk or sidewalks, or such portion or portions of sidewalks as may be disturbed or may become necessary or expedient, or the grade of which may be affected on account of the laying of the pavement or the setting or resetting of the curb, under and by virtue of the provisions of an act entitled "An Act Concerning Municipalities," approved March 27, 1917, (P. L. 1917-319) and the supplements thereto and amendments thereof, in accordance with the plans, specifications and profiles dated January 26th, 1925, and now on file in the office of the Department of Public Works.

In order to avoid the necessity of excavating and tearing up the improved portion of said street after the making of said improvement, the owners of any and all lands on the line of said improvement, are hereby ordered and directed to make the necessary connections with the sewer, gas and water mains to the curb lines in said street for each lot fronting upon said street within thirty (30) days after the passage of this ordinance. Upon failure of any such owner to make or cause said connections to be made, the same will be made by the Department of Public Works, in which case the costs and expenses of making said connections will be assessed upon the lands benefited.

Each 25 feet of frontage upon said street for the purposes of this improvement shall be considered a lot.

Section 2. That said improvement shall be undertaken as a local improvement and the cost thereof shall be assessed against the property benefited by said improvement, in proportion to the benefits received, under and by virtue of the act above referred to.

Section 3. That the sum of \$18,700.00 is hereby appropriated to pay the cost of said improvement, and for the purpose of meeting said appropriation and temporarily financing said improvement, temporary bonds or notes shall be issued from time to time in an amount not to exceed \$18,700.00, under and by virtue of the provisions of an act entitled "An Act to authorize and regulate the issuance of bonds and other obligations and the incurring of indebtedness by county, city, borough, village, town, township, or any municipality governed by an improvement commission," approved March 22, 1916 (P. L. 1916-525) and the supplements thereto and amendments thereof, which bonds or notes shall bear interest at a rate of not to exceed 6 per centum per annum. All other matters in respect to such temporary bonds or notes shall be determined by the Director of the Department of Revenue and Finance who is hereby authorized to execute and issue said bonds or notes.

Section 4. That this ordinance shall take effect immediately and all ordinances or parts of ordinances inconsistent with the provisions of this ordinance, be and the same are hereby repealed.

Newark, N. J., February 7, 1925.

The Board of Commissioners of
The City of Newark.

Honorable Sirs:—

At its meeting of February 5th the Board of Adjustment considered an application to amend the Building Zone Ordinance so as to change Lyons Avenue between Bergen Street and Clinton Place from a residence district to a Business District, which application was referred by your Honorable Body for recommendation and report.

The Board of Adjustment respectfully recommends that this application be granted.

Respectfully submitted,
Board of Adjustment,
R. B. Rankin, Secretary

Mayor Breidenbach Does any citizen wish to be heard? Suppose we hear the people who are protesting first.

Mr. Harris Miner, 115 Lyons Avenue.

Mr. Jocker, 106 Lyons Avenue.

Mr. Alfred E. Sandoz, 94 Lyons Avenue.

Mrs. Katherine L. Eschert, 110-12 Lyons Avenue.

Mrs. Nestor, 172 Lyons Avenue.

Mrs. Singer, 140 Lyons Avenue.

Mrs. William Rea, 141 Lyons Avenue.

Mr. Charles Phillipone, 212 Lyons Avenue.

Mr. Joseph Phillipone, 208 Lyons Avenue.

Mr. Frank Scanniello, 218 Lyons Avenue.

Mr. Charles Capocio, 220 Lyons Avenue.

Mr. Samuel Goodman, 144 Lyons Avenue.

Mrs. Jennie Stollman, 117-119 Lyons Avenue.

Mrs. Charles Frisch, 145 Lyons Avenue.

Mr. Miner: We are all here and we are all against it from Lyons Avenue to Park View. We all signed, up to Park View Terrace. If we can get it in it will be much better, because the neighborhood will be spoiled on account of that one lot. Further up I don't know how many vacant lots there is there, but especially in that block is only one vacant lot and that vacant lot will spoil all the property. That one lot will spoil the whole street.

Mayor Breidenbach: Any citizen wish to be heard who is in favor of the change in zone?

Mr. Stollman: We got a notice from our tenant that they will not stay if any

stores go up on Lyons Avenue. They gave us notice that in case there are stores they will move.

Mr. Emil M. Kemery, 137 Lyons Avenue: I don't think that business will change any of those lots, nor will it spoil the neighborhood and I feel it would retard the progress of the city if we didn't open up that avenue, because right in back of Lyons Avenue there is a chance for any of the people living in those sections to shop there and there is only a difference of a block or a block and a half between that and a section that is all ready business. There are stores above there and I feel I have as good a house as the rest of them, and I don't think it would hurt the neighborhood.

Mayor Breidenbach: You wish to favor the change?

Mr. Kemery: I certainly do.

Mr. Jacob L. Newman: I want to be heard in behalf of Mr. Herman, who owns the property that it is desired to change. This is, after all, a matter that has been recommended to this Commission by the Bureau of Adjustments. The Bureau of Adjustments have, of course, the welfare of the City at heart and also have a thorough knowledge as to the conditions there. We feel Lyons Avenue today is a business thoroughfare. I don't believe it would make a bit of difference if one hundred thousand men should come here and claim it wasn't. It is a public highway. It must give way to the trend of traffic. We were merely interested in having the change made from Park View Terrace to Clinton Place. We don't ask that the complete change be made, but the Bureau of Adjustments felt that the changing charac-

ter of that neighborhood, and the fact that it is practically now a business neighborhood, warranted this change being made. Of course, we are heartily in sympathy with that idea, that the entire avenue, from Bergen Street to Clinton Place be changed into business zone, but if you feel, under the circumstances that, as has been suggested here by someone, only from Park View Terrace to Clinton Place be changed, that will answer our purposes, but after all, in these matters, it is a matter of good judgment, and from any of you who have inspected it I see no reason why there should be any opposition. It is the leading highway between Irvington and Newark and it must in the nature of things give up to business, and there are now factories and stores and business houses along the street, so it can serve no useful purpose to deny this application, except to stay progress. When a proposition is before this board everybody that is against it comes here, and the vast majority of those in favor of it do not come. It seems to me that this is too plain, from the condition of things, that it should be changed into a business zone. That seems to be the view of the Board of Adjustments, and it seems to be based on sound reasoning. I don't think it is necessary to go into extended remarks on it because I think you are all familiar with the neighborhood and it was suggested before that one or two of the members would view the situation up there.

Mr. Joseph Herman, Weequahic Avenue: I own the land at the corner of Clinton Place and Lyons Avenue. There is a gas station right opposite it and a saloon on the corner, and it doesn't

affect anybody. Mr. Selvage owns the other part.

Mayor Breidenbach: You wish to favor the change?

Mr. Herman: Yes.

Mr. Charles Selvage, 776 Broad Street: I am in favor of the proposed business zone. I would say, Mr. Chairman, that I believe you commissioners will take the time to go up there and see how Lyons Avenue has developed into a business section. You would then unhesitatingly say that this should be in the business zone. We own 267 feet on Osborne Terrace and Lyons Avenue. If you go further west about three or four hundred feet you find stores innumerable. You go a little further east at Bergen Street and there is another business zone, and here is just a few blocks that is supposed to be restricted to dwelling house purposes. It is most unjust, in my opinion, gentlemen, to designate part of one of the main thoroughfares from the center of Newark to the outskirts a residential zone. The same thing applies on Lyons Avenue as they have on Clinton Avenue. The whole street should be a business zone and I think every one of you Commissioners will agree with me if you will take the time to go up there and look it over. Such will be the result of your investigation.

Mayor Breidenbach: You mean Lyons Avenue should be a business zone?

Mr. Selvage: Lyons Avenue should be a business section all the way through, but I am advocating west of Bergen Street

Commissioner Howe: You wouldn't want to make that first block business?

Mr. Selvage: That would be rather unfair to do that part. I am not interested in that part. All I am interested in is west of Bergen Street. You would be surprised if you went up there and saw what is going on.

Mayor Breidenbach: Where would you derive your business from on Lyons Avenue?

Mr. Selvage: Lyons Avenue and Osborne Terrace.

Mayor Breidenbach: You have got Clinton Avenue and Bergen Street as business streets. Lyons Avenue is a residential section for at least two blocks.

Mr. Selvage: What we want to know is, is it wise to have two blocks designated for dwelling house purposes in a business zone? We cannot dispose of our property. I am talking from a selfish point of view. If that was put in a business zone there is no question we could sell the property. The city would be benefited by increased taxes, and nobody would be hurt. The people south of Lyons Avenue object to it. For what reason I can't say. I don't see why they should object to a business zone on Lyons Avenue.

Commissioner Brennan: Do I understand your thought is that all main thoroughfares should be for business?

Mr. Selvage: Absolutely—that is what I feel.

Mayor Breidenbach: I can't see that

the time is ripe to turn Lyons Avenue into a business street.

Mrs. Frisch: There are plenty of stores on Bergen Street to cater to the people in that section, and there are plenty of stores above Clinton Place on Lyons Avenue, all kinds of stores. I don't see why three or four more stores should be stuck in between those residences. They would depreciate taxes and drop rents. Nobody will move into those sections and everybody's rent will have to drop which will mean a protest for taxes to be dropped. I live at No. 145.

Mr. Newman: If it becomes a business street your property increases in value.

Mrs. Frisch: We don't care for the appreciation of the property. We want to live there. We don't want stores across the street.

Mayor Breidenbach: You want to live in a residential section?

Mrs. Frisch: We bought the property because it was restricted. There is only two or three vacant lots in the entire neighborhood. You shouldn't spoil the neighborhood on account of those two or three people.

Mr. Newman: I think that restriction has gone out.

Mayor Breidenbach: There is a zoning restriction.

Mr. Newman: But the point about it is this; when people buy property in a

populous city they have got to give way to conditions. You try to maintain a residential section but you have got to give way to progress. Every move for progress is always opposed. The question is whether that thoroughfare is of such a nature that it should be changed. If it is, then it should be changed. If not, it should not. It is not a question of whether the stores will pay. An examination of the conditions there will show you that that is not residential in character. As I stated at the outset our idea was to change the part between Clinton Place and Park View Terrace, the only part we were interested in, but the zoning board recommends this. They didn't recommend it because it would please us or anybody else. They recommended it because they thought that was the proper policy to pursue. It seems to me an examination of the thoroughfare itself will show that notwithstanding it will be harsh, because somebody is injured—whenever anything is done somebody is injured—the conditions themselves make this an advisable policy. The taxes will go up. It will be beneficial for the city. It is only a question of whether this board is progressive enough to assist the situation as it exists today. That is the question, not the individual that may be hurt. As Commissioner Raymond says, "There is never anybody here to speak in favor of anything but there is always somebody to protest." Whether or not you think the time is ripe, it seems to me that the layout is enough.

Mr. Miner: I am not a professional. I wouldn't go as deep in this as you. I am just a common ordinary citizen and taxpayer and I want to be protected. First of all I don't think that the hos-

pital wants business there, and it doesn't harm me at all if business is above there. I only want to be protected to Park View Terrace, but I don't think the hospital—they are spending one and one-half million dollars—they are not going to have a hospital in a noisy street. Is that human?

Mr. Newman: Just a moment, please—

Mr. Miner: When you spoke I didn't interrupt you. You are a professional and I am not.

Mr. Newman: I am answering you by saying the hospital has signed a petition to that effect.

Mr. Miner: They are contractors, looking for money. They put up any shanty and make money and we keep the thing. The city has no benefit of it. We are paying heavy taxes and I don't see why should not we be protected on account a few contractors want to make money and the city helps them, and I don't see why. We have a hospital. Why shouldn't it be a respectable hospital and not in a business neighborhood.

Mayor Breidenbach: I wish to say to the ladies and gentlemen here that owing to the fact that there are only three Commissioners present, I don't think it is fair to put this matter up to the three Commissioners.

Commissioner Brennan: I move that the consideration of the proposition affecting the change of zone on Lyons Avenue be deferred until the entire Commission has an opportunity to personally inspect the property, and confer on the subject matter presented this morning

Mrs. Stollman. I was going to say that I happen to be one of the graduate nurses of the Beth Israel Hospital, and the reason they are moving is because it is very noisy where they are now, and at one time someone wanted to put up stores where one of the doctors had his house and the hospital objected to it, so I am sure they don't want stores where they are going now, when they are moving from the noisy part of the city and going up to Lyons Avenue.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brennan, Howe, Mayor Breidenbach.

City Clerk to notify persons appearing of the date of the next hearing, by publication in the newspapers, and by mail.

The City Clerk presented notice of intention for the opening and widening of Washington Street on the westerly side thereof, and stated that today was the time fixed for hearing on the same.

The Board then entered upon said hearing.

There being no one to be heard, Commissioner Howe moved that the hearing be closed.

The roll being called, the motion was declared adopted by the following votes.

Yeas: Commissioners Brennan, Howe, Mayor Breidenbach.

Commissioner Brennan offered the following ordinance which was read by the clerk

An ordinance to provide for the opening and widening of Washington Street on the westerly side thereof and extending from the northwesterly corner of Court Street and Washington Street northerly about 189 feet.

The Board of Commissioners of The City of Newark, Do Ordain:

Section 1. That Washington Street shall be opened and widened as a public street or highway on the westerly side thereof and extending from the northwesterly corner of Court Street and Washington Street northerly about 189 feet by the addition thereto of the following described strip: Beginning at the northwesterly corner of Court Street and Washington Street, thence running northwesterly along the northerly side of Court Street and Washington Street, thence running northwesterly along the northerly side of Court Street 10.20 feet, thence northeasterly in a straight line and passing through the southeasterly stone corner of the frame building standing on Lot No. 2 of Block 98 of the Newark City Tax Maps and known as No. 361 Washington Street, 189 feet more or less to the westerly line of Washington Street; thence southwesterly along the westerly line of Washington Street 54 feet more or less to an angle in the same; thence still southwesterly along the westerly line of Washington Street 135.36 feet to the northwesterly corner of Court Street and Washington Street and place of beginning. All as shown on a map prepared under the direction of this Board, which map is hereto attached and made a part hereof and a copy of which map also is on file in the office of the Chief Engineer, Division of Surveys, De-

partment of Public Works, known and designated as No. 1245-0, dated January 24, 1925. Under and by virtue of the provisions of an act entitled "An Act Concerning Municipalities" approved March 27, 1917, (P. L. 1917-319) and the supplements thereto and amendments thereof.

Section 2. That said improvement shall be undertaken as a local improvement and the cost thereof shall be assessed against the property peculiarly benefited by said improvement in proportion to the benefits received, and in no case shall any assessments for said improvement exceed in amount such peculiar benefit, under and by virtue of the provisions of the act above referred to.

Section 3. That the sum of \$90,000.00 is hereby appropriated to pay the cost of said improvement, and for the purpose of meeting said appropriation and temporarily financing said improvement, temporary bonds or notes shall be issued from time to time in an amount not to exceed \$90,000.00 under and by virtue of the provisions of an act entitled "An Act to authorize and regulate the issuance of bonds and other obligations and the incurring of indebtedness by county, city, borough, village, town, township or any municipality governed by an improvement commission" approved March 22, 1916 (P. L. 1916-525) and the supplements thereto and amendments thereof, which bonds or notes shall bear interest at a rate not to exceed six per centum per annum. All other matters in respect to such temporary bonds or notes shall be determined by the Director of Revenue and Finance, who is hereby authorized to execute and issue said bonds or notes.

Section 4. That this ordinance shall take effect immediately and all ordinances

or parts of ordinances inconsistent with the provisions of this ordinance, be and the same are hereby repealed.

The ordinance having been read once, Commissioner Brennan moved that it be ordered to a second reading.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brennan, Howe, Mayor Breidenbach.

The clerk then read the ordinance by sections:

Title declared open to amendment.

Section 1 declared open to amendment.

The City Clerk presented notice of intention for the grading, curbing, flagging and paving of Valley Street from Stuyvesant Avenue to City Line, and stated that today was the time fixed for hearing on the same.

The Board then entered upon said hearing.

Mayor Breidenbach: Any citizen wish to be heard?

Mr. John C. Horn, 56 Valley Street: I represent the property owners of Valley Street. I wish to protest against that. I don't see where that is going to benefit us by having that street the width you are going to make it. If it is sufficient to have Stuyvesant Avenue, a county thoroughfare, thirty feet wide, why should we have Valley Street thirty-nine feet between curbs. Here is the very same thing these gentlemen are carrying on. Why don't they make the county street, Stuyvesant Avenue, the same width as it is in Irvington. In Irvington it is thirty-nine feet and thirty feet in Newark. If it is improper to have Valley Street I don't see why they didn't do Stuyvesant Avenue.

Commissioner Howe: There is a tendency to make streets wider owing to the parking of cars along the street.

Mr. Horn: At the time this extra ground was purchased I was told by the

people that owned that ground, parties that were in power at that time, they represented that it was a public necessity. At the present time we are not against it if the city will pay for it.

Commissioner Howe: Maybe that could be adjusted with the Assessment Commission.

Mr. Horn: If that can be adjusted it will be all right. We want it thirty feet between curbs and if you make it that we are satisfied.

Commissioner Brennan: I move that the subject be laid over until the Commissioner in whose department this is, can take care of it. I move that it be laid over one week.

The roll being called, the motion was declared adopted by the following votes:

Commissioner Brennan offered the following ordinance which was read by the clerk:

An ordinance to provide for the grading, curbing, flagging and paving of Shepard Avenue from Osborne Terrace to Schuyler Avenue with asphalt pavement (1½" top-1½" binder) on a six (6) inch concrete foundation.

The Board of Commissioners of The City of Newark, Do Ordain:

Section 1. That Shepard Avenue from Osborne Terrace to Schuyler Avenue shall be graded, curbed, flagged and paved with asphalt pavement (1½" top-1½" binder) on a six (6) inch concrete foundation, with the necessary new curbing or resetting of curb, together with all other appurtenances incidental to the paving of said street, including the laying of concrete sidewalks at street intersections and elsewhere wherever needed, and the laying or relaying of sidewalk or sidewalks, or such portion or portions of sidewalks as may be disturbed or may become necessary or expedient, or the grade of which may be affected on account of the laying of the pavement or the setting or resetting of the curb, under and by virtue of the provisions of an act entitled "An Act Concerning Municipalities" approved March 27, 1917, (P. L. 1917-319) and the supplements thereto and amendments thereof, in accordance with the plans, specifications and profiles dated January 29th, 1925, and now on file in the office of the Department of Public Works.

In order to avoid the necessity of excavating and tearing up the improved portion of said street after the making of said improvement, the owners of any and all lands on the line of said improvement, are hereby ordered and directed to make the necessary connections with the sewer, gas and water mains to the curb lines in said street for each lot fronting upon said street within thirty (30) days after the passage of this ordinance. Upon failure of any such owner to make or cause said connections to be made, the same will be made by the Department of Public Works, in which case the costs and expenses of making said connections will be assessed upon the lands benefited. Each 25 feet of frontage upon said street for the purposes of this improvement shall be considered a lot.

Section 2. That said improvement shall be undertaken as a local improvement and the cost thereof shall be assessed against the property benefited by said improvement, in proportion to the benefits received, under and by virtue of the provisions of the act above referred to.

Section 3. That the sum of \$17,600.00 is hereby appropriated to pay the cost of said improvement, and for the purpose of meeting said appropriation and temporarily financing said improvement, temporary bonds or notes shall be issued from time to time in an amount not to exceed \$17,600.00 under and by virtue of the provisions of an act entitled "An Act to authorize and regulate the issuance of bonds and other obligations and the incurring of indebtedness by county, city borough, village, town, township, or any municipality governed by an improvement commission," approved March 22, 1916

(P L 1916-525) and the supplements thereto and amendments thereof, which bonds or notes shall bear interest at a rate of not to exceed six per centum per annum. All other matters in respect to such temporary bonds or notes shall be determined by the Director of the Department of Revenue and Finance who is hereby authorized to execute and issue said bonds or notes.

Section 4. That this ordinance shall take effect immediately and all ordinances or parts of ordinances inconsistent with the provisions of this ordinance, be and the same are hereby repealed.

Yeas: Commissioners Brennan, Howe, Mayor Breidenbach.

RESOLVED, That it is the intention of the Board of Commissioners of the City of Newark, N. J., under and by virtue of the provisions of an act entitled

"An Act Concerning Municipalities" approved March 27, 1917 (P. L. 1917-319) and the supplements thereto and amendments thereof, to order and cause the construction of a system of sewers to be known and designated as Mt. Vernon Place Sewer and Branches, Section 2; in Mt. Vernon Place from Ellery Avenue to Florence Avenue, Florence Avenue from Mt. Vernon Place to Varsity Road and in Varsity Road between Richelieu Place and Eastern Parkway. The sewer in Mt. Vernon Place to be fifty-one (51) inches in diameter, in Florence Avenue from Mt. Vernon Place for a distance of about 500 feet northerly, thirty-nine (39) inches, from this point for a further distance of

about 450 feet thirty-six (36) inches and from the last named point to Varsity Road thirty-three (33) inches. In Varsity Road between Florence Avenue and Eastern Parkway to be twenty-four (24) inches and between Florence Avenue and Richelieu Place fifteen (15) inches in diameter. All of the above sewers to be constructed of reinforced concrete pipe and to be used for storm water only. Together with sewers for house sewage only in Mt. Vernon Place from Ellery Avenue to Florence Avenue, Florence Avenue from Mt. Vernon Place to Varsity Road, Varsity Road between Montrose Street and Richelieu Place, Eastern Parkway from Varsity Road for a distance of about 150 feet northerly and Oakland Terrace from Varsity Road for a distance of about 450 feet northerly. The Sewer in Mt. Vernon Place to be twelve (12) inch pipe, in Florence Avenue ten (10) inch pipe and the balance eight (8) inch pipe. Together with all the appurtenances necessary to complete the same in accordance with the plans, specifications and profiles dated February 6th, 1925, and now on file in the office of the Department of Public Works.

That said improvement shall be undertaken as a local improvement and the cost thereof shall be assessed against the property benefited by said improvement in proportion to the benefits received, under and by virtue of the provisions of the act above referred to.

That the sum of \$35,000.00 is hereby appropriated to pay the cost of said improvement, and for the purpose of meeting said appropriation and temporarily financing said improvement, temporary

bonds or notes shall be issued from time to time in an amount not to exceed \$35,000.00, under and by virtue of the provisions of an act entitled "An Act to authorize and regulate the issuance of bonds and other obligations and the incurring of indebtedness by county, city, borough, village, town, township, or any municipality governed by an improvement commission" approved March 22, 1916, (P. L. 1916-525) and the supplements thereto and amendments thereof, which bonds or notes shall bear interest at a rate not to exceed six per centum per annum. All other matters in respect to such temporary bonds or notes shall be determined by the Director of the Department of Revenue and Finance who is hereby authorized to execute and issue said bonds or notes.

And the Director of the Department of Public Works is hereby directed to give public notice in an authorized daily newspaper, printed and published in the City of Newark, of the intention of the Board of Commissioners to order and cause such improvements to be made, and that all persons whose lands may be affected by such improvements, or who may be interested therein will be given an opportunity to be heard concerning the same at a meeting of said Board, to be held at its meeting room, City Hall, on March 17th, 1925, at 11 o'clock A. M. at which time and place ordinance for the making of such improvement will be considered.

An ordinance to provide for the release and extinguishment of the public right arising from the dedication of parts of Bank Street and Wallace Place (formerly Bank Street) on the easterly sides thereof and extending from the northwesterly corner of Norfolk Street and Bank Street to the southeasterly corner of Academy Street and Wallace Place (formerly Bank Street).

The Board of Commissioners of the City of Newark, Do Ordain:

Section 1. That it appears to the Board of Commissioners of the City of Newark, that the public interest will be better served by releasing and extinguishing the public right, if any, arising from the dedication of parts of Bank Street and Wallace Place (formerly Bank Street) on the easterly sides thereof and extending from the northwesterly corner of Norfolk Street and Bank Street to the southeasterly corner of Academy Street and Wallace Place (formerly Bank Street), said parts of Bank Street and Wallace Place (formerly Bank St.) to be released lying between the easterly line of Bank Street and Wallace Place (formerly Bank Street) as the same were laid out by the Commissioners to lay out Streets, Avenues, and squares and the easterly line of Bank Street as the same was laid out on Map of Property owned by Catherine Johnson, and Abby R. Johnson and the Trustees of Julia Woodruff, surveyed and laid out by Dunn & Thompson, March 20, 1850, and extending from the northwesterly corner of Academy Street and Bank Street in a general northwesterly direction to the northwesterly corner of Academy Street and Wallace

place (formerly Bank Street) and which streets have never been accepted or opened by the City.

Section 2. That all lands in the City of Newark included within the limits of parts of Bank Street and Wallace Place (formerly Bank Street) on the easterly sides thereof and extending from the northwesterly corner of Norfolk Street and Bank Street to the southeasterly corner of Academy Street and Wallace Place (formerly Bank Street), said parts of Bank Street and Wallace Place (formerly Bank Street) to be released lying between the easterly line of Bank Street and Wallace Place (formerly Bank Street) as the same were laid out by the Commissioners to lay out streets, Avenues and Squares and the easterly line of Bank Street as the same was laid out on Map of Property owned by Catherine Johnson and Abby R. The ordinance was declared open to amendment in all its parts.

The ordinance having been read a second time, Commissioner Raymond moved that it be ordered to a third reading.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brennan, Gillen, Howe, Raymond, Mayor Breidenbach.

Commissioner Raymond moved that the ordinance be taken up on third reading and final passage on March 10th.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brennan, Gillen, Howe, Raymond, Mayor Breidenbach.

The City Clerk presented notice of intention for the construction of a fifteen inch pipe sewer in First Avenue and stated that today was the time fixed for hearing on the same.

The Board then entered upon said hearing.

Mayor Breidenbach: Any citizen wish to be heard?

Mr. Arnold Nngaro, 207 Market Street: We want to object to that. That is the storm sewer from Tenth to Eleventh Street. I know that there is an efficient way to take care of the drainage there. We believe it is an unnecessary expense. There is a sewer between Twelfth and Thirteenth Street and this contemplated sewer, we think, is unnecessary.

Mr. Rankin: That was to be put in in order to eliminate gutters at the cross-streets. It is a storm water sewer.

Mr. Ungaro: This is not in the business section.

Commissioner Raymond: Those gutters are very dangerous things.

Mr. Ungaro: But the expense is unnecessary. If it is for the drainage we have no objection at all, but if it is to eliminate the gutters we don't want it.

Commissioner Raymond: I move the hearing and the ordinance be laid over

two weeks and referred back to the Director of Public Works.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brennan, Gillen, Howe, Raymond, Mayor Breidenbach.

The City Clerk presented notice of intention for the construction of a twenty-four inch pipe sewer in North 13th Street and stated that today was the time fixed for hearing on the same.

Commissioner Raymond moved that the public hearing and ordinance providing for the construction of a pipe sewer in North 13th Street be laid over for two weeks.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brennan, Gillen, Howe, Raymond, Mayor Breidenbach.

The City Clerk presented notice of intention for the grading and paving of North 11th Street, and stated that today was the time fixed for hearing on the same.

The Board then entered upon said hearing.

Mayor Breidenbach: Any citizen wish to be heard?

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brennan, Gillen, Howe, Raymond, Mayor Breidenbach.

Commissioner Raymond offered the following ordinance which was read by the clerk:

An ordinance to provide for the grading and paving of North 11th Street, from First Avenue to Second Avenue with asphalt pavement (1½" top-1½" binder) on a six (6) inch concrete foundation.

The Board of Commissioners of the City of Newark, Do Ordain:

Section 1. That North 11th Street from First Avenue to Second Avenue shall be graded and paved with asphalt pavement (1½" top-1½" binder) on a six (6) inch concrete foundation, with the necessary new curbing or resetting of curb, together with all other appurtenances incidental to the paving of said street, including the laying of concrete sidewalks at street intersections and elsewhere wherever needed, and the laying or relaying of a sidewalk or sidewalks, or such portion or portion of sidewalks as may be disturbed or may become necessary or expedient, or the grade of which may be affected on account of the laying of the pavement or the setting or resetting of the curb, under and by virtue of the provisions of an act entitled "An Act Concerning Municipalities," approved March 27, 1917, (P. L. 1917-319) and the supplements thereto and amendments thereof, in accordance with the plans, specifications and profiles dated January

26, 1925, and now on file in the office of the Department of Public Works.

In order to avoid the necessity of excavating and tearing up the improved portion of said street after the making of said improvement, the owners of any and all lands on the line of said improvement, are hereby ordered and directed to make the necessary connections with the sewer, gas and water mains to the curb lines in said street for each lot fronting upon said street within thirty (30) days after the passage of this ordinance. Upon failure of any such owner to make or cause said connections to be made, the same will be made by the Department of Public Works, in which case the costs and expenses of making said connections will be assessed upon the lands benefited. Each 25 feet of frontage upon said street for the purposes of this improvement shall be considered a lot.

Section 2. That said improvement shall be undertaken as a local improvement, and the cost thereof shall be assessed against the property benefited by said improvement, in proportion to the benefits received, under and by virtue of the provisions of the act above referred to.

Section 3. That the sum of \$14,400.00 is hereby appropriated to pay the cost of said improvement, and for the purpose of meeting said appropriation and temporarily financing said improvement, temporary bonds or notes shall be issued from time to time in an amount not to exceed \$14,400.00, under and by virtue of the provisions of an act entitled "An Act to authorize and regulate the issuance of bonds and other obligations and the in-

curring of indebtedness by county, city, borough, village, town, township, or any municipality governed by an improvement commission", approved March 22, 1916 (P. L. 1916-525) and the supplements thereto and amendments thereof' which bonds or notes shall bear interest at a rate of not to exceed six per centum per annum. All other matters in respect to such temporary bonds or notes shall be determined by the Director of the Department of Revenue and Finance, who is hereby authorized to execute and issue said bonds or notes.

Section 4. That this ordinance shall take effect immediately and all ordinances or parts of ordinances inconsistent with the provisions of this ordinance, be and the same are hereby repealed.

The ordinance having been read once, Commissioner Raymond moved that it be ordered to a second reading.

The roll being called, the motion was declared adopted by the following votes:

The clerk then read the ordinance by sections:

Title, declared open to amendment.

Section 1 declared open to amendment.

Section 2 declared open to amendment.

Section 3 declared open to amendment.

Section 4 declared open to amendment.

The ordinance was declared open to amendment in all its parts.

The ordinance having been read a second time, Commissioner Raymond moved that it be ordered to a third reading.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brennan, Gillen, Howe, Raymond, Mayor Breidenbach.

Commissioner Raymond moved that the ordinance be taken up on third reading and final passage on March 10th.

The roll being called, the motion was declared adopted by the following votes.

Yeas: Commissioners Brennan, Gillen, Howe, Raymond, Mayor Breidenbach.

The City Clerk presented notice of intention for the grading, curbing, flagging and paving of Valley Street, and stated that today was the time fixed for hearing on the same.

The Board then entered upon said hearing.

Mayor Breidenbach: Any citizen wish to be heard?

Mr. John C. Horn: We protest the paving of Valley Street.

Commissioner Raymond: Your objection is what?

Mr. Horn: Our objection is in regards the 39 feet between curbs

Commissioner Raymond: The widening was done some time ago.

Mr. Horn: There is one point I want to find out, whether the Commissioners will hold up what the City of Newark promised to at the time they purchased this ground. At the time they purchased this extra ground the city said it was a public necessity to have that ground to favor Irvington.

Commissioner Raymond: You have not been assessed for it yet, have you?

Mr. Horn: No.

Commissioner Raymond: If you haven't been assessed for two years it is not likely you will be assessed now.

Mr. Horn: I find that the City, at the extreme end of my property, is taking more of my property than they are at the other end of it, something they never showed me before. I have looked at the old map and everything before I come down to see you gentlemen here.

Commissioner Raymond: That makes it a uniform width from Irvington.

Mr. Horn: There is nothing uniform whatever. You will have to do the same thing you are doing on Stuyvesant Avenue. Stuyvesant Avenue is thirty-six feet at the Irvington Line and thirty feet in the Newark line. If it is all right to do that on the main thoroughfare why is it necessary to widen Valley Street.

Commissioner Raymond: Do you want it paved?

Mr. Horn: If you want to make it thirty-nine feet, let the city stand one-third of the cost and it will be all right.

Commissioner Raymond: I think that will be what would happen at the very worst. I move we take up the next case and let this stand over for the present.

(After consideration).

Commissioner Raymond: Mr. Horn reports he is now satisfied.

There being no one else to be heard, Commissioner Raymond moved that the hearing be closed.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brennan, Gillen, Howe, Raymond, Mayor Breidenbach.

Commissioner Raymond offered the following ordinance which was read by the clerk:

An ordinance to provide for the grading, curbing, flagging and paving of Valley Street from Stuyvesant Avenue to City Line with asphalt pavement (1½" top-1½" binder) on a six (6) inch concrete foundation.

The Board of Commissioners of the City of Newark, Do Ordain:

Section 1. That Valley Street from Stuyvesant Avenue to City Line shall be graded, curbed, flagged and paved with asphalt pavement (1½" top-1½" binder) on a six (6) inch concrete foundation, with the necessary new curbing or reset-

ting of curb, together with all other appurtenances incidental to the paving of said street, including the laying of concrete sidewalks at street intersections and elsewhere wherever needed, and the laying or relaying of a sidewalk or sidewalks such portions or portions of sidewalks as with the necessary new curbing or resetting may be disturbed or may become necessary of expedient, or the grade of which may be affected on account of the laying of the pavement or the setting or resetting of the curb, under and by virtue of the provisions of an act entitled "An Act Concerning Municipalities," approved March 27, 1917 (P. L. 1917-319) and the supplements thereto and amendments thereof, in accordance with the plans, specifications and profiles dated January 29th, 1925, and now on file in the office of the Department of Public Works.

In order to avoid the necessity of excavating and tearing up the improved portion of said street after the making of said improvement, the owners of any and all lands on the line of said improvement, are hereby ordered and directed to make the necessary connections with the sewer, gas and water mains to the curb lines in said street for each lot fronting upon said street within thirty (30) days after the passage of this ordinance. Upon failure of any such owner to make or cause such connections to be made by the Department of Public Works, in which case the costs and expenses will of making said connections will be as upon the lands benefited. Each 25 feet of frontage upon said street for the purposes of this improvement shall be considered a lot.

Section 2. That said improvement shall be undertaken as a local improve-

ment and the cost thereof shall be assessed against the property benefited by said improvement, in proportion to the benefits received, under and by virtue of the provisions of the act above referred to.

Section 3. That the sum of \$34,800.00 is hereby appropriated to pay the cost of said improvement, and for the purpose of meeting said appropriation and temporarily financing said improvement, temporary bonds or notes shall be issued from time to time in an amount not to exceed \$34,800.00, under and by virtue of the provisions of an act entitled "An Act to authorize and regulate the issuance of bonds and other obligations and the incurring of indebtedness by county, city, borough, village, town, township, or any municipality governed by an improvement commissioner." approved March 22, 1916 (P. L. 1916-525) and the supplements thereto and amendments thereof, which bonds or notes shall bear interest at a rate of not to exceed six per centum per annum. All other matters in respect to such temporary bonds or notes shall be determined by the Director of the Department of Revenue and Finance, who is hereby authorized to execute and issue said bonds or notes.

Section 4. That this ordinance shall take effect immediately and all ordinances or parts of ordinances inconsistent with the provisions of this ordinance be and the same are hereby repealed.

RESOLVED, That it is the intention of the Board of Commissioners of the City of Newark, N. J., under and by virtue of the provisions of an Act entitled "An Act Concerning Municipalities" approved March 27th, 1917, (P. L. 1917-319) and the supplements thereto and amendments thereof, to order and cause the

Grading, curbing and flagging of Hanford Street from Wharton Street to Carrington Street;

Grading, curbing and flagging of Ludlow Street from Wharton Street to Carrington Street;

Grading, curbing and flagging of Van Vechten Street from Frelinghuysen Avenue to Sedgewick Street;

Grading, curbing, flagging and asphalt paving of Noble Street from Frelinghuysen Avenue to Meeker Avenue; with the necessary new curbing or resetting of curb, together with all other appurtenances incidental to the grading, curbing and flagging, and paving of said streets, including the laying of concrete sidewalks at street intersections and elsewhere wherever needed, and the laying necessary or expedient or the grade of which may be affected on account of the set or relaying of a side walk or sidewalks, or such portion or portions of sidewalks as may be disturbed or may become necessitating or resetting of the curb, in accordance with the plans, specifications and profiles dated February 14th, 1925, and now on file in the office of the Department of Public Works.

The said improvement shall be undertaken as local improvements and the cost thereof shall be assessed against the property benefited by said improvements, in proportion to the benefits received, under and by virtue of the provisions of the Act above referred to.

That in order to temporarily finance said improvements, the following sums are hereby appropriated, viz:

For Hanford Street grading, curbing and flagging.....	\$6,800.00
For Ludlow Street grading, curbing and flagging.....	\$4,800.00
For Van Vechten Street grading, curbing and flagging	\$13,700.00
For Noble Street grading, curb- ing, flagging and paving	\$16,400 00

and temporary bonds or notes shall be issued from time to time to meet the cost thereof; under and by virtue of the provisions of an act entitled "An Act to authorize and regulate the issuance of bonds and other obligations and the incurring of indebtedness by county, city, borough, village, town, township, or any municipality governed by an improvement commission" approved March 22nd, 1916 (P. L. 1916-525) and the supplements thereto and amendments thereof, which bonds or notes shall bear interest at a rate not to exceed six per centum per annum. All other matters in respect to such temporary bonds or notes shall be determined by the Director of the Department of Revenue and Finance who is hereby authorized to execute and issue said bonds or notes.

And the Director of the Department of Public Works is hereby directed to give public notice in an authorized daily newspaper, printed and published in the City of Newark, of the intention of the Board of Commissioners to order and cause such improvements to be made, and that all persons whose lands may be affected by such improvements, or who may be interested therein will be given an opportunity to be heard concerning the same at a meeting of said Board, to be held in its meeting room, City Hall, on March 24th, 1925, at 11.00 o'clock A. The Board of Commissioners of The
City of Newark, N. J.

W. J. EGAN,
City Clerk.

NEWARK, N. J

March 10, 1925.

A regular meeting of the Board of Commissioners of the City of Newark, N. J., was held on the above date in the Commissioners Chamber, City Hall, Newark, at 11 A. M.

Present: Commissioners Brennan, Gillen, Howe, Mayor Breidenbach.

Absent: Commissioner Raymond.

The minutes of meeting of March 3rd were read and approved.

Mayor Breidenbach: Any citizen wish to be heard?

Mrs. R. S. Schindel: My address is 684 Parker Street, Newark. I presume you would like to know whom I represent. We are a delegation of women from the Women's Church Federation. We were organized last June and represent a large body of church women organized with but one purpose in our Constitution, the promotion of good citizenship. In order to help in that, we during the summer took the church membership lists and checked them up with the lists of voters at the last election and where we found slackness we followed them up and in some cases personally conducted them to the polls at the last election, because good citizens use the franchise.

About the first of the year Governor Silzer made an appeal for help in law

enforcement in the State of New Jersey, calling particularly on the better citizens and church members. Following that we called a luncheon meeting in January, at which we considered law enforcement conditions in Newark. We asked the good citizenship chairman in each church represented in the Federation to make a survey of conditions within a radius of three blocks of the church she represented, locating the places where the law was apparently being disregarded or disobeyed. We had some very interesting reports turned in at that luncheon. I have them typewritten here, some of them; of those I have here, I have twelve reports with considerably over a hundred places reported apparently disregarding the law. We have two charts that were made by the women who were that much interested, locating their church and marking with a star places that were suspicious. Some of them—most of them—are saloons; some of them are other places. Here is another small chart that was made. These are all specifically named. Then we asked to come to that meeting as a speaker a man who is familiar with law enforcement conditions in Newark. He brought to us this chart (producing paper). The white spot locates a police precinct, the red spots locate suspected saloons. We had another chart similar brought. This one has a total of 52 saloons within the vicinity of the Third Precinct Police Station. We were edited and stirred by the facts, because we believe them to be facts, that were told us at that meeting, and as in the way of women when they are deeply stirred, we felt we must do something. And so a set of resolutions was drawn up and presented to the City Commissioners, and with your permission, I will read these resolutions

Mrs. Schindel then read the resolutions adopted by the Women's Church Federation of Newark on January 23, 1925.

Mrs. Schindel: Because, as Commissioners elected by the people of Newark, you are responsible for the government of the city in all its phases, each one sharing a responsibility with the other Commissioners, we are here to ask you why, why are these conditions allowed to exist in the city of Newark, conditions that citizens, men, women and children passing by on the outside can see. We feel that with a police force of 1000, maintained at a cost of approximately \$2,000,000 to the taxpayers of Newark, sworn to detect and prevent crime on our City, the Commissioner of Public Safety could send those men out to gain evidence that would close these places. They can be closed. Because others have been closed. What has been done can be done, and where there is a will there is a way; and so on behalf of the women gathered here, representing a much larger delegation of church women, I ask you why these conditions are allowed to exist in the City of Newark?

Mayor Breidenbach: Have you any other speakers, Mrs. Schindel?

Mrs. Schindel: No, we are ready to answer any questions that may be asked, but we have asked a question that we would like to be answered now.

Commissioner Brennan: I presume, Mr. Mayor, the question is directed to me more than any of my colleagues. In the first place, Mrs. Schindel, the Police Department in two years have made over 250 complaints that have been held

and sent to the Grand Jury. What action has been taken thereon, I am unable at this time or, I believe, at any other time, to say. Some three years ago I endeavored to have passed an ordinance by this Board that would give me control under the license power given the City of Newark of revoking a license and closing a place without having to resort to the red tape so largely unfurled and unraveled by legal minds. At that particular time the Federation of Churches and ladies organizations representing the churches came here and protested so strongly against the enactment of this ordinance, that it left me practically powerless. It is hard for the Police Department to obtain evidence in saloons if they are violating the law, a great majority of them, if not all of them, being known to those who may conduct places of this kind. Being deprived of the power of shutting a place because of the revocation of a license or the refusal to grant one, and the business being under Federal Statutes prohibited, it is a lot easier for those desirous of engaging in this form of law violation, to get away, than if the Police Department had the right, for any cause or no cause to order a place closed and revoke the license under which it operates. I see reference being made here, that since Lieutenant Garry's removal you seldom hear of one of these places being raided. I understand only the last week there were four places raided by the Police Department, but the only thing the Police Department can do is to make the raid and present what evidence they procure to the Grand Jury or to the Federal Commissioner. After they present such evidence to the Police Court, and they are held, the Police Department is powerless to further press the charge until the courts are

ready to act thereon. In the meantime the place is operating just as it had been prior to a raid being made. The Police Department have got no power to order a place closed without a court order, and as I have previously said, red tape seemingly or legal entanglements, oft-times carries out for a number of years. In fact only last week some of the members of the Police Department were subpoenaed on a case which is practically two and a half years old, which the police officers believed had been disposed of. Everything that can be done legally is being done by the Police Department to eradicate any places where the law is violated, but as I have previously stated, the Police Department can go no farther than present the evidence to the Courts and the Grand Jury.

Mrs. Schindel: May I ask a question, Mr. Brennan?

Commissioner Brennan: You may.

Mrs. Schindel: Yesterday afternoon I was in a saloon on Mulberry Street, near Market. A few months ago a place just above it on the next block on Mulberry Street was padlocked. The fixtures and the personnel from that saloon were moved to the next block, and I was in yesterday and saw the men doing business. Now, what law padlocked that man in the first place?

Commissioner Brennan: Under a Federal Statute, acted upon by one of our Federal Judges, a place can be padlocked by order of the court, but there is nothing to prohibit that man from opening up next door, which is being

done in numerous instances in this city. There is no authority vested in the city government whereby he can be prohibited from doing that. Now, Mrs. Schindel and ladies, if the City Commissioners acting under the Director of Safety had a right to revoke or refuse a license, a place that was padlocked or the people operating a place that was padlocked, certainly could be refused permission to open next door or next block, or any other place. But, as I have previously stated, in 1922, if I am not mistaken, the records are here, when I endeavored to have such an ordinance adopted by the commission, the same was opposed by the speakers at that meeting, the Rev. O. Belle Close, who is delegated by the two bodies of people of the city, the Federation of Churches and the Presbytery of Newark, who opposed strenuously to the adoption of such ordinance. Such man, George S. Hobart, presented his objections representing the Federal authorities in the State of New Jersey. Other speakers were Rev. Carl Quimby, the Rev. T. Alex Cairns, the Rev. A. P. Peet, Mr. J. N. Kovis, Mr. N. T. Johnson, Mr. Clarence Ayer, Mrs. M. Neuhaus, Mr. Abbott Oliver. After discussion carried on over an hour, and the opposition seemingly being unanimous, at the following meeting I made a motion that the ordaining clause be stricken from the ordinance,—although I felt at that time, as I feel today, that the only means by which the City authorities can eradicate and eliminate this evil is by having vested in them, through the License Division, authority to revoke or refuse a license for the conducting of any place where beverages of any nature are sold.

Mrs. Schindel: Have you power to close a disorderly house?

Commissioner Brennan: No, none myself. I have power on an order from the court.

Mrs. Schindel: Only by an order from the court?

Commissioner Brennan: That is all.

Mrs. Schindel: How long does that require to get such an order?

Commissioner Brennan: Oft-times a couple of years.

Mrs. Schindel: What is your suggestion, Mr. Brennan, as the quickest procedure to cut the red tape that binds you?

Commissioner Brennan: My suggestion is the same as it was in 1922, the adoption of an ordinance backed and sanctioned by organizations such as yours, whereby I may be empowered to prohibit the operating of a place of business which in my opinion is detrimental to the morals of the community.

Mrs. Schindel: How quickly could that be brought about?

Commissioner Brennan: It could be brought about in less time than a couple of months, the time for the drawing of an ordinance, advertising a hearing that would be heard thereon.

Mrs. Schindel: Are you willing to draw up such an ordinance and submit it to those who may be interested?

Commissioner Brennan: I will be pleased to request the Corporation Counsel to draw it; I cannot draw it myself.

Mrs. Schindel: I mean have it drawn. We are interested.

Commissioner Brennan: I appreciate that.

Mrs. Schindel: We are mothers, most of us.

Commissioner Brennan: I am interested as a father.

Mrs. Schindel: And we want some of these vicious places closed in the city of Newark, if it is possible. If you are bound by red tape, we are interested in having the red tape cut.

Commissioner Brennan: For your information, Mrs. Schindel, the records from the Department show that going back to August last, we have had 49 raids made by the Police Department.

Mrs. Schindel: Since when?

Commissioner Brennan: Since August. Here are the records: Grand Jury, no indictment; Grand Jury, no indictment; Grand Jury, pending; Grand Jury, pending; Grand Jury, pending; Grand Jury, pending; Grand Jury, no indictment; Grand Jury, pending; turned over to Federal Prohibition Department; Grand Jury, pending; Grand Jury, pending; Grand Jury, turned over to Federal Prohibition Department; Grand Jury, pending; Prohibition Department; Grand Jury, pending, Grand Jury, fined

\$50 that was a poolroom; Grand Jury, pending; Grand Jury, pending; Grand Jury, fined \$50. another poolroom; turned over to Federal authorities; Grand Jury, pending; Grand Jury, pending; Grand Jury, no indictment; found guilty, sentence suspended; guilty, not sentenced; Grand Jury, pending. There is the list Mrs. Schindel.

Mrs. Schindel: Then, as I take it, the policemen of Newark are only for the personal protection of citizens, and yet in this book it says—and that is your manuel—it says that the police deputies and captains are held responsible ofr the prevention and detection of crime..

Commissioner Brennan: Yes, Ma'am, but the police understand, Mrs. Schindel, are entitled only to make an arrest and present their evidence through the courts.

Mrs. Schindel: And as head of the Public Safety of the City of Newark you have no power?

Commissioner Brennan: I have no power on my own authority, Mrs. Schindel.

Mrs. Schindel: You have no record of any place closed entirely under your jurisdiction, or by your orders?

Commissioner Brennan: No, I have not.

Mrs. Schindel: None in the City of Newark?

Commissioner Brennan: I cannot close where I have no licensing power

Mrs. Schindel Will you allow Miss Green to speak a word?

Miss Ida A. Green: I live in East Orange, I am affiliated with a Newark Church, the First Congregational Church, Mr. Brennan knows very well that the license which he asked for, when those ministers were opposed to it, was a license to license small liquor places, which is against the Law of this State and the land. He knows that such a license according to the Law of the State, passed by the State of New Jersey—here is the law: "No court, Judge, Board, Commission, Commissioner or public official heretofore or at any time having power and authority to grant and issue licenses for the sale of spirituous, vinous, malt or brewed liquors shall hereafter grant or issue any license or any permit in the nature of a license for the sale of any kind of spirituous, vinous, malt or brewed liquors for beverage purposes."

Now, the Woman's Church Federation ask that a screen law be passed, but not a license for the sale of malt liquors of any sort. That would be giving the city power which the State and nation prohibits, if it should be done in the way in which Mr. Brennan asked for a licensing power at that time, and that was why the church people objected to that. Mr. Brennan has not answered to-day why he could not propose a screen law which is legal and where they can screen places which are selling—where they can prohibit the screening and can license places which sell any sort of soft drinks. Such a screen law is in use now in Dover, and such a screen law Mr. Brennan knows could be passed, but not a license law such as he proposed could

not be done legally, and that is why the churches opposed it. Now, the women today are asking two things of Mr. Brennan and two things only of Mr. Brennan and the Commissioners. We are saying we don't see why you have not power, if Chicago has power and Philadelphia has power to clean up. Mayor Dever, of Chicago, said he walked in, and they gave the same excuse as before he went in, that the prohibition law was a Federal Law. They had police, as Newark has police, and no one before in Chicago has cleaned up. He reorganized his police and cleaned up. Now, we make two suggestions: A screen law can be passed, if Mr. Brennan will get a screen law such as is legal, not an illegal one, to license the sale of malt liquor, we would stand on that law. It couldn't be stood on by the churches before, because it was illegal according to the law of the land and the law of the State of New Jersey, but a screen law such as was passed in Dover and in use in Dover, could be passed by the City Council here. Now, one suggestion that we would like to see you pass a screen law like that, to get rid of these screens here. Now, such a screen law we can propose and we would be glad to support one which is legal, and then we know that when Lieutenant Garry was in charge of the Vice Squad, that continually he got information and did take it to the Federal Court, and his policemen were fine policemen and he did splendid work and he did get evidence that held and he did get padlocks put on, and we know that, in spite of this list that has been read, that since Lieutenant Garry has been taken off we have not anybody getting these results. Now, the women began to ask me to speak for them what we had been talking about

They want to ask the Commissioners in all kindness, why you don't do something that can be done, instead of proposing something that cannot, as Mr. Brennan knows, be done. It is not legal to license those places. We know you did do something with Lieutenant Garry, and we are asking you to do what you did before. We ask you to go on with a man like Garry, who will get testimony. We have been in these places. Any baby could go in them and see they are disorderly places. Any baby can walk in and see the disgraceful conditions in these saloons, and we know that if the police of other cities can do it, and if this City Council stands up here and says they cannot do it, we will have to do it by electing people that can do it. Now it is just up to you. In Chicago they said they couldn't until Mayor Dever, an Irish Catholic Democrat, did it, but the good people of this City would stand a man like that if he were an Irish Catholic Democrat, they would stand by him in Newark, just like they stood by him in Chicago. It is not a matter of church with us. I would stand by a man like Dever. We women here want to serve the young people. In other cities they have done it, and they cannot say you cannot do it in Newark. The reason you couldn't pass that license law is that it is not legal, and you cannot pass it.

Commissioner Brennan: Isn't it a fact that less than one half of one per cent can legally be sold?

Miss Green: The question is, is it not legal that beer of less than one-half of one per cent can be sold. This law which I am quoting passed by the State of New Jersey,— it is not a National Law—says "No court shall license a place

for the sale of spirituous, vinous, malt or brewed liquor," and doesn't say a word about the per cent, so that it is illegal to sell any liquor under that law. It just says, "no liquor, no spirituous, vinous, malt or brewed liquor," but a screen law can be passed such as they passed in Dover and are using in Dover. Now, what we want to know is why cavil on something that is illegal and cannot be done; why not do something that can be done? We know that the Mayor and City Council wants to do things that can be done, and we are suggesting that it has been done in the past in other places and can be done here.

Mrs. Schindel: May I ask if you will consider a screen law that we may present to you?

Mayor Breidenbach: Mrs. Schindel, there is one Commissioner who is absent today, Director Raymond, and it will be better for five commissioners, and we had better think it over until Mr. Raymond is here and we will be glad to have you present it then.

Mrs. Schindel: If you notice in our resolution, that was the first one, that we feel that the light of day should be thrown on these places, so we suggested a screen law be passed, and we will be very glad to present it if you will tell us when we may do that, when all the commissioners will be here.

Mayor Breidenbach: I expect Director Raymond back next Tuesday, and I hope he will be at the meeting. It is a matter entirely of Director Brennan's Department, and Director Brennan could take it up with the rest of the Commis-

sioners. Mr. Congleton would like to speak upon that legal point.

Mr. Congleton: With respect to the point raised by Miss Green with respect to there being no authority in this Board of Commissioners to pass an ordinance similar to the one proposed in 1922, I must disagree with Miss Green. I was never demonstrated that we had no authority to pass such an ordinance. I am quite familiar with the act that Miss Green quoted from, and that is an act dealing with liquors that are unlawful under the National Prohibition Law, which deals with beverages containing more than one-half of one per cent. That is all that act is dealing with, and it is my opinion, and I so expressed it in 1922, that this Board, under its licensing power, has the right to license a place selling beverages containing less than one-half of one per cent, the same as they have today the power to license soda water fountains, and which they are doing, and restaurants, bootblack parlors, and other places; and I still feel that we have the absolute power to do so, and agree with Commissioner Brennan and the others who considered the matter, that an ordinance similar to the one proposed would do more to eliminate at the first sweep, in my opinion, fully one-half of the so-called saloons that we have here in the City today, because that ordinance contained a clause that any one, to open a place or to be entitled to a license, had to be a resident of the city for at least one year prior to the application, that no one could have a permit granted to him who had ever been convicted of violating either the State Prohibition Act or the National Prohibition Act, and that if you will as you undoubtedly have done, make a survey of the saloons today, as

they are called, and see the people that are running them, you will know that at least one half, if not three-quarters of them, could not get a license under the terms of that ordinance. They have not lived here a year, and a great many of them have been convicted under the National Prohibition Law and the State Act, and there are many other phases in connection with that ordinance which in my opinion, would reduce the saloons, at the first sweep, more than fifty per cent or seventy-five per cent.

Miss Green: Mr. Mayor, I would like to say in regard to this, we know that ministers felt very strongly on this subject before, and we are trying to be absolutely within the law, and we feel that when there is a law such as this on the statute books, that we cannot be too careful, but we would like to have a chance to present a screen law and to combine it with the law which was proposed by you before and see if together we would not get a law which would not violate the opinion of the Ministers and the Child Workers and the Missionaries and the people who are working to save people in this city; and it would allow you to do away with the screens and to clean this situation up, and we would be very glad to present this screen law and to put in it, if it can be put in, some of the things that your lawyer feels would do a great deal of good, and see if the combination of the two could not be effected. We would be very glad to do that and work the thing with you, because we are very anxious that something be done and we feel that the ministers and those who have studied the law do not want to see you put in a thing which is not legal, and so that absolutely every

such license and every permit shall be null and void, and we don't want to take anything that may be declared null and void. We want to have a law which will be effective; that is our only desire, is to get a law which will be effective to get something put through that we know represents present views, without a single other thing than that these places which are manifestly disorderly houses, that these places which you have control over and which your policemen have power over and which you could have a vice squad raiding as you have had in the past, should be closed, and we promise that we would go to work right away, and that is what we would like to do, we would like to have you begin right away showing these people that they cannot violate the law as they are doing and run the place as they are running it.

Mrs. Schindel: May I make a request. I would like to make the request that as soon as possible an ordinance such as Mr. Congleton and Commissioner Brennan feel would be of help in this matter be sent to us, that we may consider it, and we will send to you a screen ordinance, and then, two weeks from today, if that is time enough for you, and it will be time enough for us, to consider this matter, we will come before you again.

Mayor Breidenbach: I think that is agreeable to Director Brennan and the rest of the Commissioners.

Commissioner Brennan: Yes.

Mr. Congleton: May I read the one section that I have been referring to, and I know the people that are running sal-

loons would see at once how many people would be put out of business. Section 9 of that proposed ordinance read: "No. . . . or any person who has been convicted of a violation of the National Prohibition Act or of any Law of the State of New Jersey relating to the sale of intoxicating liquors." Now, that goes back to the beginning of time. Any man who has ever been convicted either under the National Act or the State Act could not get a permit and it was not done for the purpose of raising revenue, because the license fee was made nominal.

Miss Green: As it is now, any man can come to the City of Newark, or any woman, and open a saloon.

Mr. Congleton: Yes.

Mrs. Schindel: Philadelphia was starting to clean out a short time ago, and a number of those men from Philadelphia were put out of the Robert Treat Hotel in Newark or were threatened with police protection unless they left Newark. Now, a clean-up has been started in New York and any of those people could come to Newark and open up, and so we would be very glad to help you in this matter right away, so that these people cannot come to the City of Newark and make it worse than it is.

Commissioner Brennan: As I have previously said, and as you mentioned, Mrs. Schindel, if we had an ordinance such as that on the statute books, conditions which you related relative to the padlocking of a place on one street and opening right up on the next block would be impossible in the City of Newark

Mrs. Schindel: Well, we would be very glad to come before you two weeks from today, if you will send us your "proposed" ordinance and we will send to you in turn what we feel would be an adequate screen ordinance.

Miss Green: We would like it if you could have a Vice Squad organized so that the same work could be done now as was done in the past. Did you take them to the Federal authorities to have the places padlocked?

Commissioner Brennan: Yes.

Miss Green: How many of them.

Commissioner Brennan: Five in six months.

Miss Green: Five in six months? We would like to see five places in a night.

Mayor Breidenbach: Is there any other citizen who wishes to be heard?

Mrs. George Rea: I live in Nutley, but I am affiliated with St. Paul's Methodist Church. I have been making personal investigations of the saloons. I have only been inside of one. I want to ask you this question: These licensed saloons are supposed to sell not more than one-half of one per cent. That is not supposed to make a man, woman, or child drunk. Will you, as intelligent men—some doctors among you—will you tell me how it is that men go in those places and women and come out staggering drunk? Is there no way for your Vice Squad or Mr. Brennan or your Commissioners to find out whether these

men are selling the licensed product. Is there no way for you to find out, when with our eyes we see them and we know. I leave that question before you as an American patriot, not citizens. I feel deeply on the matter, because I have had my Italian girls and boys and mothers come to me and say: "Mrs. Rea, will you try to get this saloon closed? My husband, my children, my boys are so much better when this is closed. I have worked right among them, and I know.

Commissioner Brennan: Mrs. Rea, the Police Department have done everything in their power to secure evidence. The only thing that the Police Department is in power to do, is to raid and present the evidence obtainable by them to the Court.

Mrs. Rea: Then, if we, as a Federation should ask you, and bring to you our personal evidence and come to you and say, "Mr. Brennan will you raid this saloon and raid this one and this one and this one?" Will you send your Vice Squad out and do it?

Commissioner Brennan: If you will present your evidence to the Court.

Mrs. Rea: No, to the Court, I have no right to take it.

Mrs. Schindel: We thank you very much, Mr. Mayor and Commissioners, and we will consider that we are engaged to come to you two weeks from today.

Mayor Breidenbach: Two weeks from today is right. Are there any citizens who wish to be heard?

Mr. William F. Cisko, Newark, N. J.: I am a representative of the Essex County Bus Owners' Association. We have for the last four months been trying to get somebody to stop this here racing up and down the avenue. This morning I heard Mr. Silverstein, a lawyer of the Bus Association, has a schedule that Mr. Crawford and Director Raymond has given him for the South Orange Avenue Association. What I want to know is, how can we make the Public Service enforce that schedule?

Mayor Breidenbach: That is a matter in Director Raymond's Department.

Mrs. Cisko: We don't seem to be able to get no satisfaction from Director Raymond. They are racing up and down the avenue. They cut us off and we can't get no satisfaction from nobody.

Mayor Breidenbach: Is Mr. Joseph Crawford here?

Mr. Crawford: Yes, sir. All of those schedules under consideration are being worked out now, all of them. They had a group system schedule and that was broken up and they are working on all of the schedules now.

Commissioner Gillen: Isn't it a matter, where there is some sort of controversy between the independents and the other corporation, that can be worked so that they all keep on schedules?

Mr. Crawford: I think there is no doubt of it. That is what we are working on now and finishing up. I never saw this gentleman before.

Mr. Cisco: I am not bus owner. I am connected with my brother and I am a Director of the South Orange Avenue Bus Association and a representative of the Essex County Bus Owners' Association. We have formed the organization within the last two weeks for the simple reason of bringing before the public our conditions, the way they exist now.

Mr. Crawford: I might say I had a talk with Mr. Silverstein, the only man that has represented him up to date, and I told him that the schedules were to be filed this afternoon at three o'clock. I told that to Mr. Silverman a few minutes ago.

Mayor Breidenbach: Supposing you get in touch with Mr. Crawford this afternoon at three o'clock.

Mr. Crawford: We have been checking up on this schedule. We were to get it at three o'clock.

Mayor Breidenbach: Supposing you wait a few days and get the results. Mr. Crawford is working on it now.

Mr. Cisco: After the thing comes through, how will we know that the Public Service will enforce it?

Mayor Breidenbach: You can see Mr. Crawford. He will be glad to see you at any time. He said he never saw you before.

Mr. Cisco: I have seen him before, and he has seen me before.

Mayor Breidenbach: Will you talk it up with Mr. Crawford? Are there any other citizens to be heard?

Mr. Philip Schotland: I represent an applicant to have Lyons Avenue legally made what it is in fact, a business thoroughfare west of Bergen Street. My particular interest is only in just one location. My client bought the property on the southside of Lyons Avenue, corner of Clinton Place, and wants to erect eight stores there.

Mayor Breidenbach: Mr. Schotland, pardon me for interrupting, but the Commissioners are going to set a date for public hearing on that.

Mr. Schotland: But, Mr. Mayor, that matter has been pending now for several months.

Mayor Breidenbach: I know it has.

Mr. Schotland: And this is fully time—the clients are paying interest on the investment without getting anything out of it, and the city is losing.

Mayor Breidenbach: There is some correspondence about the Beth Israel Hospital, that the Beth Israel Hospital is supposed to be in favor of it or opposed to it. We have a letter from the Board of Directors of the Beth Israel Hospital, opposing the change, and we will set a date for the hearing, so that we will hear the whole matter.

Mr. Schotland: Mr. Mayor, I don't see that it makes any difference whether the Beth Israel Hospital is for or against it. I happen to know that the Beth Israel Hospital, through its President, signed the petition that was originally circulated, asking for a change in the zone. It seems he brought that about

in some way or other and there was quite a meeting and quite a discussion last night. I didn't happen to be present at the meeting, although I am a Director. I was away and got in last night too late to go to the meeting, and I don't know just exactly what took place, but I do know that they were advised that it will be a proper thing to go on record as wanting it.

Mayor Breidenbach: They put themselves on resolution last night, as against it?

Mr. Schotland: As against it? That would make absolutely no difference in the situation, because we have been bothering around with this thing for months. First, we came to the Adjustment Board and they said that that part was in the residential zone and would have to go to the City Commissioners.

Mayor Breidenbach: Mr. Schotland, would you mind if the Clerk reads this communication from the Board of Directors of Beth Israel Hospital?

Mr. Schotland: No.

The following communication was then read by the clerk:

March 9th, 1925.

To the Honorable,

Board of Commissioners of the

City of Newark.

Gentlemen:—

The Board of Directors of the Newark Beth Israel Hospital, at a meeting

held at the Board Rooms on Monday, March 9th, 1925, passed the following resolution:

"RESOLVED, That the Directors strenuously object to any change in the restricted zone pertaining to the location on Lyons Avenue, Newark, N. J., where the Newark Beth Israel Hospital contemplate building a new Hospital, within the near future."

Frank I. Liveright,

President, Newark Beth Israel Hospital.

Mr. Schotland: Assuming that that is a fact true now, assuming that that is so, here comes an eleemosynary institution, buys right in there and takes a mighty lot of it, takes it out of the taxable property of the City of Newark, and when influence is brought to bear and a divided board is brought about at a meeting, they pass such a resolution, can they stand in the way of progress of the city? Is there any man living going to say that Lyons Avenue between Bergen Street and Springfield Avenue, Irvington, is anything but a business thoroughfare and can be made anything but a business thoroughfare? This land is unrestricted. If you turn down our application, so that we are unable to get a building permit to build the eight stores that we filed plans for, on the south side of Lyons Avenue, corner of Clinton Place, you know and the City Council and we all know that we can go to the Supreme Court and get a writ of mandamus ordering the city to permit us to erect the stores. Now, why put the city to expense in the face of an adjudicated question on a business thoroughfare which would hamper

the progress of the city, to try to keep it in the residential zone if you could—if you could legally. We are not interested in any party. The reason that our application was turned into one to change the entire zone was at the suggestion of the Commissioners, at the suggestion of people interested here, who thought that it would be inadvisable to keep biting off one piece of the cherry at a time, making an application to the Commissioners and an application to the Adjustment Board every time somebody wanted to erect an apartment house or build a store or put up a building on Lyons Avenue. It was simply to accommodate those that I put in the application in that form. Now, when this matter came up here before the Adjustment Board, they unanimously voted to recommend to the City Commission that that be done. The argument of Dr. Craster before that Board was that it is in fact a business thoroughfare, and you cannot stop it. Now, this is the time to start building. My clients cannot afford to continue to let this land lie idle until there are further postponements and investigations and objections created. We either want the application turned down, so that we can get it anyhow, or we want it granted, so that we are put to any needless expense in needless litigation.

Mayor Breidenbach: Mr. Schotland, we have not as yet decided what we would do on it, and as I stated before, the hearing is to be set down, and I think the Commission will set the hearing for next Tuesday, and we will then decide.

Commissioner Gillen moved that a public hearing be held next Tuesday at

eleven o'clock on the Lyons Avenue zoning question.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brennan, Gillen, Howe, Mayor Breidenbach.

Marcus E. Husk: My address is 457 Fourth Avenue. I would like to speak to you petitioning you to change the zoning conditions on a piece of property between Fourth Avenue and Springdale Avenue.

Mayor Breidenbach: You have a petition here?

Mr. Husk: Yes, but I would just like to call your attention to the great disadvantage as it is at the present time, and ask you that you might change the one side which faces South Street to a residential, instead of an industrial district.

Mayor Breidenbach. The petition has been referred to the Adjustment Board, Mr. Husk.

Mr. Husk: But I would like to call your attention to the matter. You know Fourth Avenue is built up solidly all the way down from Rosedale Avenue clean down to the city line and the houses are all of them set back at least eighteen to twenty feet clean down to the city line. Now, if this remains as appears, and we understand there is a party trying to get hold of the corner of Twelfth Street and Fourth Avenue for a store. Under the conditions and under the zoning laws, in an industrial district he can build out

on the street line, which will throw his store line at least eighteen to twenty feet beyond all the rest of the property from Rosedale Avenue down to the city line, which you know, would not be very nice, and the petition which I represent—it only just gives you the opinion and representation of just the people on the immediate block. Eleventh Street is built up solid, Fourth Avenue is built up solid, Springdale Avenue is built up almost solid, and then only just that half a block in that whole area whereby they can put an industrial plant up. There was a little block on the west of Rosedale Avenue that was residential, and they got for industry, and now they have got a large laundry which fills the air with smoke and which is a great detriment to the whole neighborhood. We, as citizens, want to protect this little spot of ours up there, that we might have a respectable zone.

Mayor Breidenbach: Mr. Husk, pardon me, but this is a matter that you ought to take up with the Adjustment Board, and they understand all about that.

Mr. Husk: I took it up with them, but they referred me to you.

Mayor Breidenbach: No, it is entirely up to the Adjustment Board to hear this.

Mr. Husk: They say you are the one.

Mayor Breidenbach: You might appear before the Adjustment Board if you wish, because the petition has been referred to the Adjustment Board.

Mr. Husk: When will the Board meet?

Mayor Breidenbach: A week from Thursday.

Mr. Husk: Thursday, at what time?

Mayor Breidenbach: That meeting is a week from Thursday at two o'clock.

City Clerk Egan: In this building, a week from Thursday at two o'clock.

Commissioner Gillen: This is a petition referred to the Board of Adjustment.

A petition signed by Mr. Marcus E Husk and 80 other property owners, protesting that the plot of ground on the easterly side of North 12th Street, running from the intersection of North 12th Street and 4th Avenue to the intersection of No. 12th Street and Springdale Avenue, be not placed in the manufacturing zone, was received, read and on motion ordered referred to the Board of Adjustment.

The City Clerk presented a notice of intention for the Repaving of Broad Street from Belleville Avenue to Poinier Street and stated that today was the time fixed for hearing on the same.

The Board then entered upon said hearing.

Mr. David G. Smith, 5 Colt Street, Paterson, N. J. I represent the property owners of 895 and 901 Broad Street, including the Aeolian Building and the Hotel Belvidere. I believe I am alone. I am just wondering at the necessity of improving Broad Street at that particu-

lar point. It may be that other parts of Broad Street, from that point of beginning to the point of termination may necessitate certain kinds of improvement, but whether or not from Broad and Market beyond the sidewalk necessitates improvement is a matter that we feel not necessary. Increased valuations, increased costs, increased taxes, and other items there, we feel that with long term leases, no benefits can inure to the property along the street at that particular point, and we feel that there ought to be objections to it.

Mr. Costello: We cannot concede any benefits accruing to the property along that particular point.

Mr. Carl Lehman: We are not here to protest. We own two pieces, and would like to ask the question, how is it going to be paid.

Mr. Costello: Eighty on the City at large, and twenty on the property owners, ten on each side. That is the way I understand the Director wants it done.

Mr. Lehman: The notice says nothing at all about that; it says there is going to be an expenditure of a certain amount of money.

Commissioner Gillen: This Board cannot fix the amount but it can make recommendations to the Assessment Board which fixes the assessment.

Mr. Smith: Probably if that had been called to my attention, I wouldn't have been here. When you are speaking of ten and twenty per cent—

Mayor Bridenbach: That is another matter.

Mr. Lehman: But you say \$402,000, or something of that; that means the entire cost?

Mayor Breidenbach: The cost will be very little. I had my own street paved.

Commissioner Gillen: Now, as to how much the city will pay and how much the property owner will pay, that is up to the Assessment Board, but the Assessment Board does listen to recommendations of this Board in paving these main arteries.

Mayor Breidenbach: Do you wish to enter a protest, Mr. Lehman?

Mr. Lehman: I am not entering a protest. I just want to get the opinion of the Commissioners as to whether or not the owners should pay anything. If it is, it should be absolutely nominal, in view of the fact—

Commissioner Brennan: Don't you feel, Mr. Lehman, it would be worth ten per cent?

Mr. Lehman: We are indirectly paying assessments today through our taxation, that is, through our tax assessment. In other words, in answer to Director Brennan's question, where a street is repaved, we anticipate, and I think rightly, that we will get a raise in assessment, and therefore we are paying our share for the use of that street. Now, speaking of Newark Avenue, you and I might use the street. I don't think that Director

Brennan or any other directors have been on that street. Well, maybe you have.

Mayor Breidenbach: Late at night, Mr. Lehman.

Mr. Lehman: Now we come to the point of the City of Newark at large. Everybody in the City of Newark uses Broad Street. I do not think that can be denied, directly or indirectly. People who ride on it use it and people who have deliveries through Broad Street use it indirectly, and I feel, being a Newark property owner of some size, we feel that central streets, such as Broad Street and Market Street, are directly a city matter and should be considered so. I do not know whether I answer exactly the question of values.

Mayor Breidenbach: Mr. Costello, do you take that into consideration when it is a main thoroughfare?

Commissioner Gillen: Yes, that is a policy adopted, being a main thoroughfare.

Mr. Lehman: I didn't know that, on a main street.

Commissioner Gillen: Yes, when I was in the Board, there was no assessment levied on property owners under sixty or seventy per cent. of the cost. Now, it is put down as low as ten per cent. on the main arteries, because of changed conditions which you have described.

Mr. Costello: Ten per cent. on either side.

Commissioner Gillen: We used to

assess seventy-five per cent of the cost of that repavement and twenty-five per cent. on the city. Now, the whole thing is reversed. We used to assess ninety and some odd per cent. for new pavements and seventy-five per cent. for repavement against property owners.

Mr. Lehman: If it is nominal, I think the city has taken the right attitude, but there is nothing in the published notices to that effect.

Mr. Smith: I didn't have that information and probably if I had, I might not have been here.

Mayor Breidenbach: Does any other citizen wish to be heard?

There being no one else to be heard, Commissioner Brennan moved that the hearing be closed.

The roll being called, the motion was declared adopted by the following votes.

Yeas: Commissioners Brennan, Gillen, Howe, Mayor Breidenbach.

Commissioner Brennan offered the following ordinance which was read by the clerk:

An ordinance to provide for the repaving of Broad Street from Belleville Avenue to Poinier Street with asphalt pavement on the old concrete foundation, built up with asphalt binder, on both sides of the street railway tracks with the exception of one (1) foot on each side of said tracks.

The Board of Commissioners of the City of Newark, Do Ordain:

Section 1. That Broad Street from Belleville Avenue to Poinier Street shall be repaved with asphalt pavement on the old concrete foundation built up with asphalt binder, on both sides of the street railway tracks with the exception of one (1) foot on each side of said tracks. (The City is hereby authorized to award a single contract for the within described improvement or award as many separate contracts for the improvement as is deemed advisable.)

The repaving of said street shall also include the necessary new curbing or re-setting of curb, together with all other appurtenances incidental to the repaving of said street, including the laying of concrete sidewalks at street intersections and elsewhere wherever needed, and the laying or relaying of a sidewalk or sidewalks or such portions of sidewalks as may be disturbed or may become necessary or expedient, or the grade of which may be affected on account of the laying of the pavement or the setting or resetting of the curb, under and by virtue of the provisions of an act entitled "An Act Concerning Municipalities," approved March 27, 1917, (P. L. 1917-319) and the supplements thereto and amendments thereof, in accordance with the plans, specifications and profiles dated February 4th, 1925, and now on file in the office of the Department of Public Works.

In order to avoid the necessity of excavating and tearing up the improved portion of said street after the making of said improvement, the owners of any and all lands on the line of said improvement,

are hereby ordered and directed to make the necessary connections with the sewer, gas and water mains to the curb lines in said street for each lot fronting upon said street within thirty (30) days after the passage of this ordinance. Upon failure of any such owner to make or cause said connections to be made, the same will be made by the Department of Public Works, in which case the costs and expenses of making said connections will be assessed upon the lands benefited. Each 25 feet of frontage upon said street for the purposes of this improvement shall be considered a lot.

Section 2. That said improvement shall be undertaken as a local improvement and the cost thereof shall be assessed against the property benefited by said improvement, in proportion to the benefits received, under and by virtue of the provisions of the act above referred to.

Section 3. That the sum of \$402,000.00 is hereby appropriated to pay the cost of said improvement, and for the purpose of meeting said appropriation and temporarily financing said improvement, temporary bonds or notes shall be issued from time to time in an amount not to exceed \$402,000.00, under and by virtue of the provisions of an act entitled "An Act to authorize and regulate the issuance of bonds and other obligations and the incurring of indebtedness by county, city, borough, village, town, township, or any municipality governed by an improvement commission," approved March 22nd, 1916, (P. L. 1916-525) and the supplements thereto and amendments thereof, which bonds or notes shall bear interest at a rate of not

to exceed six per centum per annum All other matters in respect to such temporary bonds or notes shall be determined by the Director of the Department of Revenue and Finance who is hereby authorized to execute and issue said bonds or notes.

Section 4. That this ordinance shall take effect immediately and all ordinances or parts of ordinances inconsistent with the provisions of this ordinance, be and the same are hereby repealed.

The ordinance having been read once, Commissioner Brennan moved that it be ordered to a second reading.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brennan, Gillen, Howe, Mayor Breidenbach.

The clerk then read the ordinance by sections:

Title declared open to amendment.

Section 1 declared open to amendment.

Section 2 declared open to amendment.

Section 3 declared open to amendment.

Section 4 declared open to amendment.

The ordinance was declared open to amendment in all its parts.

The ordinance having been read a second time, Commissioner Brennan moved that it be ordered to a third reading

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brennan, Gillen, Howe, Mayor Breidenbach.

Commissioner Brennan moved that the ordinance be taken up on third reading and final passage on March 17th.

Yeas: Commissioners Brennan, Gillen, Howe, Mayor Breidenbach.

The City Clerk presented notice of intention for the vacation of Komorn Street, and stated that today was the time fixed for hearing on the same.

The Board then entered upon said hearing.

Mayor Breidenbach: Any citizen wish to be heard?

Elias Glick: My address is 1244 and 1246 South Broad Street. I would like to know that I have just been paying for South Broad Street. Five years ago I would like to know whether we would have to pay for it.

Mayor Breidenbach: You pay ten per cent. The City pays about eighty per cent. Does any other citizen wish to be heard on Komorn Street?

There being no one else to be heard, Commissioner Gillen moved that the public hearing be closed.

The roll being called, the motion was declared adopted by the following votes

Yeas Commissioners Brennan, Gillen,
Howe, Mayor Breidenbach.

Commissioner Brennan offered the following ordinance which was read by the clerk:

An ordinance providing for the vacation of Kornorn Street from St. Charles Street to McGregor Avenue.

The Board of Commissioners of the City of Newark, Do Ordain:

Section 1. That Kornorn Street from St. Charles Street to McGregor Avenue as shown on a map on file in the office of the Chief Engineer, Division of Surveys, Department of Public Works, known and designated as No. 1294-V, shall be vacated as a public street or highway, under and by virtue of the provisions of Section 1, sub-division (b) of Article XXII, of an Act of the Legislature of the State of New Jersey, entitled "An Act Concerning Municipalities" approved March 27, 1917, and the acts amendatory thereof and supplementary thereto.

Section 2. That this ordinance shall take effect immediately and all ordinances or parts of ordinances inconsistent with the provisions of this ordinance, be and the same are hereby repealed.

The ordinance having been read once, Commissioner Brennan moved that it be ordered to a second reading.

The roll being called, the motion was declared adopted by the following votes

Yeas Commissioners Brennan, Gillen,
Howe, Mayor Breidenbach.

The Clerk then read the ordinance by sections:

Title declared open to amendment.

Section 1 declared open to amendment.

Section 2 declared open to amendment.

The ordinance was declared open to amendment in all its parts.

The ordinance having been read a second time, Commissioner Raymond moved that it be ordered to a third reading

The roll being called, the motion was declared adopted by the following votes.

Yeas: Commissioners Brennan, Gillen,
Howe, Mayor Breidenbach.

Commissioner Brennan moved that the ordinance be taken up on third and final reading on March 17th.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brennan, Gillen,
Howe, Mayor Breidenbach.

Mayor Breidenbach: Any citizen wish to be heard on the ordinance providing for the grading and paving of Valley Street?

Mr. John C. Horn: I would like to know what the Commissioners have de

cided on payment of one-third of Valley Street pavement.

Mayor Breidenbach: That is up to the Assessment Commissioners?

Mr. Horn: I got the property owners all in favor of paying one-third. If not, they are going to protest the street.

Commissioner Gillen: If Director Raymond told you that that recommendation has been made to the Assessment Commissioners, they invariably follow that out.

Mayor Breidenbach: The Assessment Commissioners—

Commissioner Gillen: Have had no hearings on it.

Mayor Breidenbach: They cannot tell as yet. They will not be able to tell until the ordinance is passed on final reading.

Commissioner Raymond moved that the title of "An ordinance to provide for the grading and paving of North 11th Street from First Avenue to Second Avenue with asphalt pavement (1½" top-1½" binder) on a six (6) inch concrete foundation," be taken for its third and final reading.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brennan, Gillen, Howe, Mayor Breidenbach.

The Clerk then read the title of the ordinance as follows

An ordinance to provide for the grading and paving of North 11th Street from First Avenue to Second Avenue with asphalt pavement (1½ top-1½" binder) on a six (6) inch concrete foundation.

The ordinance having been read three times was then declared to be upon its third and final passage.

The roll being called, the ordinance was declared adopted by the following votes:

Yeas: Commissioners Brennan, Gillen, Howe, Mayor Breidenbach.

Mayor Breidenbach: Any citizen wish to be heard on the ordinance providing for the grading, curbing, flagging and paving of Valley Street?

(No response).

Commissioner Brennan moved that the title of "An ordinance to provide for the grading, curbing, flagging and paving of Valley Street from Stuyvesant Avenue to City Line with asphalt pavement (1½" top-1½" binder) on a six (6) inch concrete foundation," be taken for its third and final reading.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brennan, Gillen, Howe, Mayor Breidenbach.

The clerk then read the title of the ordinance as follows:

An ordinance to provide for the grad-

ing, curbing, lagging and paving of Valley Stret from Stuyvesant Avenue to City Line with asphalt pavement (1½" top-1½" binder) on a six (6) inch concrete foundation.

The ordinance having been read three times, was then declared to be upon its third and final passage.

The roll being called, the ordinance was declared adopted by the following votes:

Yeas: Commissioners Brennan, Gillen, Howe, Mayor Breidenbach.

The City Clerk presented notice of intention for the release and extinguishment of the public right arising from the dedication of parts of Bank Street.

Mayor Breidenbach: Anyone wish to be heard?

(No response.)

Commissioner Brennan moved that the title of "An ordinance to provide for the release and extinguishment of the public right arising from the dedication of parts of Bank Street and Wallace Place (formerly Bank Street) on the easterly sides thereof and extending from the northwesterly corner of Norfolk Street and Bank Street to the southeasterly corner of Academy Street and Wallace Place (formerly Bank Street)," be taken for its third and final reading.

The roll being called, the motion was declared adopted by the following votes

Yeas Commissioners Brennan, Gillen, Howe, Mayor Breidenbach.

The clerk then read the title of the ordinance as follows:

An ordinance to provide for the release and extinguishment of the public right arising from the dedication of parts of Bank Street and Wallace Place (formerly Bank Street) on the easterly sides thereof and extending from the northwesterly corner of Norfolk Street and Bank Street to the southeasterly corner of Academy Street and Wallace Place (formerly Bank Street).

The ordinance having been read three times was then declared adopted by the following votes:

Yeas: Commissioners Brennan, Gillen, Howe, Mayor Breidenbach.

Mayor Breidenbach offered the following resolution:

Yeas: Commissioners Brennan, Gillen, Howe, Mayor Breidenbach.

Mayor Breidenbach: Do you want to be heard?

Mr. Herman W. Brams: Yes, your Honor. My address is 951 Broad Street. I represent Harry Ellis, a leaseholder of some property on Bergen Street. There was an ordinance passed that that street be widened, and the Board of Local Improvements heard this matter, and we submitted our claims. Now, some time has passed and we have not heard anything about this matter, and we understood that there is supposed to be taken some action about additional appropriation.

Mayor Breidenbach: That is entirely up to the Assessment Commissioners and you will hear about it as soon as they are ready. You can go upstairs on the next floor and find out

Mr. Brams: Well, the only thing is, the matter has been hanging fire for some time.

Mayor Breidenbach: Well, there is Commissioner Soffel, now president of the Assessment Commission. Commissioner Soffel, this gentleman wants to ask you a question about some improvements. Supposing you ask Mr. Soffel.

Mr. Brams: I wanted to ask whether any further action had been taken on that Bergen Street matter.

Mr. Soffel: Bergen Street matter is in the hands of the law department, because the appropriation made by the Commission is not sufficient to pay the costs of the improvement.

Mayor Breidenbach: Is that satisfactory?

Mr. Brams: Yes, sir.

Mayor Breidenbach offered the following resolutions:

WHEREAS, In accordance with the law and by authority of the Board of Commissioners of the City of Newark, the Director of the Department of Public Affairs, publicly solicited, received and opened proposals for the laundering of the towels and bathing suits for the Bureau of Baths, Department of Public Affairs;

WHEREAS, The Troy City Laundry, Inc., having bid the sum of Ninety cents (\$.90) per hundred for towels and One dollar forty cents (\$1.40) for bathing suits is the lowest responsible bidder,

THEREFORE BE IT RESOLVED,

A communication from the Westchester Ferry Corporation relative to the resumption of service of the Yonkers-Alpine Ferry on March 15th was received, read and on motion ordered referred to the Director of Public Works.

The following petition was received and read:

To the Honorable,

The Board of City Commissioners of
The City of Newark, New Jersey.

Gentlemen:—

We, the undersigned, voters of the Third Election District of the First Ward of this City, respectfully request your Honorable Body to have this District divided into two for the following reasons:

First, there are eligible to vote more than 600 citizens.

Many of the said citizens who are eligible to vote were born in Italy and are unfamiliar with the English language. Therefore they have a great deal of difficulty in voting and most of them are compelled to ask for the assistance of the Election Officers which creates delay, with the result that in every election a hundred to one hundred and fifty citizens of this District are unable to vote before the closing of the polls and are thus disfranchised

We know that it is not the intention of those in authority to have voters disfranchised and we know that it is their desire to give every voter a chance to register his choice.

Therefore we respectfully urge that you ask the County Board of Elections to split this district so that the matters complained of may be remedied.

Respectfully yours,

Signed by eleven persons.

Ordered referred to the City Clerk.

Dear Sir:—

The Women's Church Federation have decided to present the resolutions passed at their meeting January 23rd to the City Commissioners at their regular meeting tomorrow, March 10th.

Will you please state that a delegation from this Federation would be very glad to be heard at their meeting at eleven o'clock.

Ordered filed.

Robert Treat Junior High School
Newark, N. J., March 2, 1925.

To the Honorable,
The Commissioners of
The City of Newark.

Gentlemen:—

The parents of children attending this school have been to see me about notices of an application for a large garage that has been filed for No. 300 Norfolk Street, a vacant lot adjoining the Trade School.

As this lot is on the way from South Orange Avenue to our school, the proposed garage would be a danger and menace to the children on their way to and from the school. This large school is capable of accommodating 3,000 pupils from kindergarten to second year high school and we are nearly all of that number now. The erection of any building or the establishment of any industry that will endanger the health, limbs, or lives of the children is a very serious matter and we trust your honorable body will give serious consideration to the protests made against such use of this lot.

This school has been here for nearly 40 years and we expect to serve the City for many years to come. Its protection from dangers to the health and welfare of its teachers and children becomes a matter of great importance.

Very respectfully yours,

Martin L. Cox,
Principal

Commissioner Gillen: I move that the application be refused.

Mayor Breidenbach: I think we are on record as being opposed to a garage next to the school.

Commissioner Brennan: We have an ordinance forbidding it.

Mayor Breidenbach: This communication will be referred to the Building Department, with the notation calling their attention to the ordinance forbidding the erection of a garage within certain distances.

ANNUAL REPORTS

The following Annual Report for the year 1924 was received:

Newark Technical School.

Commissioner Howe: I move we adjourn.

The roll being called, the motion was declared adopted by the following votes:

The Board of Commissioners of The
City of Newark, N. J.

W. J. EGAN,
City Clerk

NEWARK, N. J.

March 17, 1925.

A regular meeting of the Board of Commissioners of the City of Newark, N. J., was held on the above date in the Commissioners' Chamber, City Hall, Newark, at 11 A. M.

Present: Commissioners Brennan, Gillen, Howe, Raymond, Mayor Breidenbach.

The minutes of the meeting of March 10, were read and approved.

Commissioner Gillen: I move we take up the Lyons Avenue Zoning change.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brennan, Gillen, Howe, Raymond, Mayor Breidenbach.

Mayor Breidenbach: We will now take up this matter and hear those in favor of the proposed change and then we will hear those who are opposed to the change.

Mr. Frazer: I am in favor of it, and I understand you are hearing that side now.

Mayor Breidenbach: You are in favor? Suppose we hear the ones that are in favor of it first and hear the owners who are protesting afterwards.

Mr. Frazer: I am representing owners of property at the southeast corner of Parkview Terrace and Lyons Ave-

nue and a block to the west of Bergen Street.

As the Commission doubtless knows Lyons Avenue today is in the residence section from Elizabeth Avenue westerly as far as Clinton Place; and the present application is a request that the business classification be continued easterly as far as Bergen Street. The whole character of Lyons Avenue has changed very greatly in the last two years, due to the improvement of the street not only in Newark, but also in Irvington so it is becoming a through thoroughfare for a very rapidly growing automobile traffic.

I have made, as indicative of this growth, a twelve hour count which was taken on March 12th, starting at 8 o'clock in the morning and ending at 8 o'clock at night. I have this classified by hours; from 8 to 9, and from 9 to 10 and so forth. It shows that starting out at 8 o'clock there were in an hour, from 8 to 9, 23 buses going up Lyons Avenue; there were 220 automobiles of the pleasure type; there were 77 trucks at that early hour, and the trucks get up as high as 117 in an hour, and the other vehicles get up at one period of the count as high as 501, that is, the pleasure vehicles, and the highest bus count is 28. That is for the 12 hours there were 304 buses; 3,200 pleasure cars; 1,034 trucks, or a total of 4,538 motor vehicles on a day merely chosen at random in the late winter or early spring, if you are so pleased to call it. The conditions of the street as far as pleasure cars are concerned, are tremendously worse on holidays, Saturdays and Sundays. This count is for the average business day.

The tendency is one of continuous growth in that type of traffic, so that at times there is a very great degree of noise at the present time; there is a constant lumbering up and down of the jitney buses, they are stopping, squeaking brakes, and so forth, so that we have a condition of very congested traffic patronage, of the street, which is rapidly verging toward traffic congestion, and in the course of a few years will undoubtedly result in a traffic congestion.

Now as to the street itself, in the immediate vicinity of the client whom I represent, we have this situation: Directly across the street from the place where he now desires to erect a business property, there is a drug store, on the corner of Bergen Street and Lyons Avenue. Within one hundred feet limit, which is permitted by the business classification on Bergen Street, there has already been erected on Lyons Avenue, on the southerly side, two, one-story sort of taxpayer stores which are practically finished and are about to be occupied, and the zoning ordinance permits that, they are within 100 feet of Bergen Street, but they actually front and are stores on Lyons Avenue.

If we come up, further up the street, we find that at 166 Lyons Avenue, Mr. Hennon, who has been engaged in business there a number of years,—and this is in no sense a complaint against Mr. Hennon's business,—he, however, just to the west of Parkview Terrace, maintains a milk business, and as you gentlemen know, a milk business is one which involves early morning deliveries, the getting up and getting out of

his bottles, and the loading of his wagons, and the moving of his wagons and automobiles out at least at a very unseasonable hour, from the standpoint of rest. So that we have in that very vicinity, the beginning of a breaking down of the strictly residential character of Lyons Avenue. The people, in that neighborhood, apparently, are not objecting to any large extent.

Mr. and Mrs. Kermini, who occupy property diagonally across from my client, on the northwest corner of Parkview Terrace and Bergen Street, actual occupants there, it is their home, are saying that conditions are getting so bad, that they themselves would like to be able to sell out their property for business purposes and move elsewhere. They feel, that in the course of a few years conditions are going to be intolerable in that street, on account of the change in conditions.

Further up, the next door neighbor, Mrs. Rae, has got exactly the same and is anxious that this classification be changed.

Another one in favor of it, Mr. Kosofsky, is in the same situation, his number being 149 Lyons Avenue.

The same is true of the owners of other lots and property up there. There is Mr. Kotlovitz, who owns a tract of land on the Parkview Terrace and also owns a lot further up on Lyons Avenue, is favorable to the change.

If a poll were taken seriously of those who were eager for the change and those that for one reason or an-

other were opposed to it, I think there is very little question but that the vote would be substantially in favor of the change.

And in making this application I would like to call the Commission's attention to the fact, the zoning lines, if they are to be considered, must take into consideration the tendency of the times, and must be changed, from time to time, to meet those tendencies.

Mayor Breidenbach: You are asking for a change right down to Bergen Street?

Mr. Frazer: Right down to Bergen Street.

Mayor Breidenbach: You are asking for it right down to Bergen Street?

Mr. Frazer: Yes, sir, we do at the present time and some 50 feet or so to the west of Bergen Street on Lyons Avenue.

We have another store on that block where we—

Commissioner Brennan: Where did you say that was, from Bergen Street to where?

Mr. Frazer: Yes, right straight through now, clear through requesting it to be all business. It is business all the way from Irvington and the tendency is, of course, for business and trucking—further trucking to increase generally as the traffic increases on that street, and the condition is one which is making the street gradually intolerable as a residential street.

And here is an application from the owners of a large part of the land for a change, so that they can properly develop that land. It seems to me that this Commission ought to take into consideration the changing conditions, and in doing so it would be almost impossible to come to a result other than it should be changed.

I would like to leave with you the count of the traffic which, as I say, was taken at a time when the traffic had reached its maximum, and simply traffic from day to day in a business day.

Commissioner Gillen: What do you think that proves?

Mr. Frazer: It proves that it is a thoroughfare street, that is, it is changing its character so that it would make it a non-resident.

Commissioner Gillen: You think that with those cars running on it, changes it from a residential to a business street?

Mr. Frazer: I think so. The residential character of the street is determined largely by the people, and the ability to go there—

Commissioner Gillen: And by the pavement—the traffic is changed on a street by its pavement?

Mr. Frazer: The traffic use the street is put to is determined by factors; one is the pavement and the other is the fact that it is a long street leading

from somewhere to somewhere. Lyons Avenue is typically a thoroughfare street.

Mayor Breidenbach: Mr. Frazer, living down in that section myself, I agree that the traffic is very heavy on Lyons Avenue. But as far as business is concerned, I do not see where the merchants who expect to put their stores up there, will draw their business from. This is not a business street, it is a traffic street.

Mr. Frazer: That may be a question rather for the merchants, Mr. Mayor.

Mayor Breidenbach: I know where there are stores on Bergen Street which are idle, and they cannot rent them.

Mr. Frazer: Apparently from the present demand for this kind of occupation there seems to be some requirement for business on that street. I do not presume that these people who are property owners are anxious to come down and put up unpaying investment and I assume, that they have made a study of it. There is a large residential population on the side streets. There is an opportunity for the development of a neighborhood centre along Lyons Avenue and it is a natural kind of a street for that sort of development.

Mayor Breidenbach: Personally, I cannot see myself where a business street would be of advantage in that section, where people have put up one and two family houses, it is a one and

two family residential section, and where they had bought there lots and erected their buildings with the understanding that it was going to be restricted and protected, why, to turn around now, and turn that into a business street, I do not quite see it. In the next place I do not see where they would get the business from if business houses were put up there.

I agree with you, this will be a traffic street along down there, but not a business street, and business would not stop along there on Lyons Avenue.

Mr. Frazer: I am perfectly willing to risk a bet that there is not a member of the Commission who would be going out to purchase a house for residential purposes, would go and locate on a street on Lyons Avenue, that noise with the necessary exhaust odors and things of that sort, resulting from traffic, and the whole tendency in all the modern planning is to take those main thoroughfares which are traffic streets, and put them into business classifications, and to move over the residences to the side streets.

We are getting out of the idea of living on main thoroughfares, we are living more and more on side streets.

Mayor Breidenbach: Mr. Frazer, Lafayette Street in the Ironbound District; they tried to turn that into a business street. That was a heavy traffic street, that is all it is good for, and there is a great quantity of traffic passing through there and the stores down there hardly know how to exist, because the automobiles will not stop to

purchase any goods down the main thoroughfare where the traffic is heavy, such as Lafayette Street and Lyons Avenue.

Mr. Frazer: You have a vast difference in the situation in the neighborhood surrounding Lafayette Street than you have in the neighborhood surrounding Lyons Avenue. You have to remember the difference of the housing situation in the one section from that in the other, there is a very different kind and type of houses along Lyons Avenue to what you have down in the Ironbound District. The whole condition is different and they are not comparable in any way at all.

Mayor Breidenbach: I understood the application to be for only a block or so, and now you say the application is to go down beyond Bergen Street?

Mr. Frazer: The application here is to continue the business section right on down through.

Mayor Breidenbach: Within two blocks of Bergen Street? Was that changed afterward?

Mr. Frazer: The application was made to continue it down to Bergen Street, because Bergen Street itself is a business thoroughfare and permit at the present time of 100 feet encroachment, which they have there under our present ruling ordinance and since Lyons Avenue has changed as it has, that is, the character of the street, it seems that this zoning should be permitted to be changed to continue along Lyons Avenue, where they can come within 100 feet of it on

Bergen Street, without making any application to anyone. And if that situation develops as it probably will, for already we have two of them, two corners that are affected that way, it would be ridiculous to hold off two blocks between Bergen Street and the beginning of the business section.

Mayor Breidenbach: Is there anybody else who wishes to be heard?

Mr. Philip Schotland: I represent the original applicant, Mr. Mayor and Gentlemen of the Commission. My client owns the land on the south side of Lyons Avenue and Clinton Place, immediately west of his land there is a gasoline station—the corner opposite his is occupied with a gasoline service station and all that kind of business and all of it west is in the business zone.

Commissioner Gillen: Is this the same application that Mr. Frazer talked about?

Mr. Schotland: No, his client owns property at Parkview Terrace. My client owns property at Clinton Place and Lyons Avenue.

Commissioner Gillen: What is your position, are you in favor of the change, the same as Mr. Frazer?

Mr. Schotland: Yes, I am the original applicant.

Commissioner Gillen: All the way from Clinton Place to Bergen Street?

Mr. Schotland: All the way from Clinton Place to Bergen Street, yes. In addition to what Mr. Frazer has said,

he has given you all the facts and the actual data and the amount of traffic, but I want to add this: There is a big difference between creating a traffic street, to relieve congestion on a business street, and having a traffic street developed in the center of a large residential neighborhood.

Lafayette Street is created as a traffic street to take off congestion from Ferry Street and Market Street. Ferry Street and Market Streets are business streets, and we travel over Lafayette Street to avoid the congestion, avoid long hold-ups by trolley cars and so forth. That kind of a street is a different street from traffic developed in a business street. But when you take a thoroughfare like Lyons Avenue, which at the time when the people erected their two family houses there, most of them were speculative two-family houses, they erected them without restriction.

The great bulk of the travel that has gone over that, only has gone over it as the result of the pavement which has changed it into a good highway that it is today, and it is becoming a thoroughfare that it is by reason of its repaving. Now the people that are there could not conscientiously tell you that they are enjoying quiet and rest of a residential street, because if you sit in any of the houses, I don't care how well or how ill it is built there, on Lyons Avenue, when these big public service jitneys pass the houses, it shakes them. You feel the vibrations right there, as though you were on a bridge, and a heavy truck was passing over it. And you feel that when one of those big, heavily laden trucks with brick or steel are passing through. The

only reason, the only possible theory on which the Commission or any ruling body should desire to keep a street restricted to residences is because it is fit for that purpose, and to accommodate those who want to have the convenience of having a private residential street. But there is no justification, there is no theory in reason upon which action could be based to try to make a residential street which from its very physical location and use cannot supply the conveniences the comfort of private residences. This street cannot and never will. It is all business in Irvington. This is the big business street and the only big street that will develop or can develop into a business street south of Watson Avenue. From Watson Avenue right to the city line along Elizabeth Avenue, you have got practically all one-family residences, bounded by Bergen Street.

Then going south of Bergen Street, you get one and two-family houses all through that section. None of the other streets until you get to Chancellor Avenue are thoroughfares, none of them. And none of them, not even Watson Avenue, answers the purpose of a thoroughfare. Lyons Avenue is the only street leading through which naturally will develop into a business street. The fact that business is successful on that street is easily proven by the business houses that are located west of Clinton Place, that are growing in value and growing in rental income at the same time. Now the stores, the merchants that are located there, must be successful or the rents would not grow. It seems that there is not any question of health, comfort, convenience, duty of the city or anything else, which could justify attempting to

theoretically restrict the natural development of Lyons Avenue. If it were still a virgin residential street, there might be some justification for saying "Let us see if it will stay that way". But in view of the facts that have been already pointed out, immediately to the west of Clinton Place you have got all business, and immediately west of the property my client owns, there is a gasoline station.—a lovely odor for a strictly private residential zoning section. And immediately west of Bergen Street up within the last month, those two stores were erected on Lyons Avenue, so that within that block, west of Bergen Street, it is not an entirely residential or an exclusively residential section. How then are you going to preserve it,—it is not in its virgin state,—it is not a residential street. In that place, which is the very closest to that part of Lyons Avenue, which still composes the physical classification of keeping it a residential street, that block on one side,—it may be two blocks between Elizabeth Avenue and Bergen Street, right within 50 feet west of that you have two stores now. So it would only be attempting to put a theory into practice against actual fact, to try to keep Lyons Avenue in a strictly residential zone.

As I said last week, Mr. Mayor, personally as far as my client is concerned, we are only interested in having it being permitted to build stores and apartments on Lyons Avenue at the corner of Clinton Place, but I cannot conceive of any reason in the world to justify my client being stopped from erecting such a building at that particular location, directly opposite that gasoline station. But it is a saving of time to the Commission and it is really for the convenience of

the City, and at the suggestion of one of the Commissioners, that we changed our application to make it apply to this whole part of Lyons Avenue which is really in fact a business street, so that you would not be bothered, neither would the Adjustment Commission be bothered, every time someone wanted to erect a building, with separate applications, and separate hearings and separate objections and a waste of time and effort. I respectfully submit, that in view of the natural location, and in view of the business development and in view of the fact that a majority of the actual owners of property on that thoroughfare want it a business street, that you should grant the petition.

Mayor Breidenbach: Are there any other citizens here who wish to be heard, that is, in favor of the change?

Mr. Lester Selovitch (of Selovitch Compnay): I would like to add that as the owner of a plot 220 by 170, that we strongly favor what these other gentlemen have said about the petition for the change on Lyons Avenue.

Mayor Breidenbach: Where is your property?

Mr. Selovitch: Corner of Osborne Terrace and Lyons Avenue. I want to say to you that the character of that neighborhood has changed very greatly in the last few years. It is a question of simply reiterating what these gentlemen have already said to you, this is bound to be a business street sooner or later and we would like to have it now placed in that classification, and have our application granted

Mayor Breidenbach: Any other citizen wish to be heard in favor of the change.

Mr. M. Kemeny: I am the owner of property at Parkview.

Mayor Breidenbach: You have a store there, have you?

Mr. Kemeny: I have not. When I bought the house, on account of the inducements offered us, and the inducements were that the house at that time we thought was tax exempt. Now we have found that there has been a complete overturn in the character of the street, it is no longer a private street. The only way that we can realize the value out of our property today would be to permit this Lyons Avenue to become a business Avenue. We cannot get the rent out of our buildings today on account of the great traffic which is on Lyons Avenue at the present time.

Commissioner Howe: Have the rents in any of your buildings been reduced?

Mr. Kemeny: It has?

Commissioner Howe: Where, what number?

Mr. Kemendy: 137, right in my house.

Commissioner Howe: You are getting about a 20% return on there from the information that has been furnished us from the Tax Department.

Mr. Kemeny: I cannot see it

Commissioner Howe: That is what they tell us.

Mr. Kemeny: That property used to make that much, but we don't get it today. The privacy of the street has changed, from a private street to a public thoroughfare. If you lived there I would not have to tell you this, that the shaking of the public service buses, as they go by, you would realize that you are not in a private neighborhood, or that you have anything that is private.

Commissioner Howe: You are right on the corner?

Mr. Kemeny: Right at the corner.

Commissioner Howe: Near Richard's house.

Mr. Kemeny: No, not that corner, I have the other corner and my next door neighbor is Mrs. Rae. I am sure that the valuation of all that property would be increased and not decreased, if business property goes down to Lyons Avenue. That is what we are working for and that is what we expect. We are satisfied to pay the taxes, satisfied to pay more taxes.

Mayor Breidenbach: You are in favor of the change then, I take it?

Mr. Kemeny: I am.

Mayor Breidenbach: Is there any other citizen that that wishes to be heard?

Mr. Louis F. Goldfarb: (66 Goldsmith Avenue) I think I was one of

the first inhabitants of Lyons Avenue, I own 127 Lyons Avenue, and I live there. When I took that house there was not a half dozen houses on Lyons Avenue, that is six years ago, March 17th, today, and I watched the change on Lyons Avenue. I tell you gentlemen, I sold my house to Mr. Stern, who was here this morning, for the reason and on account of I could not sleep nights on account of the jitney traffic and truck traffic, which ran away into 2 or 3 o'clock in the morning in the summer time. And at the present time I own 120 feet on Lyons Avenue, east of Clinton Place on the north side of the street, for which I drew plans for a new business structure. And in reference to the owners of property there not being able to rent their stores, people not being able to rent them. I want to tell you that there are ten stores there and out of the ten stores we have eight leases signed and ready for occupancy, where the buildings are completed.

So far as it being a business street, there is this about it; the population of Weequahic Park as you know runs back of Bergen Street and along Bergen Street you get a heavy part of the population. There is a large tract of land that is going to be developed a little above Bergen Street, running parallel, accommodating two or three or five families, or even more than that. The only avenue of shopping is Lyons Avenue, because south of Lyons Avenue is Chancellor Avenue, which is all restricted.

This ground that I have, has no restrictions upon it, never did have any restrictions upon it, and at any time if a street was meant to a resident, a restric-

tion is incorporated in the deed, and the nearest shopping point is Bergen Street, there is nothing east of Bergen Street to accommodate a business center, because Park and Elizabeth Avenues interfering.

West of Bergen Street, I dare say, there is a population within the radius of three quarters of a mile, of over 30,000 and the logical shopping center is Lyons Avenue; there are no trolley tracks to hamper them in parking. What has made the situation that we have on Broad Street is this parking question. And on Clinton Avenue, at its widest part, is the parking question. I dare say, if you will remember six years ago, when Garth, the actioneer, sold the Nye tract, it was a cow pasture. Look at it today, they have Johnson and Hawthorne Avenues, and Fulton Place, and you cannot buy land there at \$500. a foot, and this is in its infancy. With Lyons Avenue without the business zoning, they are standing in their own light, trying to hold this into a two-family house question, and all of those buyers who are here today in five years from now will see that, and I will say this, that I will give any one of them their money back, plus interest, if they think it is going to depreciate their property at any time.

If you want to take a compromise and declare Lyons Avenue from Clinton Place to Park Place out of the business zone, I have no objection, and it is rather a selfish interest because I am above that point, but it is only a question of time when it will all be declared to be necessary to be in the business zone, and if you want to make two bites of the cherry in putting it into the business zone, why it can be done that way

There is no reason—no good reason that anybody can give us why it should not be business. At Clinton Place and Lyons Avenue today, two weeks ago I sold 50 feet front for \$21,000, over \$400. a foot. Five years ago it was sold for \$30. a foot. There is the difference.

Commissioner Howe: Where was that?

Mr. Goldfarb: The Corner of Clinton Place and Lyons Avenue, I sold it for \$21,000 and got \$1,000 commission on top of that, just because it is in the business zone. These people are standing in their own light, Mr. Mayor. A man that owns a two-family house that he has put \$16,000 or \$17,000 for, why if you will make this over into a business zone, they will get \$30,000 for it. It is simply a question of doing the proper thing, to allow the property to develop in the way that it naturally would. There is no reason for any objection to it at all. They won't lose any thing by it, when it is turned into business, in fact they will be greatly helped.

The mere fact that the zone has been changed will not compel these people to be disturbed, if they want to still have their two-family houses to remain from Bergen Street right on down, there is nothing to hinder them. They can still keep it as residence property, if they want to live in it and own it as a residence, there is nothing against it, but if they want to change it into business at any time, when they get to a point where they don't want to use it longer as a resident section, they won't be hampered by having this zoning restriction. The opposite side of the street is just the same, with the exception of the corner. If you

take the owners of property right along up there, and there is—I refer to above Parkview Terrace, where there is very little vacant property—if you canvassed them up to there I am sure that you will find that they are all, or nearly all of them, in favor of this change. These people that are willing to gamble on putting up this property into store property, it is not a question of where the present owners are going to lose, if they sell at increased prices which they will, and it is not a question of the city losing, as the city will gain in the meantime.

Values up there change very considerably, and they change tremendously where there is merely a rumor around that there is going to be a change of the status of the property, from a residential to a business property. I'll tell you that it has changed it very quickly, and I'll tell you this, that I paid \$10,000 for a piece of property there and was offered \$20,000 and I turned it down, and it was not in the business zone, therefore, I say to you that it does increase values there. And the only sane thing to do under all the circumstances is to change this into a business zone.

Mayor Breidenbach: Any other citizen wish to be heard, that favors the change on Lyons Avenue?°

Mr. Ira Cortrets, (207 Maiden Lane): I represent the owner of the House at 383 Lyons Avenue, which is a lot over from Bergen Street, west, and Dr. Isadore Rosenthal owns—

Commissioner Gillen: That is where these two stores are located?

Mr. Cotrets: Opposite these two stores.

Commissioner Gillen: I mean where these two stores were brought out to the line and ruined the looks of the whole neighborhood there?

Mr. Cortrets: No, sir, my client lives right opposite of that.

Commissioner Gillen: That was the most dastardly violation of the rights of property owners in the neighborhood or any person that had any use or any business to go down in that neighborhood.

Mr. Cotrets: If taht shaft is intended to be directed against me, it does not fit me, as I do not own or represent the owners of that property.

Commissioner Gillen: It is against the man that built that house there.

Mr. Cotrets: I do not even know him. I also represent another property, that of Louis Koplowitz, the owner of lots on Lyons Avenue, and property above on Parkview Terrace, and these clients of mine are all in favor of this change, and feel that this change should be made.

Mayor Breidenbach: Any other citizen wish to be heard, in favor of the change? If not, now we will hear the opposite side those who are opposed to it.

Mr. Jack Richter: I represent not only the eighteen property owners who are all present here, but seventeen more that were at the meeting, that are not

able to be here, making in all thirty-five residents of that zone.

Mayor Breidenbach: Have you got a list of the people you represent here?

Mr. Richter: I can get them for you in five minutes.

Commissioner Raymond: Are they on the petition, have they all signed the protest here? If so, we have the protests here and can get their names from that.

Mr. Richter: A list of them are on this petition and there are ten more whose names are not on this petition that I am representing here now.

(A blue print showing layout of street is presented to the Mayor).

Now, gentlemen, I have been asked to speak by the great majority of the property owners on Lyons Avenue, on Parkview Terrace and two on Osborn Terrace, on their behalf and in opposition to any change. I, myself, am a resident of that section, and although I am a lawyer, I am not being paid by the people whom I represent, as I am doing it on behalf of the cause, because I believe their cause is a just one. Before I present their side of it, I would try to answer some of the arguments that have been presented by the opposition.

First, they say the character of the neighborhood has changed. Mr. Frazer says it, and he goes to great length to show you gentlemen, or at least in attempting to show you, how the character of the neighborhood has changed.

After hearing all he had to say, it left me in the same frame of mind as it was before he started to talk. There has not been any change in the neighborhood in the last two and one half years, since property began to be built there for strictly residential purposes. Both Mr. Frazer and Mr. Schotland expounded in great detail about what a wonderful traffic highway that was, a main artery, a main thoroughfare. They tried to make you gentlemen believe that because a thoroughfare becomes a highway, a traffic highway, that that changes the character of the neighborhood. That is not so at all.

And right here is the answer, I can point out several streets that are main thoroughfares and yet you know, as well as I do, that they are strictly residential, at least for a great stretch, several blocks at a time. Take Park Avenue, there are great stretches of Park Avenue that are strictly residential, and yet Park Avenue certainly is a greater traffic thoroughfare than Lyons Avenue, much greater.

I dare say that Mr. Frazer, if he were to take an hour's count there, he would find at least three or four times as many automobiles passing through Park Avenue as he would Lyons Avenue.

Take High Street again. High Street between Springfield Avenue and Clinton Avenue. We all know, gentlemen, that High Street is a strictly residential street, yet, there are a number of apartment houses that have recently been erected, quite a number of them, but that does not change the character of the neighborhood from a

residential section to a business section. To my knowledge there is not a store on High Street between the two streets indicated and yet High Street, if a count were taken there, would show at least eight times the number of automobiles, both pleasure and commercial, along that street, than you find passing along Lyons Avenue.

Much has been said, in order to impress upon you that a change has actually taken place in Lyons Avenue, about a store having been built facing Lyons Avenue. Of course, they say—of course, that comes within the 100 foot depth of Bergen Street, and being 100 feet—within 100 feet of Bergen Street, it is considered as a Bergen Street property and notwithstanding that fact, they say it is on Lyons Avenue, and that changes the neighborhood. Well, gentlemen, I know one of your number has already gone up there and inspected that particular piece of property. I am am sorry every one of you has not. If all of you had gone there and know what a dastardly piece of work that was, I am sure you would appreciate it. You know, it looks like a sore thumb, and sticks right out, and it spoils,—if you will look at the map there—it has spoiled the whole half block from Bergen Street up to Parview Terrace, every bit of it. And I say, officially, for the property owners on the left hand side of Lyons Avenue, going toward Irvington, from Bergen Street to Parview Terrace and I speak officially for the owners of that half block, and they assure me, that they are as disgraced and disappointed and they feel as outraged as is possible for anybody to feel on account of that piece of work

Mayor Breidenbach. I do not blame them for that.

Mr. Richter: Now Mr. Frazer has also called your attention to a building built by Mr. Hennon, who lives at 166 Lyons Avenue and he refers to that as being a business, a milk business there.

We cannot prevent any man having any business he wants, if he conducts that business in his own house. He lives in a residential district, it is not a business section, and he does not live in a store. There is no store at 166. It is a regular two-family house, the same as all the other houses that were built there for that purpose, and if he conducts a milk business by means of his garage and automobiles, certainly we cannot prevent that, but we certainly could have prevented him from building a dairy store at the time that his house was built.

One thing that Mr. Frazer said surprises me more than I can express,—and I have the greatest and most profound admiration for Mr. Frazer, and I know when he speaks, people are compelled to give weight to what he says,—but in this one thing I think he has greatly exaggerated, in fact, I know he has committed a grievous error. He said, if a poll were taken of property owners who live on Lyons Avenue it would be certain that the greater majority of the owners there would be for the change. You have before you, gentlemen, a map showing the number of houses and the number of vacant places of land on Lyons Avenue, from Bergen Street to Clinton Place. How much vacant land is there? On the first block

from Bergen Street to Parkview Terrace, on the northerly side of the street, there is not a single piece of vacant land, and as you know, that is one of the longest blocks in the City of Newark.

On the left hand side of the street there is only one single piece of vacant land and that is on the corner of Bergen Street and Parkview Terrace, the corner that Mr. Goldfarb has just been talking about as buying and selling for a huge sum of money. And while speaking about Mr. Goldfarb, let me say, gentlemen, he has no interest here before you. He does not own land there at all and he does not represent anybody that owns land. He owned land and he sold that. He sold his land to Dr. Stern and Dr. Stern is here today and Dr. Stern opposes any change in the character of that section.

Mr. Kenemy is a real estate agent, he spoke to you a little while ago. He said he favored the change. To my knowledge, he does not own land there at all. He sold several plots, that I know, There are ladies here who will vouch for this and they can speak when I get through, if they care to, they were sold lots by Mr. Kenemy under the express promise, that it was restricted to residential property.

Mr. Goldfarb told you that there was never any restriction on the land that he sold. I wish to refer to the land he sold to Dr. Stern. Now, if any of you gentlemen care to, you can go down and see that piece of land this afternoon and you will still see standing on the land a sign showing that the ground is restricted to the erection of one and

two family residential properties only, on that very land that he said had never had any restrictions, and he was the owner of it.

Mr. Schotland said that these houses are only speculative houses. Well, gentlemen, if any of you ever attempted to build one-family houses for \$25,000 or \$40,000 a piece, I don't think you will feel it is a speculative proposition very much, and there are at least a dozen such one and two-family houses, ranging in value from \$35,000 to \$40,000 to \$50,000 and \$60,000. I do think that you gentlemen will agree with me that nothing was ever more insistently advertised as places for residential purposes than these houses, and while I am at that point, gentlemen, let me say this: All the property owners who bought land and built, or bought property or improved, bought them and did so with the express understanding and upon implicit reliance on the fact that these were restricted—that these lots, these properties, that it was a strictly residential section, that there would be no change in the neighborhood; that they would be protected by the zoning law. They know, of course, that restrictions on land would soon expire, but nobody was going to invest their last dollar, and some of them did, these ladies right here and they will tell you so, that they invested their last dollar over there in these properties and they would not have done it unless it was represented to them to be a strictly residential property and private property. Now going back to the map, you will see, gentlemen, on the first block, there is not but one piece of unoccupied land. On Osborn Terrace there is one piece—and by va-

cant land I mean on the block from Park Avenue or Terrace, and there is only one place on that block from Parkview Terrace to Maple Terrace to Maple Terrace to Maple Avenue,—there is no vacant land, I will say. The map shows five vacant lots, but those lots are adjacent and adjoining to the properties that are built already, and are units of them and they are used as lawns. They are not for sale, they are vacant lots in the sense that anything is to be built on them, they are owned by the people who own the adjoining buildings. There is not a vacant place, not a vacant piece of land on Lyons Avenue, on the south side of Lyons Avenue from Parkview Terrace to Maple Avenue.

So, Gentlemen, look at the entire Lyons Avenue from the very beginning of this location here, (indicating), and you will find only three pieces of vacant land and two of them are under discussion here. There is only one other piece of vacant land and that is—and I say this exclusive of the large tract which the Beth Israel Hospital owns, and upon which a hospital building is to be erected,—and while speaking of that, while I am on that point I want to say this, that I understand there is a representative of the Beth Israel present in the Council Chamber this morning and I know that they have expressed to me, that they are very strongly opposed to any change in the neighborhood.

Commissioner Raymond: It is a fact, that they sent in their protest, it is on file here, so that I do not think it is necessary to make any reference to them

Mr Richter No, I do not think so, but I simply wanted to call attention to the fact that there is only three vacant pieces of land on the entire Lyons Avenue starting at Bergen Place, and two of them are under discussion. Every piece of property that is built there now is strictly residential; and no one knows the facts there would attempt to tell you that the character of that neighborhood has changed when as a matter of fact there is not a single piece of business property on there, except for that one, that is 100 feet, that is within 100 feet of Bergen Street and that is a deliberate attempt to impose upon you and I trust that you gentlemen will not permit yourselves to be imposed upon, and that you will safeguard the interests of the property owners as they now stand here before you, and many of them have spent all of their money in developing and building and purchasing here in the hope that you gentlemen will protect their residential interests.

Mayor Breidenbach: Any other citizen wish to be heard? That is, in opposition to the change?

Mr. Harris Miner: 115 Lyons Avenue: I have been speaking here before you and I don't think it is necessary for us to take up much of your time.

Mayor Breidenbach: You are on record as being opposed to it, Mr. Miner?

Mr. Miner: We are opposed to it, and we have a large delegation here of ladies and gentlemen and I will ask them to come forward and express to you that that is their feeling, I can have them come up here to the table.

Mayor Breidenbach That is all right, Mr. Miner, we have their names and their addresses and they do not need to come forward.

Mr. Miner: I think as Mr. Frazer has been talking to you, that he has been trying to put over some sort of a joke, that these houses are shaking. I think that that is a proposition that should be brought up to the Building Department, if that is so, that they should allow shaky buildings like those to remain. If we have any Newark Building Departments that don't take care of our buildings better than that, we are not protected. As he draws the inference, or at least I draw the inference from what he says, that the Department is not taking care of its city, doing its duty to the city, in regard to the housing, allowing houses to be built that shake, as he describes them, and I think he is mistaken. Your houses down there are not shaking and the Building Department is all right and doing its duty.

Mr. George D. Mulligan: I represent Mrs. Nestor, 172; and Charles Phillipone, 212; Frank Scanniello, 218, and Mr. Chas. Capocia, 220. They are, excepting Mrs. Nestor, whose property is between Maple Avenue and Clinton Place, on the southside of Lyons Avenue. They have, these properties, these clients of mine here, represent property over the value of \$100,000 invested in one-family and two-family houses. They feel that they have bought this property relying upon the zoning ordinance being continued by the City until such time as there would be an imperative demand at least for a change. And they feel that if it is changed at this time, while people

who own vacant lots may find an appreciation in their land per front foot, those that own houses, representing investment such as I mentioned, will suffer a sad loss. The traffic argument has not appealed to me and I cannot feel that it appeals to anyone to indicate that if it is thrown into a business street, it will be utterly unbearable to have that traffic stopping in front of these houses, turning it into a semi-business district. I will further say this: That if this property purchased by these people is turned into a business district, or business property, it is going to mean that people buying around the city cannot depend upon the zoning ordinance being continued in force. I have not heard any argument from the people in the neighborhood who will say that we are not sufficiently furnished with the conveniences of stores and business properties, and with everything which would be demanded by them, so that they want a change made in that regard and until such a demand is made by the residents of the neighborhood, it seems to me there should be no change.

Mayor Breidenbach: Any other citizen wish to have something to say about the change?

Mr. Carl Lehman: Gentlemen, there are 31 citizens here besides the four that Mr. Mulligan represents and besides the matter of record of the list that is filed with you and a letter from the Beth Israel Hospital, that are against this proposition, and I'm not going to talk on it because I want to say this, that you gentlemen certainly will have to act, if the change is necessary, and you will change it, but if it is not

necessary you won't change it. There are vacant stores on Bergen Street, and that is my story.

Mr. Mayor: Any other citizen that wishes to be heard now?

Mrs. R. Ecker, 110 Lyons Avenue.

Mr. Mayor: You wish to protest against the change?

Mrs. Ecker: Yes. Why build a lot of stores on Lyons Avenue when there are so many empties on Bergen Street? If people want to build stores on Lyons Avenue, then why not rent the stores on Bergen Street first?

The Mayor: That is a very good argument.

Mrs. Ecker: The lady folks won't patronize their stores, why build them down beyond the corner of Bergen Street. Those they have over there are still empty. That is all I have to say.

Commissioner Howe: I think that we understand the situation pretty well now. I have personally inspected this property and I understand that 90% of the people around there, at least 90% of the people around there, are in favor of retaining the present status of this street. The mere fact that any real estate man could come up here and advocate a change, who is not a resident there, and has sold property and misrepresented his testimony probably should be ignored. I move—

Mr. Goldfarb: I propose to have this much to say in answer to the allegation that has been made—

Commissioner Howe One moment, I am addressing the Mayor—

Mr. Goldfarb: I have a right to justify myself here and to state—

The Mayor: Stop, stop. You have not the floor. Proceed, Mr. Howe.

Mr. Goldfarb: I insist that I be given—

Mr. Goldfarb: I am sorry sir, I apologize.

Mayor Breidenbach: We will accept the apology.

Commissioner Howe: And I grant him permission to have the floor.

Mr. Goldfarb: I have tried to make it clear with you, Mr. Mayor, I said that I was the owner of a piece of property, of a particular property, and if you noticed, I tried to get the floor—

Mayor Breidenbach: The other side has a right to the floor and they have a right to be listened to, when they have the privilege of the floor, without being interrupted. However, you may proceed.

Mr. Goldfarb: I wish to inform that gentleman,—I don't know his name, but he made a statement before the Commissioners a few moments ago that I owned 127 Lyons Avenue and sold it to Dr. Stern. I also said that I now owned 120 feet on Lyons Avenue, east of Clinton Place, on the south side of the street; you remember that, gentlemen?

Commissioner Howe: Is that the corner by Mr. Miller's house there?

Mr. Goldfarb: No.

Commissioner Howe: Below that?

Mr. Goldfarb: The land is on the corner of Clinton Place and Lyons Avenue.

Commissioner Howe: On the north side?

Mr. Goldfarb: On the north side of the street. Then there are three houses, then comes mine,—

Commissioner Howe: Six houses.

Mr. Goldfarb: After the saloon, there are three—

Commissioner Howe: I was there this very morning and saw it.

Mr. Goldfarb: Six of them, all right if that is so. Then comes my parcel of 120 feet and runs along Lyons Avenue. Is that correct, sir, the gentleman standing back there. I haven't got your name, but that is the way it is according to your record, isn't it?

Commissioner Raymond: Don't you know whether you own it or not?

Mayor Breidenbach: We will not have interruptions of this sort and I say officer—

Mr. Goldfarb: But I insist that I be allowed to state—

Commissioner Howe. If I might say this, your Honor—

Mayor Breidenbach: Officer, you will please see that that man is removed from the council chamber, he cannot be permitted to break up a meeting of this sort, when Commissioner Howe is speaking, and I—

Commissioner Howe: I am willing to waive my rights, Mr. Mayor.

Mayor Breidenbach: Just a moment now, just a moment.

Mr. Goldfarb: But I insist that I should be allowed to say this—

Commissioner Howe: I will say this, that I will waive my right to the floor, Mr. Mayor, so that he may say, if he has any answer to make to any question,—

Mr. Goldfarb: But I say this, that it has been stated that I do not own any property—

Mayor Breidenbach: Now just a moment, you have not yet been given the floor. You have not yet asked for the privilege of the floor. You have had your chance.

Mr. Goldfarb: No, I haven't, I wanted to answer—

Mayor Breidenbach: If you should ask for the privilege of the floor, we will accord it to you now that Commissioner Howe has waived the privilege he had of the floor.

Mr. Goldfarb: But I want to say this, that I have been accused here—

Mayor Breidenbach: Just a moment now, do you ask for the privilege of the floor. If you will listen to what I am saying to you and not try to attempt to break up a meeting, we may hear you. I am talking yet, and if you will listen, why you may hear what I say and I will be through in a minute and then if you want the privilege of the floor, we will grant it, but don't break into a statement by the Director or the Commissioner here while he is talking.

Mr. Goldfarb: This is below Clinton Place, east of Clinton Place. So I just wanted to have a few words to set the Commissioner right, that there was no misrepresentation here, and that I did not own any property, because I did own that 120 feet and I do own property on Lyons Avenue, and I am interested in Lyons Avenue. That will set you straight, sir.

Commissioner Howe: That makes some difference.

Mr. Goldfarb: I did speak to two or three people here, when that statement was made, but I wanted to interrupt and correct, and I asked Mr. Schotland whether I should interrupt at the time that statement was made and he said no, "wait until he gets through, and then the Mayor will give you an opportunity to speak." Isn't that so, Mr. Schotland?

Mr. Schotland: I said, "Wait until the opposition gets through and the Mayor would then hear you."

Mr. Goldfarb: I wanted to interrupt then, but he said, "Don't interrupt him," but I wanted to set you right, sir

Mayor Breidenbach I don't think you should come in here and interrupt in such an uncereemonious manner the opposite side, when they have been patient and listened to all of what you had to say, I think it is only in courtesy that it is due to them that you should listen to what they have to say and be respectful while the other side had their inning.

Commissioner Howe: Mr. Mayor, whatever opinion I had, and my mind was open on the upper end from Parkview Avenue up, but when I saw what one building could do to ruin a whole block like that damnable little brick place built within a few feet of the corner of Bergen Street, I made up my mind that I would not vote, no matter what the talk was, to change that section. That is a real imposition on the law, if I ever saw one. There should be some means of remedying it, and if there is any possible means that the city would have to do so, I would be willing to advocate that we should do it, and put forth every effort to have that removed. That is a disgraceful thing.

Mrs. Anna Singer: I live at 140 Lyons Avenue. Now when the people sold us the property, they sold us the property with the understanding that it is a restricted neighborhood and for that reason we had to pay more money for it. The way the property is now, we can draw a finer class of people there, who are willing to pay the rent. If there is stores there, we never could get the people we can get to come out there now to live there, and we could never then get the price for rent we can get now, and how are we going to pay our taxes. This seems to be a case of where there is a whole lot of builders here that want to make money, they want to make money

building, putting up new buildings there, they are not interested in the place for the homes that are there, all they want to do is to build up some buildings there and then sell them, to make money on them. That is all they are looking after, and they do not care anything about the neighborhood, that is certain. We have gone there, and we have built our homes there, and with the distinct understanding that it was to continue a home locality and we never dreamed that there would be any effort made to change it so that it would not be such. It will ruin us if this goes through, it will positively ruin a lot of us, if this change goes through. It is just a bunch of builders, money-makers, that is all they want. They want to make their money out of us, and they do not care whether we are protected or not and we have to come here to protect ourselves and I think you gentlemen will be with us and help us.

Mr. Louis Koplowitz: I want to say a few words. I want to say this to you, after hearing both sides of it, I can tell you gentlemen as far as I am concerned, that six years ago I had opened up a street between Lehigh Avenue and Lyons Avenue and when Parkview Terrace was opened up, there was not a house on Lyons Avenue, there was not a house on Bergen Street, and I put up a two-family house for my own use, on the corner of the street there, that I think today is a monument to the City of Newark. But after living there this time, I have had to sell it out, losing money on it, for this reason, that after this street was paved, all the way up to Irvington, found that the traffic was getting bigger and bigger every day, and it was simply impossible to sleep at night. It was the same situation as Mr. Goldfarb, he had a house

close to mine there, I was his neighbor, and I say, that neighborhood is so changed in the last six years, it is changed more than 100 per cent. Two-family houses were built up there, and despite what the people are saying here, there was no restriction on Lyons Avenue. Quite naturally, when the people that built along there, they wanted to have it restricted, they said it was restricted, but I know of no restriction, and on any property that I built on, or that I had and sold, I know I had to put on my own restrictions, as there was simply no restrictions on Lyons Avenue at all.

Mayor Breidenbach: You are opposed to the change, aren't you?

Mr. Koplowitz. No, I am interested in the change.

Commissioner Raymond: Why did not you speak when we were asking for those in favor, why didn't you come forward then?

Mr. Koplowitz: I asked if I might speak before that.

The following communication was read:

Newark, N. J., Feb. 7, 1925

The Board of Commissioners,
of the City of Newark, N. J.

Honorable Sirs:

At its meeting of February 5th the Board of Adjustment considered an application to amend the Building zone Ordinance so as to change Lyons Avenue between Bergen Street and Clinton

from a residence district to a business district, which application was referred to your Honorable Body for recommendation and report.

The Board of Adjustment respectfully recommends that this application be granted.

Respectfully submitted,

BOARD OF ADJUSTMENT,

R. B. Rankin, Secretary.

Commissioner Howe: I move that the hearing be closed.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brennan, Gillen, Howe, Raymond, Mayor Breidenbach.

Mayor Breidenbach: What is your motion?

Commissioner Howe: I make the motion that the recommendation made to us by the Board of Adjustment be not concurred in.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brennan, Gillen, Howe, Raymond, Mayor Breidenbach.

Commissioner Gillen: I move that we take up the bus question, Mr. Mayor.

The roll being called, the motion was declared adopted by the following votes:

eYas Commissioners Brennan, Gillen, Howe, Raymond, Mayor Breidenbach.

Mr. George L. Record: Mr. Mayor and Commisisoners, I have been requested to come here today on behalf of the so-called independent bus owners of the city, and bring to the attention of the Commission the condition of the jitney traffic as it is represented to me. I understand the conditions to be that owing to the fact that the Public Service has purchased a large portion of the principal lines of the City, that there is no longer the pool system in operation which used to be in operation, and there is naturally rivalry between the independents and the buses that are operated by the Public Service Transportation Company. The net result of that is: So far I think it can be easily established that accidents within the last few months have increased at least three-fold,—that is, ordinary accidents. I wish, however, to bring to your attention this point:

I think there is grave danger of a real tragedy in this center. My attention was originally called to this problem and I was sent for to go to Camden three or four years ago. At that time there was no pooling, there was no arrangement between the men, and they raced back and forth, and that finally culminated into the overturning of two busses and a beautiful girl losing an arm, one person at least was killed, and a score of persons were injured very seriously. That woke up the public officials down there, and after that they took control of the transportation problem. Out of that grew up the pool system, which was the most effective method of preventing accidents that I know anything about, and that has been taken up all over the State

But when the Public Service comes in as it does now, the pooling system has to break down. And that is gone, as it is removed.

Now, I call your attention to the fact that this thing of accidents has increased at least threefold, and I warn you, that if the conditions continue as they represent them to be, any day you may learn of one or two more busses overturning, and in their overturning the loss of life is certain to happen, and great injury that will happen to a number of people. Now what is your remedy? It seems to me notwithstanding the fact that the Public Utilities Commission have now a partial jurisdiction over this matter, that they have taken the stand, that they would not interfere with the daily administration of the bus business, that that is the City's affair to establish schedules to regulate the method of transportation. I cannot say at the moment that I am accusing anybody. I am trying to get a solution, it is possible to get one. And I am authorized or requested to make this suggestion to you:

The only way you can regulate this keen competition now is for the municipality to have starters, and official municipal starters at each end of the line, and that each machine shall be numbered, or given a number which can be changed at the end of a week or month, so that nobody shall get the cream of the traffic; and that the regulation shall be established, that when a man starts, and he is No. 4, No. 5 follows him out at an interval that the starter gives him, either two or three minutes; No. 5 cannot pass No. 4 until he gets to the end of the line, unless his bus is packed full and cannot take on anybody else, and he comes up to No. 4 and finds that that is partially full, then he

can go by under those conditions, and he may arrive at the other end of the road in shed No. 4; but in the event he does, he must wait there until No. 4 comes in and starts back, and then he follows No. 4.

I am told by our people that that is a practical plan and that if put in force by your Jitney Department, that will remedy the bulk of the trouble.

Now I don't know that anybody has raised the point that the City cannot afford or ought not to go to the expense of these starters. I am informed that the City gets out of the jitney people over \$300,000 a year in the 5 per cent, tax. If that is true, it would seem to me the duty of the City, and a duty that they can well afford to perform, to go to the expense of at least one starter at each end of each line, and perhaps another one in the middle, if you please, to see that the schedule is being kept up. I make that suggestion in lieu of any possible so-called schedule for, if the independents submitted what they feel is a schedule, that is a proper one, it is probable that it would not be favorably received by the Public Service. If they submit what they call a schedule, why people will not approve of that probably, and if the City takes control and uses a starter at each end, without having any reference to any schedule, that is, a starter in contradistinction to a schedule that has been talked about, giving each one a headway of say so many minutes, in the rush hours, so many minutes, and less or more according to the time of day and then, if a man is given a number so that he can be identified on the street, and the man that violates the instruction that he must not pass

the man that he is behind, and whom he is scheduled to come behind, except that he is full—his bus is full, and the other bus is not full and from being able to be identified they can keep track of and their actions proved, if necessary. The man who passes improperly can be complained of by the man passed, and your jitney supervisor would fine the man so many dollars, or the man might be suspended a number of days, and it is quite easy to accomplish the result.

That is my practical suggestion, and I am here, however, more especially because of my experience and intention to warn you gentlemen of the utmost seriousness of this situation, when accidents have increased three-fold in four months, a condition has arisen which challenges public attention; and I do not think it is necessary to do anything more than to call that condition to the attention of the Commissioners, as I understand they already have something in the line of a schedule, or something under consideration, but it is important that whatever your remedy be, that it be promptly applied and that the remedy which is applied be a practical remedy, and I think that I have suggested one such.

Commissioner Raymond: Mr. Record, I am working out a schedule of the various lines now.

Mr. Record: My people say that if you mean the ordinary schedule, that is ineffective, that means nothing. What they say is that there should be a starter and that he starts off No. 1 at 5.55, let us say, and then he says to No. 2, No. 3 and No. 4, you start in two minutes or

five minutes or whatever the time is and then you have to keep your place.

Commissioner Raymond: To establish starters under the City control, would require 44 starters at a cost to the city of \$80,000.

Mr. Record: And you are getting \$300,000 of this proposition.

Mr. Raymond: We could not put them at the beginning of certain lines just now; the general practice has been that it is a bad practice to begin new kinds of expenditure for the City, of this sort, as it has always been found in the past that the general practice has been, and I think you will agree with me in that, and the transportation companies have individually in the past had their own starters and that this has been the custom up to the present time even. The trolley companies have employed their own starters and I would like to know from you, representing these bus men, whether they would be willing to enter some agreement with the City to provide starters, it being to their best interests to establish them, as well as the interest of the public, and to be willing to stand that expense.

Mr. Record: I cannot answer for the moment because I have to consult with my people.

Commissioner Raymond: Will you take that up with me later?

Mr. Record: Yes. My suggestion as to that is that a starter should be provided either by the City or by the people, in other words, what I am here for, not so much to find out who is going to pay

as to insist that this condition be stopped, and that some suggestion or method be employed at once. The really important thing is that this thing be done, so as to reduce this menace.

Commissioner Raymond: I agree with you that it is a big problem, and I will tell you that we are working on it now, we are establishing schedules, which we must establish first. Your idea is to have numbers given to each as he arrives at his point of starting?

Mr. Record: Yes, for instance, a man starts at 6.30 this week, and next week he will be moved forward to 6.35 and so forth, and that gives everybody a chance at the cream of the traffic, and also makes everybody carry his share of the burden, early in the morning, or late at night, and in that way it would be proportioned, it would be a perfectly easy thing to do. It is certainly possible in this way to cover every line in this city, the Public Service have their own men, and they have arranged that among themselves.

Mr. Raymond: On the question of the income from the jitneys, I want to correct your statement, as I am told that the buses pay \$180,000 only.

Mr. Record: Well, I was told that it was \$300,000.

Commissioner Raymond: That is a large expenditure to put on the City, and I quite agree with you on your proposition of having a starter representing official authority or something of that sort other than individuals representing the different companies, that is, that their authority should be in the City, rather than under

the authority of the various ownerships of the transportation lines, and thus being representative of the owners.

Mr. Record: Up in North Hudson a similar condition existed on one of the lines there, and I broached that subject with the Public Service, and they ran through so many different towns I could not get a general supervision and the Public Service people there agreed to co-operate with us. I don't know what their attitude is going to be here, but their attitude there was friendly.

Commissioner Raymond: Has there been any attempt to take it up with the Public Service here to find out whether they would agree to such a proposition here?

Mayor Breidenbach: Certainly that should be done, it seems to me.

Commissioner Raymond: Have you taken that up, the matter of the pay of the starters?

Mayor Breidenbach: That has not been taken up, as I understand it.

Commissioner Raymond: Then we might be able to arrange a conference on that subject.

Mr. Record: I would be very glad to have a conference on the conditions.

Commissioner Raymond: The matter is entirely in my hands by delegation from the Commission.

Mr. Record: What we want is to have

the Commission remedy it, one way or another, that is what we are after.

Commissioner Raymond: I suggest then that we have a conference Friday morning if that is satisfactory to you.

Mr. Record: Yes.

Commissioner Raymond: At 11 o'clock. Does that suit you?

Mr. Record: Yes, that would suit me.

Commissioner Gillen: I move that the matter be referred to Director Raymond.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brennan, Gillen, Howe, Raymond, Mayor Breidenbach.

Mr. Augenblick: I represent the applicant who applied to the Superintendent of Buildings and asked for a permit to construct a public garage on the corner of 12th Street and 13th Avenue. That application was rejected by the Superintendent and it was appealed to the Board of Adjustment. The Board of Adjustment heard the matter and granted the applicant's application and granted him the permit. When we applied to the Superintendent of Buildings for that permit, the Superintendent refused to issue the permit, stating to me that John Matthews, who had been retained subsequent to the hearing before the Board of Adjustment, was retained by some of these objectors before the Board of Adjustment, and asked that the ruling of the Board of Adjustment with respect to this particular permit be confirmed by this

Commission. I have searched the statute that was passed by the Legislature in 1924 authorizing this Commission to appoint a Board of Adjustment, and I found nothing in that statute that authorized this Commission to confirm or rule on what the Board of Adjustment does with respect to a particular application or matters that are brought before them.

I do not say now with respect to the application that is brought before the Board of Adjustment for the purpose of changing an entire neighborhood, for the purpose of changing the zoning law in general in a neighborhood, but this is a particular application that is made that calls for a ruling of the Board of Adjustment, and that that ruling is final, is my opinion.

I appear here purposely at the request of Mr. Bigelow, he stating to me that Mr. Matthews would appear here and would object to the ruling of the Board of Adjustment, and whether there was anything in any of those objections or not, I don't know. Mr. Bigelow approached me this morning and he told me Mr. Matthews is engaged somewhere up in another part of the State, some other Court or other, he is not here, and he tells me that he will still refuse to issue this permit to me.

I want to state to this Commission that we have had a similar experience, three or four months ago, in regard to a building before the Building Department, with respect to a permit of that same kind. After the Board of Adjustment granted the issuing of the permit, he held up that permit for two months, causing the client that I represented a loss of almost \$5,000, he not being able to build during

that particular time, but in spite of him holding up that permit, it was again referred to Mr. Congleton, the Corporation Counsel, and he ruled that the ruling of the Board of Adjustment was correct, and the permit was finally issued.

I speak of this before you gentlemen, that this is a condition that ought not to occur, that we be compelled to go through all of this again, and that when we have reached this point we be granted the permit. We have brought it up finally before the Superintendent and he has refused again, and we ask that you now direct him or instruct him that he grant us this permit. In other words, we ask that the Superintendent of Buildings be instructed by this Board to grant us this permit.

Mayor Breidenbach: Mr. Congleton, what is the legal status? Here's Mr. Bigelow, we will hear from him.

Superintendent of Buildings Bigelow: I have not rejected the permit, but I was called up by Mr. Matthews and he said as counsel for the adjacent property owners, that he would like to have an opportunity either to take the matter to the Court, or appear before this Board. This was last week. And as a matter of courtesy, he asked would I withhold issuing the permit until he had an opportunity to do one or the other. And as the gentleman came in a few days later and asked for the permit, I told him what Mr. Matthews said about it and I said, "As a matter of courtesy, would not you let me withhold the issuing of that permit, and would you not let me let that wait the issuing of this permit for a few days?" and the gentleman didn't urge me

very hard, that is, he didn't object strenuously to my holding it up until today. But today Mr. Matthews called me up and explained and said to me as counsel for these people, "Will you withhold issuing that permit for a week or more?" and I cannot say definitely that I will, but I do not see any reason why the issuing of this permit should not be held up a week longer.

This case that the counsel was speaking of, these cases both have been garages, and they have both been for garages in the neighborhood near schools or churches or institutions of various kinds, and there have been serious objections on the part of the neighborhood.

Now there is nothing in the building code that requires me to issue the permit immediately. The Superintendent is supposed to issue a permit within a reasonable time. Of course, this very case was the case where the garage was within 200 feet of a school and also directly opposite a large auditorium, and to my mind I thought it was somewhat of a serious matter to issue a permit without giving counsel a chance to finally settle the matter. Especially, I thought that should be done, inasmuch as the property owners had asked some opportunity to be heard.

Mayor Breidenbach: What is your opinion, Mr. Congleton?

Mr. Congleton: Mr. Mayor, and members of the Commission, my opinion is that so far as you have specified matters in your ordinance creating the Board of Adjustment, in those matters the Board of Adjustment is final. It should be improper for their actions to

come back here to this Board. You have delegated to them in accordance with the State Statute certain powers. After they have heard the facts and have rendered their decision it is my judgment that that decision is final. Where any property owners feel themselves aggrieved, they have their right of action in the Court, as most of them know, because we are in the court now on numerous zoning cases, and I assume that we will continue to go there.

I know of no reason assuming that the building or construction of the building complies with the building code, why the permit should not issue after the Board of Adjustment has certified their action to the Building Superintendent.

Commissioner Raymond: I move that the proposition be closed.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brennan, Gillen, Howe, Raymond, Mayor Breidenbach.

Mr. Augenblick: Mr. Mayor, there is just one thing more that I wish to say with reference to this matter that I have spoken of before and that this, in view of the fact that the Corporation Counsel has rendered an opinion on the question, I think that this Commission ought to order that the Superintendent of Buildings issue the permit after the matters are finally settled by the Board of Adjustment.

Commissioner Brennan: There is not any member of this Commission, counsel, who is an Architect, and consequently they have not the ability to pass upon

plans, as to whether they comply with the law or with the building code, that is a matter entirely with the Superintendent of Buildings.

Mr. Augenblick: I am only speaking now, Commissioner, with respect to granting of the permit, and not on the question of building complying with the building code, those questions having been already passed upon by the Superintendent of Buildings, and then the question was put to the Board of Adjustment and that question that was put up to the Board of Adjustment was settled by them, and then all of the building details had been ironed out, I say, that after that has all been done I see no reason why a permit should not be issued promptly.

Commissioner Raymond: I see no reason if the plans are proper.

Mr. Augenblick: We have agreed on them.

Mayor Breidenbach: Mr. Augenblick, suppose you take it up directly with the Building Department.

Mr. Congleton: As I understand it, the Superintendent of Buildings has not refused to issue the permit because the plans do not comply with the building code?

Mr. Augenblick: No, that has all been ironed out.

Mr. Bigelow: Then it is a matter of issuing the permit only.

Mr. Congleton: Mr. Matthews, you say, has asked that it be held up?

Mr. Bigelow: Mr. Matthews has not had an opportunity to appear before the Board or the Commission, and he has asked that the issuance of this permit be withheld until he has had an opportunity to take some action. I don't know whether I should delay any further or not.

Commissioner Brennan: It is no longer a matter for us to entertain, if the plans have been drawn and have complied with the code, as far as the Building Department, and now we have the opinion of the Corporation Counsel as to the question presented. So that if the plan complies with the provisions of the code, I personally see no reason why it should be held up. That is a matter for you to decide.

Mr. Bigelow: I shall issue this permit, if that is your desire.

Mayor Breidenbach: Is that satisfactory to you, Mr. Augenblick?

Mr. Augenblick: Yes.

Mr. G. F. Carniff: I was waiting for you to say whether there was any other citizen wanted to be heard on that transportation matter, Mr. Mayor; I thought I was to be given an opportunity to appear here and speak to you in behalf of the Federation of Improvement Associations. I want to ask, if that cannot be re-opened and gone into?

Mayor Breidenbach: The matter has been referred to Commissioner Raymond. If you take it up with Commissioner Raymond, direct he will be able, no doubt to give you a hearing on the matter. If we give you a hearing on

the matter here, anyway it would have to be referred to Mr. Raymond, as it has been given over to his Department.

Mr. Canniff: There are a great many people in this room now, who desire to be heard and asked me to appear for them.

Mayor Breidenbach: Do you want to re-open the hearing on this matter and have it gone into further, Mr. Raymond? The matter has already been disposed of and closed.

Mr. Raymond: It would be perfectly all right for them to appear at a conference at my office on Friday morning, I could hear them then, and Friday morning has been set as a time when a hearing will be had 11 o'clock. Would that be satisfactory to you, just as well?

Mr. Canniff: It would satisfy me, but there are several others here today that want to be heard and I ask now that the hearing may be opened and that we proceed.

Mayor Breidenbach: What do you say, would you have it opened up again?

Commissioner Raymond: I am satisfied to reopen it.

Mayor Breidenbach: Then it will be opened and you may be heard.

Mr. Canniff: I represent the Federation of Improvement Associations and I would like the opportunity to read to you this communication

Newark, N J, March 16, 1925

To the Honorable Commissioners
of the City of Newark, N. J.

Gentlemen:

It has come to the attention of the Federation of Improvement Associations several times that there is racing between the opposition bus lines on the several streets on which both of them operate.

We strongly protest against this practice that endangers the lives of pedestrians as well as those occupying the buses and should not be tolerated for a moment.

Probably running in the groups system might in a measure avoid this dangerous practice.

On the South Orange Avenue line we are informed there are 33 Public Service buses and 11 independent buses and when one independent starts out there will be three of the opposition line start and then begins the racing.

Every bus should have a schedule that must be observed to the letter, no matter whether it be a Public Service or independent

Transportation is for the citizens of this City and State and must be conducted for their safety

The Federation of Improvement Associations see the value of the bus as an important factor in the transportation problem and look back to the strige of the trolley lines when the bus rendered such valiant service in transporting our citizens. The people of the City and State fully appreciate that service and

feel that ample encouragement and consideration be given them who supplied that service.

We hope never to see another strike, but if one does come we want some means left open that will assure transportation to our people

The Federation heartily approve of a better bus service and feel that can only be secured by competition in a just and fair way.

Very truly yours,

FEDERATION OF IMPROVEMENT ASSNS.
G. F. Canniff,
Secretary.

Commissioner Gillen moved that it be received and referred to Commissioner Raymond.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brennan, Gillen, Howe, Raymond, Mayor Breidenbach.

Mr. Harry Silverstein: I am of 800 Broad Street and represent the Essex County Independent Bus Owners Association, I appear here on behalf of the Association composed of all of the independent bus men in this city, and operating in this county.

Mr. Record has said to you what he conceives the condition of the buses to be. This is the proposition that we took up here over four months ago. Nothing has been done. I think the question of having a conference on Friday, if we would only have the conference, would be all right. I am not finding any particular fault with any particular man or

anyone in particular, but I do want to say this: That with reference to these conferences, they may be held, it may be important enough to hold conferences, but we must have something done, and something must be done immediately. Four months ago I originally took this question up on behalf of South Orange Avenue Line. The South Orange Avenue Line is one of the worst examples of transportation situations that there is in the country. There is racing there and I have witnessed that myself. We have spent hours there so that I could be able to honestly state the exact situation as it existed there.

I took the question up with the proper City Authorities, with a promise that a schedule or some working arrangement would be worked out. This is over four months ago. It has not been done. About two weeks ago I took up this same question with Director Raymond, it may have been a month ago, and they said that on Thursday of that week, they promised me that there would be a schedule. I called at Mr. Crawford's office and was told that they did not have a schedule arranged, that is, I called there at the time they said they would have one.

Now, I want to say this to the Commission, that we can go on talking about this for months, this question can go on indefinitely, but what we must have is some action. Mr. Crawford, within the last few days said that he had a schedule ready or would have one ready at a certain time, and then when I go there to see him, there is no schedule. This is a situation that must be taken care of.

Springfield Avenue Line is in the same

situation. Every line in the city, with the exception of Market Street Line, is in exactly this same difficulty. The Market Street Line is an example of how a transportation system should be operated. Market Street is the only line that this City has to be proud of today, and the reason for that is this: The percentage of the buses operated there or the number of the buses operated by the independents is 21 and the number of buses operated by the Public Service is 19. The independents have agreed on a certain set of rules and that they must give the public Service a square deal on that line, and they are doing it. This is the way they do it.

They have numbered the buses, and they have put them on a certain headway under the schedule, and that headway is a headway which starts them off so many minutes after the other bus starts off and if a man comes out of his turn, he is shifted to the end of the line, no matter whether he is an independent or a Public Service, and that has been agreed to and done both by the Public Service and the independents, because the independents want to give them a square deal, and that is the way the operation of buses can be operated and operated successfully.

Commissioner Howe: That has been left up to them to solve?

Mr. Silverstein: That is the way they have solved it. They have agreed to a certain schedule and it is followed out very religiously and absolutely to the letter, and it has worked out very, very good. But gentlemen, that does not refer to these other lines and as I have suggested to Mr. Raymond last week and

there is bound to be something started, two weeks ago and three weeks ago, some action taken, some co-operation in the matter, or else the City, the municipal authorities should take the matter over and place starters in charge. I don't care how it is done, but some method should be worked out and worked out at once. I cannot get any information as to any definite time a thing will be started from Mr. Crawford. I said the other day, I said: "Joe, I think we ought to have municipal starters, if we don't have them we will be coming here forever and ever." There is nothing unfair to anybody in that proposition. This situation is getting so now that it is high time some action was taken, before something terrible happens. There is bound to be and there is going to be accidents, but there should be fewer accidents to buses than is the rule now. There is no reason for not having some control, some general authority in control and some way of caring for this situation, and it is due to the City, that this Board take some action. This delay, I don't know what it is due to, but we want to ask that now action be taken, and no further delay had on this bus situation. Promises don't make a bit of difference, things go on just the same, unless there is some action,—we must have action and the bus men are entitled to it.

They started a system of transportation in this city that is not rivalled in any other city in the country. Then comes along the Public Service and gladly take it over from them and the City does not seem to realize the importance of having the independents to continue, in competition with them, for it is not hard for us to remember back, it is only about a

year ago, when there was a strike and the buses had to carry the brunt of the burden of transportation after the Public Service went out of commission, as they didn't have any buses, and they do not seem to realize the danger of the promiscuous operation of the buses. Races is going on definitely, and it will go on until the city says no, and taken control of it.

We are willing to pay what we are called upon to pay for the operation of our buses. We are willing to pay our proportionate share for the starters, and we are asking for a schedule, and that is a thing which we are entitled to have, these schedules. That is all that we are coming here to ask for at this meeting; that is all that we have asked for for the last four months.

And this question is becoming more acute, especially on the South Orange Line and on the Springfield Avenue Line, and on the Clinton Avenue Line, these are especially offenders and I want to urge upon the Commission that they see to it that this matter is attended to and action taken without a single bit of delay.

Mr. Joseph H. Fonerado, 50 Abbottsford Street: I appear here as the—

Mayor Breidenbach: You appear here on the above question?

Mr. Fonerado: On the above question and also as an ex-service man, and my proposition is to say to you here as an ex-service man, that we have something to say on this bus question. As apparently the Commission has referred this matter to Commissioner Raymond, we

hope that action now may be had at once from it.

I wish to refer to myself also as an ex-service man engaged in the business of carrying people in Newark,—in the transportation business.

When the boys went away there was a wonderful speech made by one of the Commissioners as to giving them "hell boys, and when you come back the city is yours." We came back and we don't want the city; we want a right to do business here. And if the Public Service is allowed to take that right away from us, doing an honest business, I don't think it is justice to the ex-service men at all. I hope that the Commissioners here will see that the other men, along with the ex-service men, have a fair consideration, and that is what we are deserving of.

Former action of the Board confirmed on this question.

Commissioner Howe: I move we take up the item of the construction of Mt. Vernon Place sewers, Section 2.

The City Clerk presented a notice of intention for the construction of Mt. Vernon Place sewers, Section 2, and stated that today was the time fixed for hearing on the same.

The Board then entered upon said hearing.

Mayor Breidenbach: Any citizen wish to be heard?

(No response).

There being no one to be heard, Commissioner Howe moved that the hearing be closed.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brennan, Gillen, Howe, Raymond, Mayor Breidenbach.

Commissioner Raymond offered the following ordinance which was read by the clerk:

An ordinance to provide for the construction of a system of sewers to be known and designated as Mt. Vernon Place Sewers and Branches, Section 2.

The Board of Commissioners of the City of Newark, Do Ordain:

Section 1. That a system of sewers to be known and designated as Mt. Vernon Place Sewers and Branches, Section 2, shall be constructed in Mt. Vernon Place from Ellery Avenue to Florence Avenue; Florence Avenue from Mt. Vernon Place to Varsity Road; and in Varsity Road between Richelieu Place and Eastern Parkway. The sewer in Mt. Vernon Place to be fifty-one (51) inches in diameter, in Florence Avenue from Mt. Vernon Place for a distance of about 500 feet northerly thirty-nine (39) inches, from this point for a further distance of about 450 feet, thirty-six (36) inches and from the last named point to Varsity Road thirty-three (33) inches. In Varsity Road between Florence Avenue and Eastern Parkway to be twenty-four (24) inches and between Florence Avenue and Richelieu Place fifteen (15) inches in diameter. All of the above

sewers to be constructed of reinforced concrete pipe and to be used for storm water only. Together with sewers for house sewage only in Mt. Vernon Place from Ellery Avenue to Florence Avenue, Florence Avenue from Mt. Vernon Place to Varsity Road, Varsity Road between Montrose Street and Richelieu Place, Eastern Parkway from Varsity Road for a distance of about 150 feet northerly and Oakland Terrace from Varsity Road for a distance of about 400 feet northerly. The sewer in Mt. Vernon Place to be twelve (12) inch pipe, in Florence Avenue ten (10) inch pipe and the balance eight (8) inch pipe. Together with all the appurtenances necessary to complete the same, in accordance with the plans, specifications and profiles dated February 6th, 1925, and now on file in the office of the Department of Public Works, under and by virtue of the provisions of an act entitled "An Act Concerning Municipalities," approved March 27, 1917, (P. L. 1917-319) and the supplements thereto, and amendments thereof.

Section 2. That said improvement shall be undertaken as a local improvement and the cost thereof shall be assessed against the property benefited by said improvement, in proportion to the benefits received, under and by virtue of the provisions of the act above referred to.

Section 3. That the sum of \$35,000.00 is hereby appropriated to pay the cost of said improvement, and for the purpose of meeting said appropriation and temporarily financing said improvement, temporary bonds or notes shall be issued from time to time in an amount not to exceed \$35,000.00 under and by virtue of the provisions of an act entitled "An

Act to authorize and regulate the issuance of bonds and other obligations and the incurring of indebtedness by county, city, borough, village, town, township, or any municipality governed by an improvement commission," approved March 22, 1916 (P. L. 1916-525) and the supplements thereto and amendments thereof, which bonds or notes shall bear interest at a rate not to exceed six per centum per annum. All other matters in respect to such temporary bonds or notes shall be determined by the Director of the Department of Revenue and Finance who is hereby authorized to execute and issue said bonds or notes.

Section 4. That this ordinance shall take effect immediately and all ordinances or parts of ordinances inconsistent with the provisions of this ordinance, be and the same are hereby repealed.

The ordinance having been read once, Commissioner Raymond moved that it be ordered to a second reading.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brennan, Gillen, Howe, Raymond, Mayor Breidenbach.

The clerk then read the ordinance by sections:

Title declared open to amendment.

Section 1 declared open to amendment.

Section 2 declared open to amendment.

Section 3 declared open to amendment.

Section 4 declared open to amendment.

The ordinance was declared open to amendment in all its parts.

The ordinance having been read a second time, Commissioner Raymond moved that it be ordered to a third reading.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brennan, Gillen, Howe, Raymond, Mayor Breidenbach.

Commissioner Raymond moved that the ordinance be taken up on third reading and final passage on March 24th.

The roll being called, the resolution was declared adopted by the following votes:

Yeas: Commissioners Brennan, Gillen, Howe, Raymond, Mayor Breidenbach.

WHEREAS, a petition has been presented to the Board of Commissioners of the City of Newark requesting that the Third Election District of the First Ward be divided into two districts for the reason that there were registered, at the last General Election, 600 persons and owing to the fact that many of the residents of said district are unfamiliar with the English language and compelled to ask for assistance of the Election Officers

in the preparation of their ballots, which creates delay, with the result that in every election one hundred to one hundred and fifty citizens of the district are unable to vote before the closing of the polls and are thus disfranchised:

RESOLVED, that in accordance with Article IV, Section 4-A of Chapter 242 of the Pamphlet Laws of 1922, the Essex County Board of Elections be and they are hereby requested to divide this district into two parts.

The following communications were received and read:

Department of Public Safety
Division of Buildings

Newark, N. J., March 17, 1925.

Hon. Frederick C. Breidenbach,

Mayor, City of Newark, N. J.

My dear Mayor:

I have looked up our records in connection with 78 Lyons Avenue, which is the property on the south side of Lyons Avenue, 30 ft. west of Bergen Street.

I find that a permit was issued by this Department on January 12th to Mr. M. Larkin, to erect a one-story store, 30' x 50'. I understand that there is some objection to the structure, because it stands out to the street building line. Unfortunately this cannot be prevented by the city, as our Zoning Regulations do not require setbacks in business districts, and the property in question is zoned as such.

I have made search of any applications to erect buildings on the vacant lot at the corner of Bergen Street and Weequahic Avenue, and find nothing on file in this office.

Yours very truly,
Frederic Bigelow,
Supt. of Buildings.

Order filed.

Department of Public Safety
Division of Buildings

Newark, N. J., March 11, 1925.

Hon. W. J. Egan,
City Clerk,
City Hall, Newark, N. J.

Dear Sir:

I received your communication of March 10th, calling my attention to the protest of Mr. Cox, principal of the Robert Treat Junior High School.

I understand from your letter that the Commissioners do not look upon the proposed garage with favor, and I have, therefore, given an order to the employees of this Division, directing them not to issue, until further notice, a per-

mit for a garage at 300 Norfolk Street.

Yours very truly,
Frederic Bigelow,
Supt. of Buildings.

Ordered filed.

Grading and asphalt concrete paving of Leslie Street from Lyons Avenue to Chancellor Avenue with asphalt concrete pavement (1¼" top- 1" binder) on a 6" concrete foundation; with the necessary new curbing or resetting of curb, together with all other appurtenances incidental to the grading, curbing, flagging, paving and resurfacing of said streets, including the laying of concrete sidewalks at street intersections and elsewhere wherever needed, and the laying or relaying of a sidewalk or sidewalks or such portion or portions of sidewalks as may be disturbed or may become necessary or expedient, or the grade of which may be affected on account of the laying of the pavement or the setting or resetting of the curb, in accordance with the plans, specifications and profiles, dated March 7th, 1925, and now on file in the office of the Department of Public Works.

In order to avoid the necessity of excavating and tearing up the improved portion of said streets after the making

of said improvement, the owners of any and all lands on the line of said improvements are hereby ordered and directed to make the necessary connections with the sewer, gas and water mains to the curb lines in said streets for each lot fronting upon said streets within thirty (30) days after the passage of an ordinance providing for said improvements. Upon failure of any such owner to make or cause said connections to be made, the same will be made by the Department of Public Works, in which case the costs and expenses of making said connections will be assessed upon the lands benefited. Each 25 feet of frontage upon said street for the purpose of this improvement shall be considered a lot.

That said improvement shall be undertaken as a local improvement and the cost thereof shall be assessed against the property benefited by said improvements, in proportion to the benefits received under and by virtue of the provisions of the act herein before referred to.

That in order to temporarily finance said improvements, the following sums are hereby appropriated, viz:

For Carolina Avenue grading, curbing, flagging and paving.....	\$24,300.00
For Eighteenth Avenue grading, curbing, flagging and paving.....	57,400.00

The Board of Commissioners of The City of Newark, N. J.

W. J. Egan, City Clerk.

Newark, N. J., March 24, 1925.

A regular meeting of the Board of Commissioners of the City of Newark, N. J., was held on the above date, in the Commissioners' Chamber, City Hall, Newark, at 11 A. M.

Present: Commissioners Brennan, Gil-
len, Howe, Raymond, Mayor Breiden-
bach.

The minutes of meeting of March 17th
were read and approved.

Mayor Breidenbach: Any citizen wish
to be heard?

Mrs. R. A. Schindel: As a delegation
of church women, representing the
Newark Federation of Churches, we are
before you this morning at your invita-
tion and I want to assure you of our
appreciation of your courtesy in allow-
ing us to come here and submit to you
an ordinance which we believe will at
least partially remedy some of the exist-
ing conditions in the City of Newark—
difficulties in regard to the matter of
law enforcement. We are opposed to
the saloons hiding behind screens, doing
a business which is prohibited by the
Eighteenth Amendment, a part of our
Constitution. By our own investigation
we learn that there is much disregard for
the law, Federal and Municipal, right
here in Newark. We ask you five gentle-
men who are responsible for the govern-
ment of Newark to fight the saloons.
We are here to ask for a strict en-
forcement of the law.

Mr. Brennan said that if our Federa-
tion would draft an ordinance and sub-
mit it to him he would be glad to take

it up with the Corporation Counsel and
his colleagues. In the mean time he
sent us a copy of an ordinance which
he proposed to have adopted. We re-
ceived a copy of this ordinance on last
Wednesday and we have given it very
careful consideration. We find that Mr.
Brennan's ordinance provides for the
licensing of saloons or any place or
room where any malt or brewed liquor is
sold or dispensed for beverage purposes.
If you pass that ordinance it would hide
the saloons and would not in any way
tend to remedy the existing conditions in
the City of Newark. We have drafted
an ordinance which, if adopted, will tend
to better conditions. You are all familiar
with the Kearny licensing ordinance—
anti-screen ordinance, which has been
before the public for many months.
This case was tried in the Supreme Court
and the Court of Errors and Appeals. In
the Supreme Court this ordinance was
declared constitutional, absolutely. Our
anti-screen ordinance is very simple; it
will give Mr. Brennan's one thousand
men, every opportunity to secure evi-
dence, and there is no red tape attached
to the screen ordinance. Under our ordi-
nance all the cases would be tried in the
police courts. This will eliminate the
red tape.

We therefore offer the following ordi-
nance and would request that you pass
it just as soon as possible:

"The Board of Commissioners of The
City of Newark, Do Ordain:

Every place or room where any malt
or brewed liquor, or any liquid or liquor
that contains any alcohol is sold or dis-
pensed for beverage purposes, shall be
so constructed and maintained that a full,

open and clear view of the entire interior thereof may be had from the street on which such place or room fronts or abuts, and shall be free from any screen, non-transparent glass, shade, blind, shutter, partition, fixture or curtain, or from any merchandise, or other obstruction, either within or without the building where such place or room is located, which may in any manner obstruct or interfere with such view of said interior from the street on which such place or room fronts or abuts; provided, however, that such place or room, which does not directly front or abut on any street, shall be constructed and maintained that such view of the interior may at all times be had from the hallway, corridor or entrance leading to such place or room; provided further that this ordinance shall not be deemed to apply to a bona fide retail drug store.

Any person violating any of the provisions of this ordinance shall, upon conviction, be fined not less than Twenty-Five dollars (\$25.00) for each offense, and each day's violation of any of the provisions of this ordinance shall be a separate offense."

In connection with this ordinance I wish to quote some passages from the opinion of Justice Minturn in the case of the Town of Kearny:

The prosecutor who conducts a cafe for the sale of soft drinks and restaurant purposes, in the township of Kearny, was convicted before the Recorder of the municipality, for violating Section 4 of an ordinance, providing for the licensing of public places in the town "wherever food or drink or both are sold

to be consumed on the premises" The specific violation complained of was his failure to have his windows so constructed as to afford in the language of the ordinance, "A free, full and clear view of the whole entire interior from the street or office or corridor of the building where located."

The legality of the conviction is contested upon the ground that the ordinance in question is ultra vires. Upon this contention it is enough to remark that regardless of the general welfare provisions of the charter of the town, the Home Rule act confers upon municipalities ample power to license and regulate all classes of business.

The provision in question, is a reasonable and legitimate exercise of the police power which inheres necessitate as an incident for self-preservation, in every municipality upon which devolves by legislative mandate the power of local self-government.

It is contended, however, that the provision in question is an unreasonable exercise of the police power in that its operation is to unduly expose the prosecutor's legitimate business to the unreserved scrutiny of the curious public, and therefore unreasonably interfere with its legitimate operation. That it may have this effect to some extent may be conceded; and yet it must be observed that such a result is simply an incident of the prime purpose of the regulation. And as has been properly observed, all regulation involves limitation in some degree. If the principle indicated here be nothing more than an effort to throw reasonable

safeguards in the public interest around the exercise of a legal right, such effort must be sustained even though incidentally the use of the property involved be impaired.

Legislation of this general character was before the Court of Errors and Appeals in *Meehan vs. Excise Commissioners*, 75 L. 557, involving the constitutionality of the so-called "Bishop's Law" (L. 1906, p. 199) and was held to be a reasonable exercise of the police power, in that such provisions are contrived for the purpose of "rendering police inspection easy and efficacious," and the same result was reached by this court in *Crocker vs. Excise Commissioners* 75 L. 460. Similar restrictions have been sustained as legal in many of the States where the subject has received consideration.

The necessity for the passage of the ordinance must rest in the discretion of the municipal body who are presumed to be conversant with general conditions, making necessary the passage of such regulation; for it has been held to be a matter of common knowledge, that since the passage of the prohibition amendment there has been inaugurated a widespread movement to circumvent the enforcement of its provisions, especially under the guise of the sale of so-called soft drinks, some of which are considered often injurious to health.

It has also been held to be a matter of common knowledge that as an aftermath of the war, a large increase in lawlessness has been induced, and that places where intoxicating liquors are illicitly sold are favorite rendezvous for criminals.

Certainly the municipal council must be credited with knowledge of a public character which the average citizen upon the street is known to possess. For instance they must know that modern conditions have added to our vocabulary the euphonious substantives "Bootlegger" and "Highjacker" as though to emphasize the existence of an illicit recognized trade and to clarify and distinguish its elusive followers. Such characters necessarily are conspirators against the enforcement of law, and seek not the open wherein to carry on their nefarious trade, but only such places where the sun seldom enters and where darkness is a welcome guest.

Considerations of public policy such as these might properly actuate the members of the council in the passage of the ordinance subjudice, and would afford a legal basis for its passage.

Mrs. Schindel: Mr. Mayor; may I ask Commissioner Brennen a question?

Mayor Breidenbach: Yes, you may.

Mrs. Schindel: Mr. Brennen, will you accept this screen ordinance and vote "yes" on it?

Commissioner Brennen: I will refer it to the Corporation Counsel, and after receiving a legal opinion from him I will be guided accordingly.

Mrs. Schindel: If we give you a list of places that are doing business contrary to law, will you have them investigated?

Commissioner Brennen: I will be very glad to do it.

Mrs. Schindel: We will give you a list of the places, which list is sworn to.

Mrs. Schindel: Mr. Mayor, will you vote "yes" on this ordinance?

Mayor Breidenbach: I cannot answer that question now. We usually take these matters up in conference and discuss them. I do not think it fair to ask any Commissioner to vote for or against this ordinance at the present time.

Mrs. Schindel: We have one request to make, and that is that this ordinance be passed upon and placed on the statute books as soon as it is possible to be done. We do not want delay because we know the conditions exist in Newark.

Mayor Breidenbach: We will be very glad to take this ordinance up in conference.

Miss Ida Green: I would like to make a brief statement so as to avoid any misunderstanding. We do not want this screen ordinance confused with the licensing ordinance. We are asking you to vote on the screen ordinance and not on the licensing ordinance. We want to make it clear; that is all.

Mrs. Butcher: As Vice President of this Church Federation of Women, I would like to say that I represent the parishioners of Peddie's Baptist Memorial Church, in the center of the city. We are urging you to pass this screen ordinance for the sake of our children. I would like to see our children protected, and we therefore ask you to work and cooperate with us on the enforcement of the Eighteenth Amendment.

Mrs. Caroline Sperry: You have heard Mrs. Schindel speak in reference to the

Supreme Court decision. This is a question of public expediency and public morality. The police power of this city is fully competent to regulate these violations and to suppress them entirely. There is no inherent rights in the citizen to sell intoxicating liquors by retail, and if he does sell liquor he has no right to hide behind the screen. This is a clear violation of the Eighteenth Amendment and the liquor seller should be stopped. You gentlemen have taken an oath to uphold the American flag. There are seven flags here, one for every day in the week. Are you going to protect that flag, or are you going to permit the liquor seller to trample on it. It is the only flag in the World, recognized the World over as "Old Glory." It is your duty to protect that beautiful flag that stands for the protection of the child and good peace on earth. It stands for the welfare of every child in the United States and for the preservation and perpetuation of this government. I want to call your attention to something that occurred this year in the City of Newark. In the entering class of the Normal School right here in your city five of the young girls from your high schools expect to become mothers soon. What are you going to do about it? Are you going to permit the liquor sellers to hide behind screens? There must be somebody at fault; somebody not doing their duty. I ask you to pass this screen ordinance and thereby prevent the liquor sellers from doing business in the dark.

Mayor Breidenbach: Any other citizen wish to be heard?

(No response).

Mayor Breidenbach: I declare the hearing closed.

The following petition was received and read:

March 10, 1925.

To the Zoning Board of Newark, N. J.:

We, the undersigned residents of Orchard Street and Camp Street do strenuously object to the erection of the "garage addition," so called, or to any variation from the requirements of the Building Zone Ordinance on Orchard Street, south of Camp Street. We would call the attention of your Honorable Body to the fact that the present building referred to is a flimsy constructed brick structure in rear of 108, occupying entire yard, built for and used as a bakery and never was a garage; furthermore, permit for it should never have been granted, as the Zoning of the City was in tentative operation at the time.

Signed by Chas. B. Wagoner
and 24 others.

Mr. Charles W. Wagoner, 110 Orchard Street: I am appearing to enter a protest against the erection of a garage at 106-108 Orchard Street. These properties are wholly in the residential zone on both Orchard and Camp Streets. The zone extends to the point one hundred feet east of Orchard Street and the line runs at the rear of 106-108 and 110 Orchard Street, southward. The garage ordinance does not permit of a garage within ten feet of a dwelling; the proximity of this one would be six feet from the dwelling at 110 Orchard Street and less than that to the dwelling at 35 Camp Street. We refuse to have the City's best interests exploited, and life-long residents thrown into the discard. We object to conditions which would neces-

sitate leaving the City as there must be some homes centrally located; all streets should not be given up to business. Industrial values are too remote, and experience has shown in Pennington Street that a public garage is most demoralizing to the status of a residential zone. A desirable citizen does not enter a residential zone with a public garage; he would not propose such a thing. I respectfully ask this Board, in behalf of the property owners in this section, to request the Adjustment Board to reconsider this case so that we might be able to convince them to rescind their action. A permit for the erection of a garage at 106 and 108 Orchard Street should never have been granted by the Adjustment Board.

Mr. Van Duyne: The application Mr. Wagner refers to called for the erection of a garage on Camp Street, the property being the southeast corner of Orchard and Camp Streets. The location of it was near the rear line of this property and the adjoining property is zoned as a light industry. This application was granted by the Board after due consideration of the evidence submitted.

Commissioner Raymond: I think we ought to protect the homes in this city. I agree with Mr. Wagoner that all streets should not be given up to business. It is outrageous to permit the erection of a garage on this street. If there is anything I can do, Mr. Wagoner, I will be with you.

Mrs. Susan Francis, 120 Orchard Street. If this garage is permitted to be built it will spoil the neighborhood. It will mean that this neighborhood will no longer be fit to live in. I wish to

enter a protest against the granting of this permit.

Commissioner Gillen: I move that the matter be referred back to the Adjustment Board for reconsideration.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brennan, Gillen, Howe, Raymond, Mayor Breidenbach.

Commissioner Brennan moved that the following ordinance be taken up on second reading:

An ordinance to prevent the distribution or sale, or uttering or exposing to view, or having in possession with intent to distribute or sell or with intent to utter or expose to view or to sell any obscene or indecent book, pamphlet or picture, and providing penalties for the violation thereof.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brennan, Gillen, Howe, Raymond, Mayor Breidenbach.

The clerk then read the ordinance by sections:

Title declared open to amendment.

Section 1 declared open to amendment.

Section 2 declared open to amendment.

Section 3 declared open to amendment.

Section 4 declared open to amendment.

The ordinance was declared open to amendment in all its parts.

The ordinance having been read a second time, Commissioner Brennan moved that it be ordered to a third reading.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brennan, Gillen, Howe, Raymond, Mayor Breidenbach.

Commissioner Brennan moved that the ordinance be taken up on third and final reading on April 7th.

The City Clerk presented notice of intention for the change of the grade of easterly and westerly curb of Halsey Street, and stated that today was the time fixed for hearing on the same.

The Board then entered upon said hearing.

Mayor Breidenbach: Any citizen wish to be heard?

Mr. John W. Strahan, 79 Halsey Street: I am here today as the representative of the newly organized Halsey Street Ass'n. We have taken up this matter of the grading and levelling of Halsey Street and we are in favor of the ordinance providing for it. I want to tell you something about the Halsey Street Association. It is a newly organized association. It has in its membership every one from Market Street to Washington Park, the Globe Indemnity Co., L. Bamberger & Co., and property owners and tenants. The Association feels it would be a good thing to level Halsey Street, but feel when it comes to the payment of the expense involved, that the expense should be borne equally by the citizens of Newark and

not limited to a few on Halsey Street, for the simple reason that the proposed ordinance limits the zone from New to Market Street. Halsey Street has become a through street for jitney and passenger service going south and the people on Halsey Street are in favor of the ordinance, but do not feel they should shoulder the whole expense and feel the equitable and fair thing to do would be to proportion the greater expense of the improvement on the city at large.

I understand this is not the place where the actual amount is assessed, but the Association wanted me to convey their opinion to the Commissioners.

Commissioner Raymond: The cost of the entire work is only \$8,000. Of course, you realize that the levelling of the street and changing the grade in front of this property will materially benefit it and perhaps the ordinance was drawn in this fashion because of the benefit the property will receive.

Mr. Strahan: I see your point, but we believe it will benefit the entire street rather than a limited area on the street. At this time I want to formally express to Commissioners Raymond and Brennan, the appreciation that this Association wishes to extend. They have received very courteous treatment on lighting and police protection and they have asked me to convey their appreciation.

Commissioner Raymond: We are glad to know of such an Association and will be very glad to co-operate

There being no one else to be heard, Commissioner Gillen moved that the hearing be closed.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brennan, Gillen, Eowe, Raymond, Mayor Breidenbach.

Commissioner Gillen moved that the ordinance providing for the changing of the grade on Halsey street be laid over one week.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brennan, Gillen, Howe, Raymond, Mayor Breidenbach.

The City Clerk presented notice of intention for the grading, curbing and flagging of Hanford Street and stated today was the time fixed for hearing on the same.

The Board then entered upon said hearing.

Mayor Breidenbach: Anyone wish to be heard?

Mr. Stuart Lindsley: It seems to me it is a little premature to go to all this expense. The street does not connect with any other street and at this time there are no buildings on it.

Commissioner Raymond: There is a petition for it. The reason it came up

some citizens filed a petition to improve it. They want to improve the property.

Mr. Lindsley: I think it would be a good thing to grade it, but I do not think it should be curbed and flagged. If there were anyone living on it it would be all right to do it and if anything is to be done you should start at Frelinghuysen Avenue and go all the way through. At present the ordinance would not improve it one iota. This street is in the rear of a factory and it has no connection with any of the main thoroughfares.

Commissioner Raymond: Why did they not plan to improve the whole street?

Commissioner Howe: Mr. Lindsley have you seen any street that has not increased in value after it had been graded and paved?

Mr. Lindsley: Yes, I have. A few people cannot afford to do it, but if you have a great many people I think it will pay.

Commissioner Howe: It always rounds to the benefit of the property to have it improved. If you are going to sell your property after the street is improved you get a higher price for it, as every purchaser of property allows an amount equivalent or less than the cost of paving.

Commissioner Raymond: I think it should be shown why we are putting this expense on the property. I would like to have some light on the subject. I will move that the matter be laid over two weeks so that anybody in favor of

it may come down here and explain it.

Mayor Breidenbach: Anyone else wish to be heard?

There being no one else to be heard, Commissioner Gillen moved the hearing be closed.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brennan, Gillen, Howe, Raymond, Mayor Breidenbach.

Commissioner Raymond moved that "An ordinance to provide for the grading, curbing and flagging of Hanford Street from Wharton Street to Carrington Street," be laid over two weeks.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brennan, Gillen, Howe, Raymond, Mayor Breidenbach.

The City Clerk presented notice of intention for the grading, curbing and flagging of Ludlow Street and stated today was the time fixed for hearing on same.

Mayor Breidenbach: Any citizen wish to be heard?

Mr. Stuart Lindsley: I think I will have the same thing to say about that as Hanford Street. I would be willing to have the street graded so as to locate the street and the people then can build and after some houses get under way the curbing and flagging would be very desirable

Commissioner Raymond How did that come up? The same gentleman, Mr. Feibleman, petitioned for that.

Commissioner Gillen: If you do not grade or improve streets you will never have any new streets. You have got to go ahead with these improvements.

Mayor Breidenbach: Anyone else wish to be heard.

There being no one else to be heard, Commissioner Gillen moved that the hearing be closed.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brennan, Gillen, Howe, Raymond, Mayor Breidenbach.

Commissioner Howe offered the following resolutions:

WHEREAS, The City of Newark on October 24, 1924, issued its short time obligations known as Temporary Loan Bonds in the aggregate amount of Five hundred thousand dollars (\$500,000.00) for the purpose of temporarily financing payments on account of contract with the North Jersey Water Supply Commission for an additional water supply from the Wanaque Water Shed, said Temporary Loan Bonds being numbered 678-679-680-681-682 and 683 and dated October 24, 1924, and payable April 24, 1925;

AND WHEREAS, the improvement for which said Five hundred thousand dollars (\$500,000.00) was issued was on account of the Wanaque Water Supply and is now in the course of construction, and is an improvement for which the City is authorized by Chapter 252 of the Laws of 1916, to issue bonds, and the City is without funds to pay said Five hundred thousand dollars (\$500,000.00) of Temporary Loan Bonds;

THEREFORE BE IT RESOLVED, that in pursuance of the provisions of an Act of the Legislature of the State of New Jersey, entitled "An Act to authorize and regulate the issuance of bonds and other obligations and the incurring of indebtedness by county, city, borough, village, town, township or any municipality governed by an improvement commission" approved March 22, 1916, and the amendments thereto, there shall be issued Temporary Loan Bonds in the amount of Five hundred thousand dollars (\$500,000.00) for the purpose of temporarily financing payments on account of contract with the North Jersey Water Supply Commission for an additional water supply from the Wanaque Water Shed and renewing said Five hundred thousand dollars (\$500,000.00) of Temporary Loan Bonds issued therefor;

FURTHER RESOLVED, that each of the Temporary Loan Bonds authorized by this resolution amounting in the aggregate to Five hundred thousand dollars (\$500,000.00) shall state in general terms the purpose for which it is issued, shall be dated as of the date of its issue, shall mature not exceeding six months after its date, shall bear such rate of interest not exceeding six per centum per annum and be executed in

such manner as the Director of Revenue and Finance shall determine, and the Mayor, the Director of Revenue and Finance, the Auditor of Accounts and the City Clerk be and they are hereby authorized and directed to execute in the name of the City the bonds authorized by this resolution, subject to the provisions of Chapter 252, of the Laws of 1916;

FURTHER RESOLVED, that the Director of Revenue and Finance be and he is hereby authorized to sell said Temporary Loan Bonds at not less than par, either all at one time or from time to time.

Howe, Raymond, Mayor Breidenbach.

WHEREAS, The City of Newark on
October 1, 1924, issued its short time
obligations, known as Temporary Loan
Bonds in the aggregate amount of Seven
hundred and fifty thousand dollars
(\$750,000.00) for money borrowed in
anticipation of the receipt of money ex-
pended for Pavings, Chapter 152, Laws
1917, said Temporary Loan Bonds being
numbered 655 - 656 - 657-658-659-660-661-
662-663-664-665-666-667 and 669 and
dated October 1, 1924, and payable April
1, 1925;

AND WHEREAS, the improvement
for which said Seven hundred and fifty
thousand dollars (\$750,000.00) was
issued was for Pavings, now in the
course of construction or have been com-
pleted within six years, and is an im-
provement for which the City is author-

ized by Chapter 252 of the Laws of
1916, to issue bonds, and the City is
without funds to pay said Seven hundred
and fifty thousand dollars (750,000.00) of
Temporary Loan Bonds;

THEREFORE BE IT RESOLVED,
that in pursuance of the provisions of
an Act of the Legislature of the State
of New Jersey, entitled "An Act to
authorize and regulate the issuance of
bonds and other obligations and the in-
curring of indebtedness by county, city,
borough, village, town, township or any
municipality governed by an improve-
ment commission" approved March 22,
1916, and the amendments thereto, there
shall be issued Temporary Loan Bonds
in the amount of Seven hundred and
fifty thousand dollars (\$750,000.00) for
the purpose of temporarily financing the
improvement aforesaid and renewing
said Seven hundred and fifty thousand
dollars (\$750,000.00) of Temporary
Loan Bonds issued therefor;

FURTHER RESOLVED, that each
of the Temporary Loan Bonds author-
ized by this resolution amounting in the
aggregate to Seven hundred and fifty
thousand dollars (\$750,000.00) shall state
in general terms the purpose for which
it is issued, shall be dated as of the date
of its issue, shall mature not exceeding
six months after its date, shall bear such
rate of interest not exceeding six per
centum per annum and be executed in
such manner as the Director of Revenue
and Finance shall determine, and the
Mayor, the Director of Revenue and
Finance, the Auditor of Accounts and
the City Clerk be and they are hereby
authorized and directed to execute in the
name of the City the bonds authorized
by this resolution, subject to the provi-

sions of Chapter 252, of the Laws of 1916;

FURTHER RESOLVED, that the Director of Revenue and Finance be and he is hereby authorized to sell said Temporary Loan Bonds at not less than par, either all at one time or from time to time.

The Board of Commissioners of The
City of Newark.
W. J. Egan, Clerk.

Newark, N J, March 31, 1925.

A regular meeting of the Board of Commissioners of the City of Newark, N. J., was held on the above date in the Commissioners' Chamber, City Hall, Newark, at 11 o'clock A. M.

Present: Commissioners Brennan, Gillen, Howe, Raymond, Mayor Breidenbach.

The minutes of the previous meeting were read and approved.

Mayor Breidenbach: Is there any citizen who wishes to be heard?

Mrs. Jennie Poliseo: We would.

Mayor Breidenbach: What is your address?

Mrs. Jennie Poliseo: 505 Twelfth Avenue, Newark.

Mayor Breidenbach: What is it that you want?

Mrs. Poliseo: We want to ask you gentlemen if you would listen to a grievance about a garage that is to be erected opposite us and if I may read this letter—

Mayor Breidenbach: Are these other ladies with you protesting?

Mrs. Poliseo: Yes.

Mayor Breidenbach: Let us have their names. Have you a petition?

Mrs. Poliseo: We have a petition.

Mayor Breidenbach: Give us the names of those who are with you.

The following ladies gave their names:

Mrs. A. L. Brant, 527 Twelfth Avenue.

Mrs. Lucas, 319 Twelfth Avenue.

Mrs. Anthony Viezano, 501 Twelfth Avenue.

Mrs. Louis Darnay, 504 Twelfth Avenue.

Mrs. C. W. Wolpert, 164 South 8th Street.

Mrs. Poliseo read the following communication:

Gentlemen:

A garage is proposed to be erected on the corner of South Eighth Street and Twelfth Avenue. We are the property owners of the vicinity who were notified by the Board of Adjustment with the privilege of objecting.

We consider this proposed garage unnecessary in this section, most of the dwellings having their own garages and not dependent upon a public place.

We and the entire neighborhood regret this garage has been proposed as we consider this section our section, and have always done our utmost to keep the community as nice as possible and have succeeded.

We intend to protest at the meeting of the Board of Adjustment as we think

a public garage is detrimental to the welfare and safety of our neighborhood.

The property on South Eighth Street and Twelfth Avenue has been vacant for years by the house of the Good Shepherd, and only recently bought by a real estate corporation.

We see no reason why a privilege should be granted to build a public garage on so desirable a piece of property, where were homes built on this site, respectable law-abiding citizens would gladly enter our neighborhood, which has the greatest advantages to offer to its residents.

We are in the district of St. Antoninus' Parochial and South Eighth Street Public School, the two best schools in the city of Newark, which are not overcrowded.

We have an absolute quiet, owing to the House of Good Shepherd and the Convent, and also six churches of all denominations in the immediate vicinity.

The surrounding neighborhood is such that during the present crime wave not a culprit lives within blocks of South Eighth Street and Twelfth Avenue. We want this condition to survive, and fear our children cannot be sure of this atmosphere if a garage is to be built on this very excellent location.

Now, gentlemen, this is our grievance. Although every owner within 200 feet of this proposed building has signed a petition in protest the rumor, if it is a rumor, has pervaded our neighborhood that this protest will not get the justice due such a petition because the sale has

been made through the Gillen Realty Company, and because of this fact the interest taken in this affair by our Commissioner Gillen, he intends to put this permit through regardless of protest.

Whereas, if influence can sway the erection of a detriment in our section, we feel justified in looking for a home in another community where the voice of the people weighs more than the profit of a real estate deal.

Is it possible, gentlemen, that this petition can go unheeded?

Ordered referred to the Board of Adjustment.

The following petition was received and read:

Newark, N. J., March, 1925.

Board of Adjustment of
Newark, N. J.

Gentlemen:

We, the undersigned, property owners in the vicinity of the southeast corner of South Eighth Street and Twelfth Avenue hereby protest the erection of a public garage on said property as being detrimental to the neighborhood, to property values and to the health of ourselves and our tenants and respectfully request that your Board will not permit its erection.

Signed by fifty-six property owners.

Ordered referred to the Board of Adjustment

Commissioner Gillen: What makes you think I have got anything to do with it?

Mrs. Poliseo: Personally, Mr. Gillen, it seems to have come from the City Hall, the word to the effect that we people need not even petition, we of the neighborhood; that we need raise no objection whatsoever because of your influence to put this permit through.

Two gentlemen were up in our neighborhood this morning and talked to a property owner on the corner of Twelfth Avenue and Seventh Street and said they would give her ten feet because this garage will endanger her house by shutting off its light and escape from the rear; and then they told her there is no need for you people to fight, we are going to get a permit; and they state that it is through Mr. Gillen.

Commissioner Gillen: If my firm has anything to do with a real estate transaction of that kind, that is perfectly legitimate, for us to sell the real estate, but we are not building any garage up there, and why do you make such a statement as that?

Mrs. Poliseo: The record is made, and the report is around that the property is not yet sold but will be sold if the permit is granted.

Commissioner Gillen: Why don't you make your protest without making statements of that kind here?

Mrs. Poliseo: Well, that is the report that pervades our neighborhood; and even our lawyer said if it had not been that the Gillen Realty Company is handling

this sale we would have more chance to have justice under it.

Commissioner Gillen: There is no permit granted yet?

Mrs. Poliseo: That we don't know.

Commissioner Gillen: The Gillen Company is not going to build the garage up there, is it?

Mrs. Poliseo: No.

Commissioner Gillen: Then, why do you make such statement here?

Mrs. Poliseo: I am merely saying, and come here to ask these gentlemen to tell us if this protest or petition signed by the entire neighborhood can go unheeded as people have told us it has gone through in other sections in defiance of protest from the property owners because the Gillen Realty Company has been the seller of this property. We were told that there was a public garage to put up in defiance of any protest in Fifteenth Avenue because Mr. Gillen had some interest in it.

Commissioner Gillen: That is a lie, absolutely.

Mrs. Poliseo: That is what they told us.

Commissioner Gillen: That is an absolute falsehood all the way through. You have got no right to make that statement here. This whole thing is a lie, and you have not any right to make that statement to the members of this board or the members of the city government as if they had no honor and no prin-

ciple I have just as much interest in Newark as you or anybody else has.

Mrs. Poliseo: That is exactly what I am here to find out, and that is exactly why we are here, because they come and told us there is no use of going to City Hall, that we would not get any justice because of your influence.

Commissioner Gillen: No one ever came into this City Hall where I had any vote about it or anything to say about it with a protest regarding their interests or the interests of the City of Newark that I did not vote with them. Take that home with you.

Mrs. Poliseo: We elected you to this office for that purpose.

Commissioner Howe: Did you ask Mr. Gillen, or did your representative ask Mr. Gillen if he was interested in this, or if he had said so, or if he had sent anybody to those people?

Mrs. Poliseo: No, sir. Everybody,—if you even go into that neighborhood yourself, everybody there—

Commissioner Howe: As a matter of courtesy, don't you think before you made this big statement here, you should have either phoned Mr. Gillen or called on Mr. Gillen in his office or at least asked him here, if it is so?

Mrs. Poliseo: Well, gentlemen, everybody has told us—

Commissioner Howe: Then, you want to listen to everybody but the man himself?

Mrs. Poliseo: Because this man said

that they have had the same experience. We did not come here personally to see Mr. Gillen.

Commissioner Gillen: Our firm never had anything to do in this city with putting over any garage. Now, take this home with you, in any part of Newark, Fifteenth Avenue, or anywhere else, where there was a protest made against it. We are not in that line of business. We are in a legitimate business.

Mrs. Poliseo: We went to the Board of Adjustment and handed them a petition signed by all within two hundred feet of this place, and why did this man say this morning, why did he say that, that he had bought the property?

Commissioner Gillen: I am not responsible for what people say who buy property. I am not responsible for them, they can say anything they please.

Mrs. Poliseo: They have invaded our quiet neighborhood.

Commissioner Howe: Is that gentleman here who said that? Is he in the room?

Mrs. Poliseo: I don't know, but he is the man who said he had bought the property.

Commissioner Howe: What is his name?

Commissioner Howe: Give us this man's name, we want their name.

Mrs. Poliseo: He does not seem to be here

Commissioner Raymond: We are not going to sit here and listen to people come into this hearing quoting statements of people they don't know; we would like to have the names of the people that make those statements so we may know who is making them.

Commissioner Howe: We are all friendly with Mr. Gillen, but Mr. Gillen cannot make us do anything here that we should not and I am sure he would not ask us to do it.

Mrs. Poliseo: That is what we want to find out.

Commissioner Howe: You got your answer now.

Mrs. Poliseo: Thank you very much. All that we want is to get justice.

Commissioner Gillen: I move the petition be filed and the protest be referred to the Board of Adjustment.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brennan, Gillen, Howe, Raymond, Mayor Breidenbach.

Commissioner Brennan: Mr. Mayor, no doubt there are people in the audience who are awaiting our report on an ordinance submitted a week ago which was referred for further conference to this morning. The Commission had a conference, and I will state that at that conference they were in receipt of another ordinance presented by the Federation of Men's Clubs approved at a meet-

ing held by them in the Y. M. C. A., I don't know, some ten days ago. Having only received same this morning, it has been requested that the Corporation Counsel submit a copy of same to each one of the Commissioners for their study and possibly a future conference at which both parties interested may be requested to present their views. Therefore, I am not ready to present or submit either one of the ordinances presented for consideration by the Commission at this time.

Mayor Breidenbach: You make that as a motion?

Commissioner Brennan: No, that is just a statement.

Mayor Breidenbach: Any other citizen wish to be heard?

Mrs. Green: I would like to speak for the women of the Church Federation just at this time on that screen ordinance and say that if the screen ordinance that we presented to you, if you would pass that, it would not interfere at all with the ordinance that the men have presented here and that you could pass this one if you desire it without interfering with the one they have presented.

Commissioner Raymond: It is our thought to incorporate the best features of both of them in the one ordinance so that we will not be subject to reversal.

Commissioner Raymond moved that the ordaining clauses of the following ordinances be stricken out

An ordinance to provide for the construction of a storm water sewer to be known and designated as Richlieu Terrace Storm Water Sewer and Branches.

The Board of Commissioners of the
City of Newark, N. J.

W. J. Egan, City Clerk.

Newark, N. J., April 7, 1925.

A regular meeting of the Board of Commissioners of the City of Newark, N. J., was held on the above date in the Commissioners' Chamber, City Hall, at 11 A. M.

Present: Commissioners Brennan, Gillen, Howe, Raymond, Mayor Breidenbach.

The minutes of the previous meeting were read and approved.

Commissioner Raymond: Mr. Mayor, the negotiations between the North Jersey District Water Supply Commission and the various municipalities reached the point where all the towns have assented to a joint undertaking to develop one hundred million gallons of water daily in the Wanaque River—reached the point of practical conclusion, when Bayonne, which had held back failed to take the step required by the statute to indicate its willingness to come through, although it began the proceedings necessary to do so, but later the Commission over there referred the matter to the popular vote, or something. Anyway what they did would have so delayed the progress of this work, that it would have been a very serious handicap to the communities which are to be served by this water, if we had had to wait for them to get through playing politics. The result was that the Commission and the municipalities decided upon another course, when it turned out that the reservoir—the development could not be completed for the nine million dollars, the contract price of the first agreement made in 1916

Work went along for a while in the hope that the other towns would join, but as they did not join, I insisted upon a contract with the City of Newark fixing the status of Newark, fixing the right of Newark, and the result was that in January, 1924, the contract was entered into between the North Jersey District Water Supply Commission and the City of Newark, whereby the entire supply was to belong to Newark. The development was to be done for eighteen million dollars and was to yield a supply of one hundred million gallons per day. Newark was to have all the water, unless other municipalities applied for it, and other municipalities might apply, but the share of Newark should never be less than twenty-five million gallons per day.

Instead of proceeding under that contract, and permitting the municipalities to apply, they tried to make this joint agreement, which as I say, failed, because of Bayonne's action.

We have decided that the best way is to have these towns join in the contract, and to supply the water to the various towns along the lines necessary to add the cost of two million dollars for pipe lines, and other extensions of the service, so that the total contract price today is twenty million dollars, and Paterson, Passaic, Clifton, Kearny, Bloomfield, Glen Ridge and Montclair are all coming in as parties, which will leave the share of Newark at forty and a half million gallons per day.

I am advised by counsel, and it is my own judgment, that the right of the City of Newark to those forty million gallons is unconditional. Its rights cannot be divested by any action of any one,

except on Newark itself consenting to the taking of some of that water. When you consider the situation around here, the necessity for water, and when you consider that the city of Newark will be able to use this water either for itself or for its neighbors, and that it will be a supply of the finest water available in the State or possibly in this part of the country, I think we are making a very good bargain. We will be helped out to the extent of—our share will be nine million dollars, or a little over, and the other cities will contribute and will pay back to Newark such proportion of the payment which we have made, as are determined by the contract, which is not necessary for me to point out in detail now. It is all annexed here in a statement. They will pay us interest on the money which we have advanced from the time we have advanced it in accordance with the contract. It is a very advisable contract and undertaking for us, and a very desirable contract, and it leaves us in the position if we wish to dispose of part of the water which we are entitled to, with forty millions if we so desire later. I am presenting, and am not signing, because I am a member of the North Jersey—I am now presenting to this Commission and will ask you, Mr. Mayor, if you will follow them.

A contract modifying the existing contract between Newark and the North Jersey Commission.

With the North Jersey Commission and the City of Passaic.

Another with the North Jersey Commission and the Town of Kearny.

Another with the North Jersey Commission and the town of Montclair.

Another with the North Jersey Commission and the City of Paterson.

Another with the City of Clifton.

Another with the Borough of Glen Ridge.

Bloomfield is not quite ready

Passaic was so anxious to come in, that it has advanced its one hundred and fifty thousand dollars, its share, in advance.

We have already paid six million five hundred thousand dollars and our total share will be nine million some hundred thousand dollars to be paid within the next three years, so I think we are in a pretty fine position now.

Commissioner Gillen: You will need that forty million gallons. Take all our neighboring towns in, in five or six years you will need it.

Commissioner Raymond: I think we should be very glad that Bayonne backed out, as Bayonne was to get twenty millions in the contract.

Be It Resolved, by the Board of Commissioners of the City of Newark that the form of contract, a copy of which is hereto annexed, by and between the City of Passaic, the North Jersey District Water Supply Commission and the City of Newark, which has been executed by the City of Passaic, be and the same is

hereby approved by the City of Newark and that the Mayor and City Clerk of the City of Newark are hereby authorized and directed to execute and attest said contract on behalf of the City of Newark.

Yeas: Commissioners Brennan, Gillen, Howe, Mayor Breidenbach.

Mayor Breidenbach: Any citizen wish to be heard?

Mr. Eugene H. Meyer, 9 Fifth Street --Mr. Mayor and Commissioners, I represent a lot of people in the Market. I represent a business man alongside of the Market on this situation, that today the Market walk leading from Broad Street to the Market is being used by peddlers for the sale of various goods, mainly just now flowers, that interferes with the legitimate business of people properly established and paying taxes and it is interfering with them, I understand too, that these people are merely squatters, no one has a right to give them permission to

remain there I have been in communication with the Department of Development and Conservation, and they have written a letter to this Commission relative to that situation.

Commissioner Brennen: There has been prepared for introduction a resolution covering the City, at the Lackawanna Railroad, South Broad Street and other points.

Mr. Meyer: There may be a question in the minds of this Commission as to whether you have control over that walk.

Commissioner Brennen: We have included the walk.

Mr. Meyer: And the State objects to it by communication that should be in your hands this morning, as it was sent by special delivery from Trenton.

Mayor Breidenbach: It is in the hands of the City Clerk.

Mr. Meyer: We ask that immediate action be taken to clear that up. This is affecting the public Market, interfering with the sales, and as a tax payer I object, to it and I object to the squatters cluttering up the streets and these peddlers. I will ask that immediate action be taken.

The following communication was received and read.

State of New Jersey
Dep't of Conservation and Development
Morris Canal and Banking Company
Trenton, N. J., April 6, 1925.
The City Commissioners,
Newark, N. J.
Gentlemen:

It has been represented to me that un-

authorized persons are utilizing that portion of the Morris Canal east of Broad Street on the site of the old market for purposes of trade, to the detriment of the merchants who have stalls in the new market and to others in the vicinity. The Canal Company has not consented to this use of its property, preferring that this portion of the canal should be used by the public as a right of way for pedestrians going eastward from Broad Street, and the Company will appreciate whatever action the city authorities may see fit to take to preserve this section of the canal for this purpose.

Yours very truly,

Morris Canal and Banking Company

Henry B. Kummel,

General Manager.

Ordered referred to the Director of Public Safety.

Mayor Breidenbach introduced the following ordinance, and moved its adoption on first reading.

The clerk then read the ordinance as follows:

WHEREAS, The Board of Commissioners of the City of Newark believe that a majority of those who labor in the diversified industrial occupations of the City are in favor of an hour's daylight saving, and that it is beneficial for mental improvement and physical recreation;

THEREFORE, The Board of Commissioners of the City of Newark Do Ordain as follows:

1. That at 2 o'clock A. M. on the last Sunday in April, 1925, the standard time throughout the City of Newark shall be advanced one hour in all of the departments of the municipality over which the Board of Commissioners have jurisdiction, except that where time is fixed by any statute of this State, in which case the time shall be the standard time as fixed by such statute, and at 2 o'clock A. M., on the last Sunday in September, in the year 1925, such time shall be retarded one hour.

2. All ordinances and parts of ordinances inconsistent herewith be and the same are hereby repealed.

3. This ordinance shall take effect immediately.

The roll being called, the motion was declared adopted by the following votes:

In order to avoid the necessity of excavating and tearing up the improved portion of said street after the making of said improvements, the owners of any and all lands on the line of said improvement are hereby ordered and directed to make the necessary connections with the sewer, gas and water mains to the curb lines in said street for each lot fronting upon said street within thirty days (30) after the passage of this ordinance. Upon failure of any such owner to make or cause said connections to be made, the same will be made by the Department of Public Works in which case the costs and expenses of making said connections will be assessed upon the lands benefited. Each 25 feet of frontage upon said street for the purposes of this improvement shall be considered a lot.

Section 2. That said improvement shall be undertaken as a local improve-

ment and the cost thereof shall be assessed against the property benefited by said improvement, in proportion to the benefits received, under and by virtue of the provisions of the act above referred to.

Section 3. That the sum of \$23,300.00 is hereby appropriated to pay the cost of said improvement, and for the purpose of meeting said appropriation and temporarily financing said improvement, temporary bonds or notes shall be issued from time to time in an amount not to exceed \$23,300.00 under and by virtue of the provisions of an act entitled "An Act to authorize and regulate the issuance of bonds and other obligations and the incurring of indebtedness by county, city, borough, village, town, township, or any municipality governed by an improvement commission," approved March 22, 1916 (P. L. 1916-525) and the supplements thereto and amendments thereof, which bonds or notes shall bear interest at a rate of not to exceed six per centum per annum. All other matters in respect to such temporary bonds or notes shall be determined by the Director of the Department of Revenue and Finance who is hereby authorized to execute and issue said bonds or notes.

Section 4. That this ordinance shall take effect immediately and all ordinances or parts of ordinances inconsistent with the provisions of this ordinance, be and the same are hereby repealed.

to the City Line with asphalt pavement
($1\frac{1}{2}$ " top- $1\frac{1}{2}$ " binder) on a six (6) inch
concrete foundation.

The Board of Commissioners of the
City of Newark, Do Ordain:

Section 1. That Clinton Place from
Chancellor Avenue to the City Line shall
be graded, curbed, flagged and paved
with asphalt pavement ($1\frac{1}{2}$ " top- $1\frac{1}{2}$ "
binder) on a six (6) inch concrete founda-
tion, with the necessary new curbing
or resetting of curb, together with all the
appurtenances incidental to the paving

of said street, including the laying of con-
crete sidewalks at street intersections and
elsewhere wherever needed, and the lay-
ing or relaying of a sidewalk or side-

L. 1917-319), and the supplements thereto and amendments thereof, in accordance with the plans, specifications and profiles dated March 7th, 1925, and now on file in the office of the Department of Public Works.

In order to avoid the necessity of excavating and tearing up the improved portion of said street after the making of said improvement, the owners of any and all lands on the line of said improvement, are hereby ordered and directed to make the necessary connections with the sewer, gas and water mains to the curb lines in said street for each lot fronting upon said street within thirty (30) days after the passage of this ordinance. Upon failure of any such owner to make or cause said connections to be made, the same will be made by the Department of Public Works in which case the costs and expenses of making said connections will be assessed upon the lands benefited. Each 25 feet of frontage upon said street

for the purposes of this improvement shall be considered a lot.

Section 2. That said improvement shall be undertaken as a local improvement and the cost thereof shall be assessed against the property benefited by said improvement, in proportion to the benefits received, under and by virtue of the provisions of the act above referred to.

Section 3. That the sum of \$12,900.00 is hereby appropriated to pay the cost of said improvement and for the purpose of meeting said appropriation and temporarily financing said improvement, temporary bonds or notes shall be issued from time to time in an amount not to exceed \$12,900.00 under and by virtue of the provisions of an act entitled "An Act to authorize and regulate the issuance of bonds and other obligations and the incurring of indebtedness by county, city, borough, village, town, township, or any municipality governed by an improvement commission," approved March 22, 1916 (P. L. 1916-525) and the supplements thereto and amendments thereof, which bonds or notes shall bear interest at a rate of not to exceed six per centum per annum. All other matters in respect to such temporary bonds or notes shall be determined by the Director of the Department of Revenue and Finance who is hereby authorized to execute and issue said bonds or notes.

Section 4. That this ordinance shall take effect immediately and all ordinances or parts of ordinances inconsistent with the provisions of this ordinance, be and the same are hereby repealed.

An ordinance to provide for the paving of Wainwright Street from Lyons Avenue to Chancellor Avenue with as-

phalt concrete pavement (1¼ in top—1 in. binder) on a six (6) inch concrete foundation.

The Board of Commissioners of The City of Newark, Do Ordain:

Section 1. That Wainwright Street from Lyons Avenue to Chancellor Avenue shall be paved with asphalt concrete pavement (1¼ in. top—1 in. binder) on a six (6) inch concrete foundation, with the necessary new curbing or resetting of curb, together with all other appurtenances incidental to the paving of said street, including the laying of concrete sidewalks at street intersections and elsewhere wherever needed, and the laying or relaying of a sidewalk or sidewalks, or such portion or portions of sidewalks as may be disturbed or may become necessary or expedient, or the grade of which may be affected on account of the laying of the pavement or the setting or resetting of the curb, under and by virtue of the provisions of an act entitled "An Act Concerning Municipalities," approved March 27, 1917, (P. L. 1917-319) and the supplements thereto and amendments thereof, in accordance with the plans, specifications and profiles dated March 7th, 1925, and now on file in the office of the Department of Public Works.

In order to avoid the necessity of excavating and tearing up the improved portion of said street after making of said improvement, the owners of any and all lands on the line of said improvement are hereby ordered and directed to make the necessary connections with the sewer, gas and water mains to the curb lines in said street for each lot fronting upon said street within thirty (30) days after the passage of this ordinance. Upon

failure of any such owner to make or cause said connections to be made, the same will be made by the Department of Public Works, in which case the costs and expenses of making said connections will be assessed upon the lands benefited. Each 25 feet of frontage upon said street for the purposes of this improvement shall be considered a lot.

Section 2. That said improvement shall be undertaken as a local improvement and the cost thereof shall be assessed against the property benefited by said improvement, in proportion to the benefits received, under and by virtue of the provisions of the act above referred to.

Section 3. That the sum of \$18,500.00 is hereby appropriated to pay the cost of said improvement, and for the purpose of meeting said appropriation and temporarily financing said improvement, temporary bonds or notes shall be issued from time to time in an amount not to exceed \$18,500.00 under and by virtue of the provisions of an act entitled "An Act to authorize and regulate the issuance of bonds and other obligations and the incurring of indebtedness by county, city, borough, village, town, township, or any municipality governed by an improvement commission," approved March 22, 1916, (P. L. 1916-525) and the supplements thereto and amendments thereof, which bonds or notes shall bear interest at a rate of not to exceed six per centum per annum. All other matters in respect to such temporary bonds or notes shall be determined by the Director of the Department of Revenue and Finance, who is hereby authorized to execute and issue said bonds or notes.

Section 4. That this ordinance shall take effect immediately and all ordi-

nances or parts of ordinances inconsistent with the provisions of this ordinance, be and the same are hereby repealed.

Mayor Breidenbach: Is there any citizen who wishes to be heard?

Mr. Eugene H. Meyer: I appeared a few months ago and addressed this Commission. I did not hear that there was any action taken in the matter that I brought up before this Board or that there was any disposition made of it. I appreciate the courtesy of listening, but in view of the situation which exists, I ask that immediate action be taken.

Mayor Breidenbach: An Ordinance was introduced today.

Mr. Meyer: It is merely a question of action. Here are peddlers on this walk, plying their goods on this walk, making a permanent stand on this walk. I understand these men have no peddler's license. I cannot conceive of any one in Newark having the power to give them permission to stay there.

Commissioner Brennen: There is power vested in the Superintendent of Parks to give permission on streets adjacent to the Market to sell and vend.

Mr. Meyer: In this case I understand that your Engineers Department feel that Newark has no control of that walk. It is not a public street.

Mr. Congleton: It is not a public street, but the City of Newark has jurisdiction in my opinion over that walk that there is under a contract entered

into years ago between the Lehigh Valley Railroad Company and the City, and we can build any building that we please there, so that I take the stand that the City of Newark has absolute jurisdiction over the concrete walk or whatever you may call it.

Mr. Meyer: Then I will ask in behalf of the stand owners in behalf of the City, which has its money invested in that market, that the Commissioner in control, to stop a condition to exist which interferes with the income to exist stand holders in that market, putting them under a lease. We have been forced to reduce the rents in that market because of the lack of business and now we are doing things which will create further loss to those holders who are there all the year round, who are tax payers and continue as business men.

Commissioner Howe: In reply I would say that I would suggest that this matter be referred to Director Gillen for investigation and if the law is being violated and the rights of the Market men being interfered with, that we will take such action as may be necessary to have it discontinued.

Mr. Meyer: We have already taken it up with Commissioner Gillen with the result that the situation is as it is.

Commissioner Gillen: Mr. Meyer represents in some fashion, a gentleman named Penek. He does not represent merchants in the market. Mr Penek is one of the merchants in the Market. Mr. Penek has a flower store on South Canal Street right off Broad Street and and he has had that store for along time

and there is no greater violator in this City today than Mr. Penek, his client, of the ordinance and laws of the City of Newark, if they are to be considered violations because he takes up all of the sidewalk, he covers the sidewalk around that building with a flower display of every description and kind. Mr Penek does not want any opposition in the City of Newark, he would like to have every flower merchant in Newark put out of business.

On the walk opposite Mr. Penek's Store is a little place near Broad Street which is turned over to a blind man who used to be in the Market and lost his sight, a man named Bocaro, and he is trying to make a living for himself and is renting a little news stand right on the corner and then in back of him during the easter week several applications were made by people in the flower business to sell flower pots for the convenience of those patrons of the Market who didn't want to carry too much stuff from the Market to the cars on Broad Street. These flower pots are clumsy and hard to handle, and at the solicitation of a great many patrons of the market and for their convenience I permitted a couple of flower merchants to sell flowers in front right on the old Centre Market floor near Broad Street. They are not going to destroy the Centre Market nor the flower business. In past years when the old Centre Market was in operation, outside of the Market selling flowers instead of having two extra merchants we used to give permits to thirty, forty, fifty and sixty and as high as a hundred florists there all over the whole state. They sold all around Mr. Penek. Mr. Penek knows that and Mr. Meyers knows Mr. Penek wants to cover all his sidewalk but he does not want any one else

in Newark to violate the law. I say if there is any violation he can go to court and not take the time of this Commission flabbergasting for a client who is violating the law every week.

Mayor Breidenbach: Any other person wish to be heard?

Commissioner Howe: I move we adjourn.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brennen, Gillen, Howe, Raymond, Mayor Breidenbach.

An ordinance to provide for the construction of a system of sewers to be known and designated as "Mt. Vernon Place Sewer and Branches, Section 2.

The Board of Commissioners of The City of Newark, Do Ordain:

Section That a system of sewers

to be known and designated as "Mt. Vernon Place Sewer and Branches, Section 2," shall be constructed as follows: in Mt. Vernon Place from Ellery Avenue to Florence Avenue, Florence Avenue from Mt. Vernon Place to Varsity Road and in Varsity Road between Richelieu Place and Eastern Parkway. The sewer in Mt. Vernon Place to be fifty-one (51) inches in diameter, in Florence Avenue from Mt. Vernon Place for a distance of about 500 feet northerly, thirty-nine (39) inches, from this point for a further distance of about 450 feet thirty-six (36) inches and from the last named point to Varsity Road thirty-three (33) inches. In Varsity Road between Florence Avenue and Eastern Parkway to be twenty-four (24) inches and between Florence Avenue and Richelieu Place fifteen (15) inches in diameter. All of the above sewers to be constructed of reinforced concrete pipe and to be used for storm water only. Together with sewers for house sewage only in Mt. Vernon Place from Ellery Avenue to Florence Avenue, Florence Avenue from Mt. Vernon Place to Varsity Road, Varsity Road between Montrose Street and Richelieu Place, Eastern Parkway from Varsity Road for a distance of about 150 feet northerly and Oakland Terrace from Varsity Road for a distance of about 450 feet northerly. The sewer in Mt. Vernon Place to be twelve (12) inch pipe, in Florence Avenue ten (10) inch pipe and the balance eight (8) inch pipe. Together with all the appurtenances necessary to complete the same in accordance with the plans, specifications and profiles dated February 6th, 1925, and now on file in the office of the Department of Public Works, under and by virtue of the provisions of an act entitled "An Act Concerning Municipali-

ties," approved March 27, 1917, (P. L. 1917-319) and the supplements thereto and amendments thereof.

Section 2. That said improvement shall be undertaken as a local improvement and the cost thereof shall be assessed against the property benefited by said improvement, in proportion to the benefits received, under and by virtue of the provisions of the act above referred.

Section 3. That the sum of \$35,000.00 is hereby appropriated to pay the cost of said improvement, and for the purpose of meeting said appropriation and temporarily financing said improvement, temporary bonds or notes shall be issued from time to time in an amount not to exceed \$35,000 under and by virtue of the provisions of an act entitled "An Act to authorize and regulate the issuance of bonds and other obligations and the incurring of indebtedness by county, city, borough, village, town, township, or any municipality governed by an improvement commission," approved March 22, 1916, (P. L. 1916-525) and the supplements thereto and amendments thereof, which bonds or notes shall bear interest at a rate not to exceed six per centum per annum. All other matters in respect to such temporary bonds or notes shall be determined by the Director of the Department of Revenue and Finance, who is hereby authorized to execute and issue said bonds or notes.

J., be fixed as the time and place when and where said ordinance will be further considered for final passage, and that the City Clerk be and he is hereby directed to publish said ordinance and give public notice of its introduction and passage on first reading as provided by law.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brennan, Gillen, Howe, Mayor Breidenbach.

Commissioner Brennan introduced the following ordinance, and moved its adoption on first reading.

The clerk then read the ordinance as follows:

An ordinance to provide for the grading, curbing, flagging and paving of North 10th Street from Second Avenue to Bloomfield Avenue with asphalt pavement (1½ in. top—1½ in. binder) on a six (6) inch concrete foundation.

The Board of Commissioners of The City of Newark, Do Ordain:

Section 1. That North 10th Street from Second Avenue to Bloomfield Avenue shall be graded, curbed, flagged and paved with asphalt pavement (1½ in. top—1½ in. binder) on a six (6) inch con-

crete foundation, with the necessary new curbing or resetting of curb, together with all other appurtenances incidental to the paving of said street, including the laying of concrete sidewalks at street intersections and elsewhere wherever needed, and the laying or relaying of a sidewalk or sidewalks, or such portion or portions of sidewalks as may be disturbed or may become necessary or expedient, or the grade of which may be affected on account of the laying of the pavement or the setting or resetting of the curb, under and by virtue of the provisions of an act entitled "An Act Concerning Municipalities," approved March 27, 1917, (P. L. 1917-319) and the supplements thereto, and amendments thereof, in accordance with the plans, specifications and profiles dated April 11, 1925, and now on file in the office of the Department of Public Works.

In order to avoid the necessity of excavating and tearing up the improved portion of said street after the making of said improvement, the owners of any and all lands on the line of said improvement are hereby ordered and directed to make the necessary connections with the sewer, gas and water mains to the curb lines in said street for each lot fronting upon said street within thirty (30) days after the passage of this ordinance. Upon failure of any such owner to make or cause said connections to be made, the same will be made by the Department of Public Works, in which case the costs and expenses of making said connections will be assessed upon the lands benefited. Each 25 feet of frontage upon said street for the purposes of this improvement shall be considered a lot.

Section 2 That said improvement

shall be undertaken as a local improvement and the cost thereof shall be assessed against the property benefited by said improvement, in proportion to the benefits received, under and by virtue of the provisions of the act above referred to.

Section 3. That the sum of \$41,100.00 is hereby appropriated to pay the cost of said improvement, and for the purpose of meeting said appropriation and temporarily financing said improvement, temporary bonds or notes shall be issued from time to time in an amount not to exceed \$41,100.000 under and by virtue of the provisions of an act entitled "An Act to authorize and regulate the issuance of bonds and other obligations and the incurring of indebtedness by county, city, borough, village, town, township, or any municipality governed by an improvement commission," approved March 22 1916, (P. L. 1916-525) and the supplements thereto and amendments thereof, which bonds or notes shall bear interest at a rate of not to exceed six per centum per annum. All other matters in respect to such temporary bonds or notes shall be determined by the Director of the Department of Revenue and Finance, who is hereby authorized to execute and issue said bonds or notes.

Section 4. That this ordinance shall take effect immediately and all ordinances or parts of ordinances inconsistent with the provisions of this ordinance be and the same are hereby repealed.

Commissioner Brennan moved that May 5th, 1925, at 10 A. M. Standard Time, 11 A. M. Daylight Saving Time, or as soon thereafter as said matter can be reached, and the Board's meeting

room, second floor, City Hall, Newark, N. J., be fixed as the time and place when and where said ordinance will be further considered for final passage, and that the City Clerk be and he is hereby directed to publish said ordinance and give public notice of its introduction and passage on first reading as provided by law.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brennan, Gillen, Howe, Mayor Breidenbach.

Commissioner Brennan introduced the following ordinance, and moved its adoption on first reading.

Each 25 feet of frontage upon said street for the purposes of this improvement shall be considered a lot.

Section 2. That said improvement shall be made by the City of Newark, in

accordance with an agreement between the Township of Hillside and the City of Newark, setting forth the work to be undertaken, the plans and specifications therefor, and that fifty (50) per cent of the cost shall be borne by the City of Newark and fifty (50) per cent of the cost (which cost shall include advertising, inspection of the work and engineering), shall be paid to The City of Newark by the township of Hillside, when and as often as an estimate, certified by the Chief Engineer, showing the completion of a definite portion of the work shall be passed and approved for payment by the Board of Commissioners of the City of Newark and certified to the Township of Hillside.

Section 3. That in order to temporarily finance said improvement, the sum of seventeen thousand three hundred dollars (\$17,300.00) is hereby appropriated and temporary bonds or notes shall be issued from time to time to meet the cost thereof, under and by virtue of the provisions of an act entitled "An Act to authorize and regulate the issuance of bonds and other obligations and the incurring of indebtedness by county, city, borough, village, town, township, or any municipality governed by an improvement commission," approved March 22, 1916, (P. L. 1916-525) and the supplements thereto and amendments thereof, which bonds or notes shall bear interest at the rate not to exceed six per centum per annum. All other matters in respect to such temporary bonds or notes shall be determined by the Director of the Department of Revenue and Finance who is hereby authorized to execute and issue said bonds or notes.

Section 4 That upon the passage of

this ordinance the Director of the Department of Public Works and the City Clerk be and are hereby authorized and directed to execute a contract with the Township of Hillside on behalf of the City of Newark, containing the provisions of this ordinance.

Section 5. That this ordinance shall take effect immediately and all ordinances or parts of ordinances inconsistent with the provisions of this ordinance, be and the same are hereby repealed.

The following communications were received and read:

Women's Church Federation of
Newark, New Jersey

April 11th, 1925.

The Board of Commissioners of
The City of Newark.

Gentlemen:

On Tuesday next it will be five weeks since the fifty or more representatives of the Federation of Church Women of Newark appeared before you, and in the interest of better civic government, requested two things from you—first, an ordinance for the removal of screens from the windows and doors of the hundreds of saloons in our city; second, a reorganization of our police department in the interest of better law enforcement. We have seen no evidence of action nor any desire or purpose to act in either matter, though we have been put off with various vague and delaying statements.

Three weeks ago we submitted a proposed brief, simple and uncomplicated anti-screen ordinance. In principle it had just been upheld by our highest court and it was the same in spirit as the provisions of the old Bishop's law. Dover, Kearny and Camden profit by such a local provision.

We frankly can see no good reason why you gentlemen should hesitate or delay to enact such an ordinance, if you are sincerely seeking better civic conditions in Newark. To complicate it with some other proposed or suggested ordi-

nance is simply to beg the question.

We shall await the outcome of your meeting on Tuesday with interest.

Yours respectfully,

ADA W. SCHINDEL,

President.

Commissioner Brennan: I move the letter be received and referred to the Corporation Counsel and to me. We are not ready yet in our consideration of the requests.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commisisoners Brennan, Gillen, Howe, Mayor Breidenbach.

Joslin Construction Company, Inc.,

354 West 24th Street,

New York City, April 13, 1925.

Hon. Fred C. Breidenbach,

City Hall,

Newark, N. J.

My dear Mayor:

At a conference with Mr. Tex Rickard he mentioned the fact that you might be interested in the transplanting of the Madison Square Garden building in the City of Newark.

We have been awarded the contract to dismantle the Garden and are the owners of all of the material composing said

structure, and we are in a position to furnish drawings and re-erect same on a suitable site at a very reasonable cost.

The writer will be very pleased to call on you and go into this matter in detail, if you are interested.

Yours very truly,

Joslin Construction Company, Inc.,

John J. Devlin, President.

Ordered referred to the Mayor.

A communication from Mother's Day International Association, Inc., soliciting aid in preventing peddlers and other infringers from obtaining public funds through Mother's Day celebrations the first two weeks in May, was received, read and on motion ordered referred to the Director of Public Safety.

A communication from the Board of Managers, New Jersey Commission for The Blind, extending an invitation to formally open their "Week for the Blind" at 1003 Broad Street, on Monday evening, April 20th, 1925, was received and read.

Commissioner Brennan: I move the invitation be accepted and as many of the Commissioners as find it convenient attend.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brennan, Gillen, Howe, Mayor Breidenbach.

L. 1917-319) and the supplements thereto and amendments thereof, in accordance with the supplements thereto and amendments thereof, in accordance with the plans, specifications and profiles dated April 17th, 1925, and now on file in the office of the Department of Public Works.

In order to avoid the necessity of excavating and tearing up the improved portion of said street after the making of said improvement, the owners of any and all the lands on the line of said improvement, are hereby ordered and directed to make the necessary connections with the sewer, gas and water mains to

the curb lines in said street for each lot fronting upon said street within thirty (30) days after the passage of this ordinance. Upon failure of any such owner to make or cause said connections to be made, the same will be made by the Department of Public Works, in which case the costs and expenses of making said connections will be assessed upon the lands benefited. Each 25 feet of frontage upon said street for the purposes of this improvement shall be considered a lot.

Section 2. That said improvement shall be undertaken as a local improvement, and the cost thereof shall be assessed against the property benefited by said improvement, in proportion to the benefits received, under and by virtue of the provisions of the act above referred to.

Section 3. That the sum of \$3,800.00 is hereby appropriated to pay the cost of said improvement, and for the purpose of meeting said appropriation and temporarily financing said improvement, temporary bonds or notes shall be issued from time to time in an amount not to exceed \$3,800.00 under and by virtue of the provisions of an act entitled "An Act to authorize and regulate the issuance of bonds and other obligations and the incurring of indebtedness by county, city, borough, village, town, township, or any municipality governed by an improvement Commission," approved March 22, 1916, (P. L. 1916-525) and the supplements thereto and amendments thereof, which bonds or notes shall bear interest at a rate of not to exceed six per centum per annum. All other matters in respect to such temporary bonds or notes shall be determined by the Director of the Department of Revenue and Finance

who is hereby authorized to execute and issue said bonds or notes.

Section 4. That this ordinance shall take effect immediately and all ordinances or parts of ordinances inconsistent with the provisions of this ordinance, be and the same are hereby repealed.

An Ordinance to provide for the construction of a pipe sewer in Keer Avenue from Clinton Place to Bayview Avenue.

The Board of Commissioners of the City of Newark, Do Ordain:

Section 1. That a pipe sewer shall be constructed in Keer Avenue from Clinton Place to Bayview Avenue. The part from Clinton Place to Aldine Street to be twenty-one (21) inch pipe, from Aldine Street to Crescent Avenue fifteen (15) inch pipe and from Crescent Avenue to Bayview Avenue twelve (12) inch pipe. This sewer to be used for storm water only. Together with an eight (8) inch pipe sewer for house sewage only from Clinton Place to Al-

dme Street, this sewer to be constructed with house connections to the curb lines together with all the appurtenances necessary to complete the same in accordance with the plans, specifications and profiles dated April 17th, 1925, and now on file in the office of the Department of Public Works. Under and by virtue of the provisions of an act entitled "An Act concerning Municipalities" approved March 27, 1917 (P. L. 1917-319) and the supplements thereto and amendments thereof.

Section 2. That said improvement shall be undertaken as a local improvement and the cost thereof shall be assessed against the property benefitted by said improvement, in proportion to the benefits received, under and by virtue of the provisions of the act above referred to.

Section 3. That the sum of \$7,000.00 is hereby appropriated to pay the cost of said improvement, and for the purpose of meeting said appropriation and temporarily financing said improvement, temporary bonds or notes shall be issued from time to time in an amount not to exceed \$7,000.00 under and by virtue of the provisions of an act entitled "An act to authorize and regulate the issuance of bonds and other obligations and the incurring of indebtedness by county, city, borough, village, town, township, or any municipality governed by an improvement commission," approved March 22, 1916 (P. L. 1916-525) and the supplements thereto and amendments thereof, which bonds or notes shall bear interest at a rate of not to exceed six per centum per annum.

All other matters in respect for such temporary bonds or notes shall be de-

termined by the Director of the Department of Revenue and Finance who is hereby authorized to execute and issue said bonds or notes.

A regular meeting of the Board of Commissioners of the City of Newark, N. J., was held on the above date, in the Commissioners' Chamber, City Hall, Newark, at 11 A. M.

Present; Commissioners Brennan, Gil-
len, Howe, Raymond, Mayor Breiden-
bach.

The minutes of meeting of April 21st
were read and approved.

The City Clerk presented "An ordi-
nance for the construction of a sewer for
house sewage only in Carolina Avenue
from University Place to a point about
60 feet north of Eighteenth Avenue,
with a branch in Eighteenth Avenue
from Carolina Avenue easterly to the
Irvington Line, together with a pipe
sewer for storm water only in Eigh-
teenth Avenue from Carolina Avenue
westerly to the main Vailsburg drain,"
and stated that today was the time fixed
for hearing on the same.

The Board then entered upon said
hearing.

Mayor Breidenbach: Any citizen
wish to be heard?

(No response.)

No one appearing, Commissioner Gil-
len moved that the hearing be closed.

The clerk then read the title of the ordinance as follows:

An ordinance to provide for the construction of a sewer for house sewage only in Carolina Avenue from University Place to a point about 60 feet north of Eighteenth Avenue, with a branch in Eighteenth Avenue from Carolina Avenue easterly to the Irvington Line, together with a pipe sewer for storm water only in Eighteenth Avenue from Carolina Avenue westerly to the main Vailsburg drain.

The ordinance having been read three times was then declared to be upon its third and final passage.

The roll being called, the ordinance was declared adopted by the following votes:

Yeas: Commissioners Brennan, Gillen, Howe, Raymond, Mayor Breidenbach.

The City Clerk presented "An ordinance to provide for the construction of a storm water sewer in Forest Hill Parkway from Heller Parkway to Grafton Avenue and in Grafton Avenue from Forrest Hill Parkway to Highland Avenue", and stated that today was the time fixed for hearing on the same.

The Board then entered upon said hearing.

Mayor Breidenbach: Any citizen wish to be heard?

Mr. Thomas J. Mooney, 233 Grafton Avenue: I represent some of the property owners up in that section. This same proposition has come up two or three times. The citizens in that neighborhood object to being assessed for this particular sewer. They do not think it is necessary at the present time. We filed a petition with Commissioner Raymond with practically all the residents of that section as signers. I believe over ninety per cent of the people in that neighborhood have signed that petition. We do not see any necessity for the sewer.

Commissioner Raymond: Your house is in this section?

Mr. Mooney: Yes, sir, corner of Lake and Grafton. The people feel there is a natural drainage there. The water comes through Grafton Avenue and runs down to the low-lands and it is all absorbed there. We do not feel we should be subjected to an assessment on it. Most of the people in that neighborhood have had assessments for paving, and they feel they are burdened at this time very much, and they should not be compelled to pay an additional assessment here.

Commissioner Raymond: Eventually we will have to drain that street.

Mr. Mooney: Perhaps eventually, but I do not see the necessity of running a

sewer up to Grafton Avenue. I should think catch basins would be sufficient. The natural drainage would take care of it. When the park goes through they should put catch basins down near the park.

Mr. Costello: The Grafton Avenue sewer would connect with the Forrest Hill Parkway sewer.

Mr. Mooney: Yes, but put your sewers down at the base. There is a natural drainage.

Commissioner Raymond: You mean to have catch basins at the foot of the street? I think we can put this drainage in later by putting it under the sidewalk, if we need it. At this time I think you can let it go, and pave this street without putting this through. I move that the ordaining clause be stricken out.

Mr. Heller: I do approve of that, if it is done with the understanding that the paving will go in immediately, and at such time as the Engineering Department will decide it is proper, that the sewer be put in.

Commissioner Raymond: This Commission cannot put in paving ordinances. If we are here again the probabilities are it will go through. We can't legally put them in now.

Mr. Congleton: There is not sufficient time to pass them before the termination of this term of office.

Mr. Heller: Is there not such an ordinance?

Mr. Costello: It has not been introduced.

Commissioner Ryamond: It cannot be put in under this Commission. I think you will have no trouble in having that section developed. I have moved that the ordinaning clause be stricken out.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brennan, Gillen, Howe, Raymond, Mayor Breidenbach.

The City Clerk presented "An ordinance to provide for the resurfacing of Lincoln Avenue from Arlington Avenue to Elwood Avenue with asphalt pavement (1½" top-1½" binder) on the old telford foundation", and stated that today was the time fixed for hearing on the same.

The Board then entered upon said hearing.

Mayor Breidenbach: Any citizen wish to be heard?

Miss Shapiro, 99 Lincoln Avenue: I object, on behalf of several of the residents on Lincoln Avenue. I will read to you, Mr. Mayor and Commissioners, a part of the petition that I have prepared. We have about sixty-one signers of one hundred and one property owners on that street. The undersigned allege that such unnecessary improvement will levy a further burden on the present property owners who are already sufficiently taxed. They further allege that the present condition of the street does not warrant this additional expenditure, nor is it at the present time in need of im-

provement. They further allege that the amount as provided for in the ordinance is an amount uncalled for, and most excessive." There are several of the other objectors here who are property owners on that street, who know more about the repaving of that particular street. Mr. Knapp and Mr. Comstock would like to have something to say.

The petition was then presented by Miss Shapiro and ordered filed.

Mayro Breidenbach: That has the signatures of a majority of the property owners?

Miss Shapiro. Yes, Sir.

Commissioner Raymond: That is to be resurfaced and is to be resurfaced with asphalt, but I think if sixty-one out of one hundred property owners do not want it, and it is not a main arterial street, and there is no very cogent argument why it should be done, and unless there is I would be glad to accede to the wishes of the owners.

Miss Shapiro: Out of a total of 5800 feet we have 4090 feet.

Commissioner Raymond: There is no particular reason why it needs paving, but it would be better to pave it.

Mayor Breidenbach: Does any sitizen wish to speak for the paving of Lincoln Avenue?

Mr. James A. Berry: I have listened to the reading of the remonstrance. I see nothing therein that is not really a stereotype. I well remember, Commiss-

ioner Raymond, if you please, several years ago this same subject came up and there were protests at that time. I think probably it was five years ago. At that time you took the same attitude you have fairly taken today, in a way. At that time there being objection you said no harm would ensue by reason of adjourning this improvement for another year. One year went by, and another, and still another, and another, and still more and nothing was done. In the meantime, however, it again came up and was put over for some reason or other.

I think one of the answers to the statement made would be this: We, on Lincoln Avenue, claim the right to go out on the other fellow's smooth pavement in our machines, and take advantage of it.

It seems just a little bit one-sided that the other people cannot drive on our street. Lincoln Avenue, I certify to you as an alleged real estate expert, has suffered by reason of the pavement. It is a very lovely street and all it needs to finish it and exhibit its real qualities is a smooth pavement. None of us like to part with money, but I am frank to say to you, that those who are opposing the paving of Lincoln Avenue, are perhaps unwittingly standing in the way of the increment that would attach to their values by reason of the paving. I have paid many thousands of dollars to Newark for street paving. I never knew yet, regardless of the cost for laying a smooth pavement. I never knew the time when that improvement was not worth double what it cost. It is a real sales man of property

No one today craves on Lincoln Avenue. I challenge you, or your Board to take your machines and go through that street and then I would like to ask you if you would like to repeat that trip, particularly in the season between late fall and early spring. Those who live on that street and have machines cannot get off it too quickly on to your smooth pavement and my smooth pavement. I live on the north corner—the most northerly end of the street, and face Elwood Avenue. I have paid for one hundred and twenty feet of street paving on Elwood Avenue. I am the least concerned in whether you pave Lincoln Avenue or not. It matters not to Mr. Berry personally whether that street be paved or not, except as a more or less progressive citizen, and I claim the public is entitled to drive over that street in the same measure as the other drivers have the right to go on other paved streets. We ask you to go through with your promise of a few years ago.

Mayor Breidenbach: Any other citizen wish to be heard?

Mr. John A. Stehlin, 63 Lincoln Avenue: I agree with everything Mr. Berry has stated. The petition filed and read stated that it was not a necessary improvement. I consider it a very necessary improvement, and while some of the owners feel the cost is excessive, I feel, like Mr. Berry, that the cost would be insignificant compared to the increase in property values. I think, Mr. Mayor, and Commissioners it would be doing a good thing for the property owners on that street if you would repave it.

Mayor Breidenbach: Any other citizen

zen in favor of the paving of Lincoln Avenue?

Mr. Pasco: I live on Lincoln Avenue. I own eighty-five feet, and I think the street is in a deplorable condition. My number is 197. In the winter time the snow is piled up heavily in the street and the trucks won't go through, nor the plows. The street needs attention and needs it badly, and I am heartily in favor of it.

Twenty-three thousand dollars for that distance is not very much and I think we need it. It has got to be done some time, and we are only putting it off for a matter of weeks.

Mayor Breidenbach: Any other citizens in favor of the paving?

(No response.)

Mayor Breidenbach: We will hear anyone opposed to the paving.

Mr. Knapp: The paving of Lincoln Avenue as proposed, as we set forth in our petition, is regarded by the majority of the property owners as uncalled for. It can be repaired. The street could be put in good shape by surfacing it with macadam with a proper binder. The street now has a temporary base and you intend to put an asphalt top on it, which will last from three to five years, due to the traffic that will be routed over it. The trucks will use it in preference to other streets.

Commissioner Raymond: This type of pavement has lasted for years on Sussex Avenue, the same form of pavement. It is very durable. High Street

is done that way. It will have a perfectly good life of twenty years. I think I can't go along with you on that.

Mr. Knapp: I can't cite any cases such as you do. But the trucks will be routed over that street. It is purely a residence street. You can go from one end to the other and you won't find a store or business of any kind. Truck drivers will use that instead of Washington Avenue. No truck driver will follow a trolley car if he can go down a side street and save time. Lincoln Avenue won't be protected as well as Broad Street as far as keeping the trucks off it is concerned. You will turn it into a sub-artery, to the detriment of the property owners on that street. I left Broad Street, due to the fact that I couldn't rest from two o'clock in the morning.

Further, I can't quite agree with the Commissioner in his saying the pavement would last. The building of roads is being changed every year. We will be up against something that will come up again and we will be paying five dollars a front foot now, and in the course of a comparatively short time a further assessment for the repairing of that street. We have to stand the brunt of the repairs made on that street, and I don't think it is fair in view of the fact that a majority of the front footage, as well as a majority of the property owners have decided that they don't want it.

Commissioner Raymond: Experience has shown that that paving lasts. They paving that way all over the country, and if the other streets haven't broken down in the last five years, your street surely won't. The repairs are made by the city.

Mr. Knapp: There has been no repairs made in the last several years.

Commissioner Raymond: I also want to explain this. The base in that street is a telford base, and the sooner that telford base is used for repaving the better. If it is worn out it will make the resurfacing more expensive. I feel this way about these pavements, that a street like Lincoln Avenue is not a main artery and the property owners should, I think, control the matter of paving. They pay for it, and a majority should control it. That would not be so on Bloomfield Avenue or Broad Street, where we would be obliged to pave whether the property owners like it or not, and where the great brunt of the cost is upon the city at large. I thoroughly agree with what Mr. Berry says, that so far as your own interest is concerned it would be better to pave the street.

It improves the property, and of course it should be done from other points of view, but since it is opposed by such a large majority of the property owners I will move that the ordaining clause be stricken out.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brennan, Gillen, Howe, Raymond, Mayor Breidenbach.

on the same.

The Board then entered upon said
hearing

Mayor Breidenbach: Aay citizen wish to be heard?

Mr. F. Neuberger, 385 Chadwick Avenue, I represent the property owners on Chadwick Avenue. We feel it does not need resurfacing at the present time. The street is in bad condition at the top of the hill and at the bottom of the hill, and it has not been repaired for along time but the main part of the street does not need it at the present time.

Mayor Breidenbach: Any other citizen?

Mr. William M. Lamb, 311 Chadwick Avenue: I just want to call your attention to the fact that most of the property owners have objected to this. We would object to the resurfacing of the whole street. The middle is all right, but what condemns the whole street is the condition of the two ends. The middle is good enough, and when your middle is all right, you are all right.

Commissioner Raymond: I move that the ordaining clause be stricken ont.

The City Clerk presented "An ordinance to provide for the grading, curbing, and flagging of Van Vechten Street from Frelinghuysen Avenue to Sedgewick Street", and stated that today was the time fixed for the hearing on the same.

The Board then entered upon the said hearing.

Mayor Breidenbach: Does any other citizen wish to object to the pavement of Van Vechten Street:

(No response).

Mayor Breidenbach: Anyone in favor of it.

Mr. Stewart Lindsley, Calumet Street: I put in a protest to the improvement of this street. We are fronting on Frelinghuysen Avenue. I have no objection to the grading of this street, and I have no objection to the curbing of it, but I think the flagging would be an unnecessary expense at the present time, and would not improve the property in the least bit. The property back of mine the owners of it evidently wish to have it improved, and if they wish to improve their own block they can do their own flagging. There are no houses anywhere on the line. It is absolutely open land. Van Vechten Street is only a partial improvement. It does not run through to the city line, and it is only three blocks long, and I can't see that the flagging would be of any benefit at all.

Commissioner Raymond: How much frontage have you?

Mr. Lindsley: Two hundred and fifty feet.

Commissioner Raymond: Where?

Mr. Lindsley: On Frelinghuysen Avenue. I have no objection to the grading. I think it would be a good idea to have the street graded, and perhaps curbed, but I certainly don't want to go to the expense of flagging that whole front at the present time.

Mayor Breidenbach: Anyone in favor of the improvement?

Mr. Joseph L. Feibleman: Mr. Mayor and Gentlemen, I would like to talk in behalf of a number of property owners on these various streets, which include Hanford Street, Ludlow Street, Van Vechten Street. We represent owners of over two thousand feet in this vicinity. On Van Vechten Street we have four hundred feet. We have about seven blocks, altogether, here. There it probably sixty and more odd blocks, and we heartily are in favor of asking the indulgence of you Commissioners to not only pave the streets but to put in public improvements here. There is a great demand for homes in this vicinity. Only recently we finished an operation of a number of homes, and these homes were purchased by very desirable owners as soon as they were built, and we stand ready to build a number of homes right in this vicinity. We bought this property a couple of years ago at public sale, and we have been very anxious to have everything, sewerage, water, gas, electricity, paving, and we have had demands from fifty or seventy-five people that want to purchase homes. It is a location near the Durant Motor Company, and there are a lot of factories a short distance away, where there is a big demand, and we are doing something for ourselves as well as for Newark.

I might say that Commissioner Howe at one time, owned a very large portion of this property, even more than we do, and the Commissioner can tell you the conditions around there much better than I can. We are waiting with our improvements, and I can't understand how a man who has the interest of Newark at heart can object to the improvements in this location.

Mayor Breidenbach: Any other citizen wish to be heard in favor of this ordinance?

Commissioner Howe: Might I say a word as a citizen? I know this property. It is a very choice piece of property and I purchased over one hundred thousand dollars worth of property in that neighborhood for the Willys-Overland people, and they intended to lay out a wonderful section like Weequahic and Forrest Hill. It is ideally adopted to it. It is high and dry. It is the only residence section for the factory people down there. They had a Government Engineer there during the war and he picked out this place as very desirable.

Commissioner Raymond: I move the public hearing be closed.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brennen, Gillen, Howe, Raymond, Mayor Breidenbach.

Commissioner Raymond: This is different from where houses have been built for along time. Here are persons desirous of developing a new section in

the city, and increasing the ratables of the city and we would not be excused for not going along and encouraging a such desire. I will therefor move the adoption of the ordinance.

Commissioner Howe: There isn't another spot within a mile of that place that matches it.

There being no one else to be heard, Commissioner Raymond moved that the hearing be closed.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brennen, Gillen, Howe, Raymond, Mayor Breidenbach.
